NEO-ORTHODOXY:
A CRISIS THEOLOGY

— DR. RONALD WHEELER, JR. —

Mormon Neoorthodoxy A Crisis Theology

Steven H. Propp

Mormon Neoorthodoxy A Crisis Theology:

Mormon Neo-orthodoxy O. Kendall White, 1987 This book describes a contemporary theological development in Mormonism which I have called Mormon neo orthodoxy and examines the cultural milieu out of which it emerged Affirming the fundamental doctrines of the sovereignty of God the depravity of human nature and salvation by grace Mormon neo orthodoxy may be closer to Protestant fundamentalism and neo orthodoxy than to what I and others esteem to be traditional Mormon thought Like these Protestant movements Mormon neo oethodoxy is a response to the experience of modernity the secularization of society and culture Thus Protestant neo orthodoxy and Mormon neo orthodoxy are crisis theologies

Introduction "This Is My Doctrine": The Development of Mormon Theology Charles R. Harrell, 2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose Early Mormons like their early Christian and even earlier Israelite predecessors brought with them their own varied culturally conditioned theological presuppositions a process of convergence and only later acquired a more distinctive theological outlook a process of differentiation In this first of its kind comprehensive treatment of the development of Mormon theology Charles Harrell traces the history of Latter day Saint doctrines from the times of the Old Testament to the present He describes how Mormonism has carried on the tradition of the biblical authors early Christians and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures In the process he probes three questions How did Mormon doctrines develop What are the scriptural underpinnings of these doctrines And what do critical scholars make of these same scriptures In this enlightening study Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology This Is My Doctrine will provide those already versed in Mormonism s theological tradition with a new and richer perspective of Mormon theology Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions An Introduction to Mormonism Douglas James Davies, 2003-10-23 The Church of Jesus Christ of Latter day Saints is one of the fastest growing religious movements in the world It is highly visible with a massive missionary program yet it remains a mystery in terms of its core beliefs and theological structure This 2003 book provides an introduction to the basic history doctrines and practices of The LDS the Mormon Church Written by a non Mormon it neither seeks to prove or disprove the truthfulness of the religious claims of that faith but rather to describe them in ways that non Mormons can understand Particular emphasis is given to sacred texts and prophecies as well as to the crucial Temple rituals of endowments marriage and baptism for the dead through which human beings may achieve their divine potential This rich comparative study offers an understanding of Mormon theology and ideas of humanity The Mormon People Matthew Burton Bowman, 2012 A religious historian explores the 180 year

history of Mormonism discussing the church's origins and development its position as one of the fastest growing religions in the world and its connection to American life Science, Religion, and Mormon Cosmology Erich Robert Paul, 1992 Merrill who urged a unique vision of reality that shaped a Mormon eschatology He shows how authorities eventually retreated from the perception of reality as true and adopted a scientifically less secure position in order to protect their theology an eventuality which ultimately resulted in a reactionary response to science within Mormonism **Latter-day Saint Perspectives on Atonement** Deidre Nicole Green, Eric D. Huntsman, 2024-01-02 New approaches to a central area of Latter day Saint belief The Church of Jesus Christ of Latter day Saints and other Christians have always shared a fundamental belief in the connection between personal salvation and the suffering death and resurrection of Jesus Christ While having faith in and experiencing the atonement of Christ remains a core tenet for Latter day Saints some thinkers have in recent decades reconsidered traditional understandings of atonement Deidre Nicole Green and Eric D Huntsman edit a collection that brings together multiple and diverse approaches to thinking about Latter day Saint views on this foundational area of theology The essayists draw on and go beyond a wide range of perspectives classical atonement theories and contemporary reformulations of atonement theory The first section focuses on scriptural and historical foundations while the second concentrates on theological explorations Together the contributors evaluate what is efficacious and ethical in the Latter day Saint outlook and offer ways to reconceive those views to provide a robust theological response to contemporary criticisms about atonement Contributors Nicholas J Frederick Fiona Givens Deidre Nicole Green Sharon J Harris J B Haws Eric D Huntsman Benjamin Keogh Ariel Bybee Laughton Adam S Miller Jenny Reeder T Benjamin Spackman and Joseph M Spencer **The New Mormon Challenge** Zondervan, 2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world More than 310 000 converts annually As many as eighty percent of converts come from Protestant backgrounds In Mormon circles the saying is We baptize a Baptist church every week Within fifteen years the numbers of missionaries and converts will roughly double Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam You may know the statistics What you probably don't know are the advances the Church of Jesus Christ of Latter day Saints LDS is making in apologetics and academic respectability With superb training Mormon scholars outclass many of their opponents Arguments against Mormon claims are increasingly refuted as outdated misinformed or poorly argued The New Mormon Challenge is a response to the burgeoning challenge of scholarly Mormon apologetics Written by a team of respected Christian scholars it is free of caricature sensationalism and diatribe The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own It offers freshly researched and well documented rebuttals of Mormon truth claims Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new But The New Mormon Challenge does not merely challenge Mormon beliefs it offers the LDS Church and her members ways

to move forward The New Mormon Challenge will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith Outstanding scholarship and sound methodology make this an ideal textbook The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike Exemplifying Christian scholarship at its best The New Mormon Challenge pioneers a new genre of literature on Mormonism The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter day Saints and the authors of various books and significant articles on Mormonism With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others The New Mormon Challenge is as Richard Mouw states in his foreword an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we disagree on key points

Mormon Hermeneutics Jeffrey S. Krohn, 2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning Positively the LDS is to be applauded for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics

[The Anatomy of Book of Mormon Theology, Volume One](#) Joseph M. Spencer, 2021-11-16 Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M Spencer And of those none have devoted as much time and effort as he to a theological reading of that sacred text that is as Spencer writes how it might shape responsible thinking about questions pertaining to the life of religious commitment p 1 173 The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions Each concerns a different part of the defense of the claim that theology is and ought to be particularly important for Book of Mormon studies In this first volume Spencer gathers early essays in which he gestures toward theological interpretation without knowing how to defend it essays about why theology is important to Book of Mormon scholarship and how to ensure that it does not overstep its boundaries and essays that do theological work on the Book of Mormon in relatively obvious ways or with relatively traditional topics The last category of essays divides into two subcategories essays specifically on the central theological question of Jesus Christ s atonement as the Book of Mormon understands it and essays on a variety of traditional theological topics again as the Book of Mormon understands them

David O. McKay and the Rise of Modern Mormonism Gregory A. Prince, William Robert Wright, 2005 Focuses

primarily on the years of McKay's presidency of the Church of Jesus Christ of Latter-day Saints during some of the most turbulent times in American and world history

Mormon Studies Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees, critics, and students ever since. Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned-over District of western New York State and upper north-eastern Ohio. Others read Mormonism as an authoritarian reaction to Jacksonian democracy. Finally, some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history. This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century. It covers those who fought over Mormonism's truth or falsity, on those who tried to understand Mormonism as a religious and sociological phenomenon, and on those who explored the history of Mormonism from a more dispassionate perspective. It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized, particularly after the 1960s.

Irenaeus, Joseph Smith, and God-Making Heresy Adam J. Powell, 2015-10-30 *Irenaeus, Joseph Smith, and God-Making Heresy* seeks both to demonstrate the salience of heresy as a tool for analyzing instances of religious conflict far beyond the borders of traditional historical theology and to illuminate the apparent affinity for deification exhibited by some persecuted religious movements. To these ends, the book argues for a sociologically informed redefinition of heresy as religiously motivated opposition and applies the resulting concept to the historical cases of second-century Christians and nineteenth-century Mormons. Ultimately, *Irenaeus, Joseph Smith, and God-Making Heresy* is a careful application of the comparative method to two new religious movements, highlighting the social processes at work in their early doctrinal developments.

Contemporary Mormonism Marie Cornwall, Tim B. Heaton, Lawrence Alfred Young, 2001 *Contemporary Mormonism* is the first collection of sociological essays to focus exclusively on Mormons. Featuring the work of the major scholars conducting social science research on Mormons today, this volume offers refreshing new perspectives not only on Mormonism but also on the nature of successful religious movements, secularization, and assimilation, church growth, patriarchy, and gender roles, and other topics. This first paperback edition includes a new introduction assessing the current state of Mormon scholarship and the effect of the globalization of the LDS Church on scholarly research about Mormonism.

The Blackwell Companion to Religion in America Philip Goff, 2010-03-25 This authoritative and cutting-edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States. A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks. Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons. Explores topics ranging from religion and the media, immigration and piety, though to politics and social reform. Considers how American religion has influenced and been interpreted in literature.

and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment

The Saints of Zion Travis Kerns, 2018-10-01 The Saints of Zion is a fresh look at the history and theology of The Church of Jesus Christ of Latter day Saints Although hundreds of books have been published on this topic The Saints of Zion is an attempt to explain Latter day Saint history and beliefs from their own perspective Relying heavily on Latter day Saint sources for exploration and explanation the work s purpose is to present Latter day Saint theology in such a way that Latter day Saints would see their beliefs represented fairly and accurately After presenting a short history and exploration of beliefs the work turns to present an effective evangelistic methodology for reaching Latter day Saints with the gospel of the New Testament Jesus

Theologically Engaged Anthropology J. Derrick Lemons, 2018-08-16 After years of discussion within the field of anthropology concerning how to properly engage with theology a growing number of anthropologists now want to engage with theology as a counterpart in ethnographic dialogue Theologically Engaged Anthropology focuses on the theological history of anthropology illuminating deeply held theological assumptions that humans make about the nature of reality and illustrating how these theological assumptions manifest themselves in society This volume brings together leading anthropologists and theologians to consider what theology can contribute to cultural anthropology and ethnography It provides anthropologists and theologians with a rationale and framework for using theology in anthropological research

Another Jesus, a Different Spirit, a Different Gospel Steven H. Propp, 2011-12-13 Its the Christmas season the most wonderful time of the year for most people in River City California But for Jehovahs Witnesses Lawrence and Brad its a time for them to try to explain the truth about this holiday season to the people of the community Their earnest efforts may earn them ridicule disagreement or a door slammed rudely in their faces but they persist and are sometimes able to find a mind and heart receptive to their urgent message about Jehovahs coming Kingdom Whereas for Elders Skousen and Marshall two Latter day Saint Mormon missionaries the season is another opportunity to share their Churchs distinctive interpretation of the Christian gospel but their efforts are often rebuffed as well In the course of their work these two pairs of men engage in dialogue with traditional Christians as well as members of the Church of Christ the Community of Christ RLDS Seventh day Adventists and Oneness Pentecostals not to mention skeptics atheists and the increasing numbers of people who lack any particular religious beliefs But when a local church brings in a researcher to give a series of lectures on Cults and specifically targeting the Jehovahs Witnesses and Mormons a confrontation is ensured where theological and biblical concepts collide in a public forum Who if anyone really has the Truth Can one still discover the true meaning of Christmas in the midst of passionate disagreements over the validity of the holiday season Are objections raised about the secularization and rampant commercialism of the modern celebration valid Spend a holiday season or any other season with some interesting and intellectually stimulating characters as they explore these and other challenging questions Readers of the authors earlier novel A Multicultural Christmas will be pleased

to see a brief reappearance of two characters from that book Binding Earth and Heaven Gary Shepherd, Gordon Shepherd, 2015-06-13 In Binding Earth and Heaven Gary Shepherd and Gordon Shepherd use early nineteenth century Mormonism as a case study to examine questions about how new religious movements may as rare exceptions survive and even eventually become successful in spite of intense opposition Initial scorn and contempt for Mormonism the fledgling creation of the young Joseph Smith quickly elevated to mob violence as both Smith's innovative teachings and converted followers proliferated resulting in the widely held perception that the Mormons constituted a social menace This book examines how Mormonism attracted and maintained the loyalty of increasing numbers of people despite mounting hostilities and severe hardships The book focuses on the unique Mormon ritual and accompanying doctrinal underpinnings of patriarchal blessings Patriarchal blessings were an innovative adaptation of the Old Testament practice of fathers making quasi legal pronouncements over the heads of their sons a way of verbally conferring rights promises admonition and guidance to heirs Binding Earth and Heaven shows how the organizational complexities of this practice contributed to strengthening and sustaining member faith and fealty thereby bolstering the continuity and development of Mormonism

Excavating Mormon Pasts Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Pasts* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century **Equal Rites** Clyde R. Forsberg Jr., 2004-03-10 Both the Prophet Joseph Smith and his Book of Mormon have been characterized as ardently indeed evangelically anti Masonic Yet in this sweeping social cultural and religious history of nineteenth century Mormonism and its milieu Clyde Forsberg argues that masonry like evangelical Christianity was an essential component of Smith's vision Smith's ability to imaginatively conjoin the two into a powerful and evocative defense of Christian or Primitive Freemasonry was Forsberg shows more than anything else responsible for the meteoric rise of Mormonism in the nineteenth century This was to have significant repercussions for the development of Mormonism particularly in the articulation of specifically Mormon gender roles Mormonism's unique contribution to the Masonic tradition was its inclusion of women as active and equal participants in Masonic rituals Early Mormon dreams of empire in the Book of Mormon were motivated by a strong desire to end social and racial discord lest the country fall into the grips of civil war Forsberg demonstrates that by seeking to bring women into previously male exclusive ceremonies Mormonism offered an alternative to the male dominated sphere of the Master Mason By taking a median and mediating position between Masonry and Evangelicism Mormonism positioned itself as a religion of the people going on to become a world religion But the original intent of the Book of Mormon gave way as Mormonism moved west and the temple and polygamy indeed the quest for empire became more prevalent The

murder of Smith by Masonic vigilantes and the move to Utah coincided with a new imperialism and a new polygamy Forsberg argues that Masonic artifacts from Smith s life reveal important clues to the precise nature of his early Masonic thought that include no less than a vision of redemption and racial concord

Delve into the emotional tapestry woven by in Dive into the Emotion of **Mormon Neoorthodoxy A Crisis Theology** . This ebook, available for download in a PDF format (Download in PDF: *), is more than just words on a page; it's a journey of connection and profound emotion.
