

MORMONS

Mormons History Culture Beliefs

**Ronald Warren Walker, David J.
Whittaker, James B. Allen**

Mormons History Culture Beliefs:

Mormons Pat Bagley, 2004-11-01 Acclaimed as the best introduction to Mormonism available this wonderful book paints a reliable and informative portrait of the world's fastest growing religion and its people Learn about Joseph Smith and the founding of the Church Brigham Young and the trek west and of course The Osmond Family Generously illustrated with dozens of color photos and art this delightful book is perfect for tourists students or those who are simply curious Covering everything from the sacred temples doctrine to the silly green Jell O glass grapes *Mormons* is bound to be a classic

Mormons, 2005 *Mormon History* Ronald Warren Walker, David J. Whittaker, James B. Allen, 2001 **The Mormon People** Matthew Bowman, 2012-08-28 From one of the brightest of the new generation of Mormon studies scholars comes a crisp engaging account of the religion's history The Wall Street Journal With Mormonism on the nation's radar as never before religious historian Matthew Bowman has written an essential book that pulls back the curtain on more than 180 years of Mormon history and doctrine He recounts the church's origins and explains how the Mormon vision has evolved and with it the esteem in which Mormons have been held in the eyes of their countrymen Admired on the one hand as hardworking paragons of family values Mormons have also been derided as oddballs and persecuted as polygamists heretics and zealots The place of Mormonism in public life continues to generate heated debate yet the faith has never been more popular One of the fastest growing religions in the world it retains an uneasy sense of its relationship with the main line of American culture Mormons will surely play an even greater role in American civic life in the years ahead *The Mormon People* comes as a vital addition to the corpus of American religious history a frank and balanced demystification of a faith that remains a mystery for many Fascinating and fair minded a sweeping soup to nuts primer on Mormonism The Boston Globe A cogent judicious and important account of a faith that has been an important element in American history but remained surprisingly misunderstood Michael Beschloss A thorough stimulating rendering of the Mormon past and present Kirkus Reviews A smart lucid history Tom Brokaw **Religion and American Cultures** Gary Laderman, Luis León, 2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of *Religion and American Cultures Tradition Diversity and Popular Expression* presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren't largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the nones those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America

s multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11 2001 The fourth volume is devoted to complementary primary source documents

Mormon Studies Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism s truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s

The New Mormon Challenge Zondervan, 2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world More than 310 000 converts annually As many as eighty percent of converts come from Protestant backgrounds In Mormon circles the saying is We baptize a Baptist church every week Within fifteen years the numbers of missionaries and converts will roughly double Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam You may know the statistics What you probably don t know are the advances the Church of Jesus Christ of Latter day Saints LDS is making in apologetics and academic respectability With superb training Mormon scholars outclass many of their opponents Arguments against Mormon claims are increasingly refuted as outdated misinformed or poorly argued The New Mormon Challenge is a response to the burgeoning challenge of scholarly Mormon apologetics Written by a team of respected Christian scholars it is free of caricature sensationalism and diatribe The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own It offers freshly researched and well documented rebuttals of Mormon truth claims Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new But The New Mormon Challenge does not merely challenge Mormon beliefs it offers the LDS Church and her members ways to move forward The New Mormon Challenge will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview Whether you are

sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith Outstanding scholarship and sound methodology make this an ideal textbook The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike Exemplifying Christian scholarship at its best The New Mormon Challenge pioneers a new genre of literature on Mormonism The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter day Saints and the authors of various books and significant articles on Mormonism With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others The New Mormon Challenge is as Richard Mouw states in his foreword an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we disagree on key points *Mormons in American Politics* Luke Perry, Christopher Cronin, 2012-10-17 This book provides a comprehensive explanation of how the Mormons have transformed from a hated and persecuted fringe group to a well established world religion with viable candidates for all levels of American government The Mormon tradition is unfamiliar and mysterious to most Americans outside of the religion and understandably generates much curiosity *Mormons in American Politics From Persecution to Power* provides an intellectual foundation of Mormon development and emergence in politics comprehensively examining significant issues and developments from historical theological cultural and modern perspectives The work analyzes diverse contemporary topics including Mormons in popular culture Mormon understandings of the Constitution the Mormon welfare program Mormon opposition to same sex marriage and the global expansion of Mormonism The book is ideal for scholars and students of American politics history and culture Mormon studies religious studies and religion and politics as well as general readers who are interested in Mormon religion and culture or the rise of Mormon figures in mainstream American politics *Believing History* Richard Lyman Bushman, 2007-02-13 The eminent historian Richard Bushman here reflects on his faith and the history of his religion By describing his own struggle to find a basis for belief in a skeptical world Bushman poses the question of how scholars are to write about subjects in which they are personally invested Does personal commitment make objectivity impossible Bushman explicitly and at points confessionally explains his own commitments and then explores Joseph Smith and the Book of Mormon from the standpoint of belief Joseph Smith cannot be dismissed as a colorful fraud Bushman argues nor seen only as a restorer of religious truth Entangled in nineteenth century Yankee culture including the skeptical Enlightenment Smith was nevertheless an original who cut his own path And while there are multiple contexts from which to draw an understanding of Joseph Smith including magic seekers the Second Great Awakening communitarianism restorationism and more Bushman suggests that Smith stood at the cusp of modernity and presented the possibility of belief in a time of growing skepticism When examined carefully the Book of Mormon is found to have intricate subplots and peculiar cultural twists Bushman discusses the book s ambivalence

toward republican government explores the culture of the Lamanites the enemies of the favored people and traces the book's fascination with records translation and history Yet *Believing History* also sheds light on the meaning of Joseph Smith and the Book of Mormon today How do we situate Mormonism in American history Is Mormonism relevant in the modern world *Believing History* offers many surprises Believers will learn that Joseph Smith is more than an icon and non-believers will find that Mormonism cannot be summed up with a simple label But wherever readers stand on Bushman's arguments he provides us with a provocative and open look at a believing historian studying his own faith

Religion and the American West

Jessica Lauren Nelson, 2023-09-01 *Religion and the American West* offers a lavishly illustrated and comprehensive overview of the ways religion has shaped the idea of the American West and how the region has influenced broader religious and racial categories Starting when the concept of the American West emerged in the early 1800s and continuing the analysis through modern times *Religion and the American West* explores the interplay between a wide range of American belief systems from established world religions to new spiritual innovations A stunning selection of material and print culture illustrates the varied range of religious expressions across the history of the American West Taken as a whole the contributors challenge longstanding definitions of the American West and provide a new narrative that recenters our attention on the lived experiences of diverse peoples and communities It also serves as the companion publication for the exhibition *Acts of Faith* opening fall 2023 at the New York Historical Society *Religion and the American West* is a story of vibrant innovation and tragic conflict showcasing how historical actors and modern day readers wrestle with the meaning of religious belief in the American West

Arizona Malcolm L. Comeaux, 2019-03-14 This systematic study of the geography of Arizona emphasizes the relationship between the human population and the environment the patterns of human activities and their effects on the landscape Dr Comeaux introduces Arizona's physical features then traces its history from the time of the early Indians A discussion of the state's contemporary population and the rapid growth of its cities is followed by a geographic approach to a number of key topics Arizona's industries manufacturing mining agriculture lumber ranching and tourism water and land use and recreation

The Palgrave Handbook of Global Mormonism

R. Gordon Shepherd, A. Gary Shepherd, Ryan T. Cragun, 2020-11-12 This handbook explores contemporary Mormonism within a global context The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter-day Saints has penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What does it mean to be a Latter-day Saint in different world regions What is the faith's appeal to converts in these places What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the treatment of

LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa

Mormon Women's History Rachel Cope, Amy Easton-Flake, Keith A. Erikson, Lisa Olsen Tait, 2017-11-29 Mormon Women's History Beyond Biography demonstrates that the history and experience of Mormon women is central to the history of Mormonism and to histories of American religion politics and culture Yet the study of Mormon women has mostly been confined to biographies family histories and women's periodicals The contributors to Mormon Women's History engage the vast breadth of sources left by Mormon women journals diaries letters family histories and periodicals as well as art poetry material culture theological treatises and genealogical records to read between the lines reconstruct connections recover voices reveal meanings and recast stories Mormon Women's History presents women as incredibly inter connected Familial ties of kinship are multiplied and stretched through the practice and memory of polygamy social ties of community are overlaid with ancestral ethnic connections and local congregational assignments fictive ties are woven through shared interests and collective memories of violence and trauma Conversion to a new faith community unites and exposes the differences among Native Americans Yankees and Scandinavians Lived experiences of marriage motherhood death mourning and widowhood are played out within contexts of expulsion and exile rape and violence transnational immigration establishing civilization in a wilderness and missionizing both to new neighbors and far away peoples Gender defines limits and opens opportunities for private expression public discourse and popular culture Cultural prejudices collide with doctrinal imperatives against backdrops of changing social norms emerging professional identities and developing ritualization and sacralization of lived religion The stories experiences and examples explored in Mormon Women's History are neither comprehensive nor conclusive but rather suggestive of the ways that Mormon women's history can move beyond individual lives to enhance and inform larger historical narratives

The Oxford Handbook of Mormonism Terryl Givens, Philip L. Barlow, 2015 For this handbook Terryl Givens and Philip Barlow two leading scholars of Mormonism have brought together other top people in the field to construct a collection of essays that offers a comprehensive overview of scholarship on Mormons

American Sociology of Religion Anthony J. Blasi, 2007 First ever collection of histories of American sociology of religion including accounts of early dissertations changes in theory and studies of denominations globalization feminism new religions and Latino a American religion

Understanding Your Mormon Neighbor Ross Anderson, 2011-09-20 In Understanding Your Mormon Neighbor Ross Anderson seeks to help Christians relate to Latter day Saints by giving insights into Mormon life and culture Anderson's work is supported both by his lifetime of experiences growing up Mormon and by current research that utilizes many Latter day Saints own sources This book explains core stories that form the Mormon worldview experiences that shape the community identity of Mormonism and how Mormons understand truth Anderson shares how most Mormons see themselves and others around them illuminating why people join the LDS Church and why many eventually leave Latter day Saints will find the descriptions

of their values practices and experiences both credible and familiar Understanding Your Mormon Neighbor suggests how Christians can befriend Latter day Saints with confidence and sensitivity and share the grace of God wisely within their relationships Anderson includes discussion questions for individuals and small groups black and white photographs and charts and an appendix that includes Are Mormons Christians and Should I Vote for a Mormon

Mormonism and American Politics Randall Balmer,Jana Riess,2015-12-08 When Joseph Smith ran for president as a radical protest candidate in 1844 Mormons were a deeply distrusted group in American society and their efforts to enter public life were met with derision When Mitt Romney ran for president as a Republican in 2008 and 2012 the public had come to regard Mormons as consummate Americans patriotic family oriented and conservative How did this shift occur In this collection prominent scholars of Mormonism including Claudia L Bushman Richard Lyman Bushman Jan Shipps and Philip L Barlow follow the religion s quest for legitimacy in the United States and its intersection with American politics From Brigham Young s skirmishes with the federal government over polygamy to the Mormon involvement in California s Proposition 8 contributors combine sociology political science race and gender studies and popular culture to track Mormonism s rapid integration into American life The book takes a broad view of the religion s history considering its treatment of women and African Americans

and its portrayal in popular culture and the media With essays from both Mormon and non Mormon scholars this anthology tells a big picture story of a small sect that became a major player in American politics

The Enigmatic Realm of **Mormons History Culture Beliefs**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Mormons History Culture Beliefs** a literary masterpiece penned by a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
