The Study of Islamic Origins Mette Bjerregaard Mortensen,Guillaume Dye,Isaac W. Oliver,Tommaso Tesei,2021-11-08 The study of Islam s origins from a rigorous historical and social science perspective is still wanting At the same time a renewed attention is being paid to the very plausible pre canonical redactional and editorial stages of the Qur an a book whose core many contemporary scholars agree to be formed by various independent writings in which encrypted passages

from the OT Pseudepigrapha the NT Apocrypha and other ancient writings of Jewish Christian and Manichaean provenance may be found Likewise the earliest Islamic community is presently regarded by many scholars as a somewhat undetermined monotheistic group that evolved from an original Jewish Christian milieu into a distinct Muslim group perhaps much later than commonly assumed and in a rather unclear way The following volume gathers select studies that were originally shared at the Early Islamic Studies Seminar These studies aim at exploring afresh the dawn and early history of Islam with the tools of biblical criticism as well as the approaches set forth in the study of Second Temple Judaism Christian and Rabbinic origins thereby contributing to the renewed interdisciplinary study of formative Islam as part and parcel of the complex processes of religious identity formation during Late Antiquity

Scriptural Polemics Mun'im Sirry, 2014-05-01 A number of passages in the Qur'an criticize Jews and Christians from claims of exclusive salvation and charges of Jewish and Christian falsification of revelation to cautions against the taking of Jews and Christians as patrons allies or intimates Mun'im Sirry offers a novel exploration of these polemical passages which have long been regarded as obstacles to peaceable interreligious relations through the lens of twentieth century tafsir exegesis He considers such essential questions as How have modern contexts shaped Muslim reformers understanding of the Qur'an and how have the reformers interpretations recontextualized these passages Can the Qur'an's polemical texts be interpreted fruitfully for

interactions among religious communities in the modern world Sirry also reflects on the various definitions of apologetic or polemic as relevant sacred texts and analyzes reformist tafsirs with careful attention to argument literary context and rhetoric in order to illuminate the methods positions and horizons of the exegeses Scriptural Polemics provides both a critical engagement with the tafsirs and a lucid and original examination of Qur'anic language logic and dilemmas showing how the dynamic and varied reformist interpretations of these passages open the way for a less polemical approach to other religions

*The Quest of the Historical Muhammad and Other Studies on Formative Islam* Stephen J. Shoemaker, 2024-07-09 The lead essay in this book is the first effort to approach the

historical figure of Muhammad in a manner comparable to the investigations that biblical scholars have made in the effort to recover the historical figure of Jesus Using comparable methods and approaches this study demonstrates that despite a widely held belief that Islam was born in the full light of history we in fact know considerably less about both Muhammad and the beginnings of Islam than we do about the historical Jesus and the beginnings of Christianity Also included are republications of four previously published essays dealing with such topics as the Qur'an's status as a late ancient biblical apocryphon the relation between the Jerusalem Temple and the Holy House revered by the Qur'an and the imminent eschatology of the Qur'an and the early Islamic tradition      **Moses in the Qur'an and Islamic Exegesis** Brannon M.
