# Mormons In Early Victorian Britain

**Scott Mandelbrote, Michael Ledger-Lomas**

## **Mormons In Early Victorian Britain:**

**Mormons in Early Victorian Britain** Richard L. Jensen,1989 A collection of essays which will contribute to an understanding of varying factors that help account for church growth in England Wales and Scotland Introd The Millenarian World of Early Mormonism Grant Underwood,1999-01-15 The most detailed study yet of early Mormon thought about the end times The Millenarian World of Early Mormonism shows how Mormon views of Christ s imminent second coming exerted a profound influence on Mormonism between 1830 and 1846 By exploring how early LDS interpretation of the Bible and the Book of Mormon affected and was affected by Mormon millennial doctrines Grant Underwood provides the first comprehensive linkage of the history of early Mormonism and millennial thought He also probes LDS perceptions of the institutions and values prevalent before the Civil War reassessing Mormonism s relationship to the dominant culture and placing Mormon millennial thought in the broader context of Judeo Christian ideas about the end of the world **Mormon History** Ronald Warren Walker,David J. Whittaker,James B. Allen,2001 Historical Dictionary of Mormonism Davis Bitton,Thomas G. Alexander,2008-10-23 Clearing up many of the misconceptions held about Mormonism and its members the third edition of the Historical Dictionary of Mormonism expands on the second edition and includes hundreds of cross referenced dictionary entries on crucial persons organizations churches beliefs and events *Religion in Victorian Britain* Gerald Parsons,John Wolffe,1988 Provides an expansion of the first four volumes containing both specially written essays and a related compilation of primary sources drawn from the writings of the day The text explores the wider context of religion in Victorian Britain both in relation to the development of the Empire and its consequences The introduction sets the scene and also provides an overview of scholarship on Victorian religion in the years since the first four volumes were published in 1988 Dissent and the Bible in Britain, c.1650-1950 Scott Mandelbrote,Michael Ledger-Lomas,2013-10-31 The claim that the Bible was the Christian s only rule of faith and practice has been fundamental to Protestant dissent Dissenters first braved persecution and then justified their adversarial status in British society with the claim that they alone remained true to the biblical model of Christ s Church They produced much of the literature that guided millions of people in their everyday reading of Scripture while the voluntary societies that distributed millions of Bibles to the British and across the world were heavily indebted to Dissent Yet no single book has explored either what the Bible did for dissenters or what dissenters did to establish the hegemony of the Bible in British culture The protracted conflicts over biblical interpretation that resulted from the bewildering proliferation of dissenting denominations have made it difficult to grasp their contribution as a whole This volume evokes the great variety in the dissenting study and use of the Bible while insisting on the factors that gave it importance and underlying unity Its ten essays range across the period from the later seventeenth to the mid twentieth century and make reference to all the major dissenting denominations of the United Kingdom The essays are woven together by a thematic introduction which places the Bible at the centre of dissenting ecclesiology eschatology public worship and

family religion while charting the political and theological divisions that made the cry of the Bible only so divisive for dissenters in practice

**Mormon Women's History** Rachel Cope, Amy Easton-Flake, Keith A. Erekson, Lisa Olsen Tait, 2017-11-29 *Mormon Women's History Beyond Biography* demonstrates that the history and experience of Mormon women is central to the history of Mormonism and to histories of American religion politics and culture Yet the study of Mormon women has mostly been confined to biographies family histories and women's periodicals The contributors to *Mormon Women's History* engage the vast breadth of sources left by Mormon women journals diaries letters family histories and periodicals as well as art poetry material culture theological treatises and genealogical records to read between the lines reconstruct connections recover voices reveal meanings and recast stories *Mormon Women's History* presents women as incredibly inter connected Familial ties of kinship are multiplied and stretched through the practice and memory of polygamy social ties of community are overlaid with ancestral ethnic connections and local congregational assignments fictive ties are woven through shared interests and collective memories of violence and trauma Conversion to a new faith community unites and exposes the differences among Native Americans Yankees and Scandinavians Lived experiences of marriage motherhood death mourning and widowhood are played out within contexts of expulsion and exile rape and violence transnational immigration establishing civilization in a wilderness and missionizing both to new neighbors and far away peoples Gender defines limits and opens opportunities for private expression public discourse and popular culture Cultural prejudices collide with doctrinal imperatives against backdrops of changing social norms emerging professional identities and developing ritualization and sacralization of lived religion The stories experiences and examples explored in *Mormon Women's History* are neither comprehensive nor conclusive but rather suggestive of the ways that Mormon women's history can move beyond individual lives to enhance and inform larger historical narratives

**The Mormon Experience** Leonard J. Arrington, Davis Bitton, 1992 The best history of the Latter Day Saints addressed to a general audience now includes a new preface an epilogue and a bibliographical afterword This is without a doubt the definitive Mormon history *Library Journal*

*Nineteenth-Century Religion, Literature and Society* Naomi Hetherington, Clare Stainthorp, 2020-12-14 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces

**Powers of Good and Evil** Paul Clough, Jon P. Mitchell, 2001-06-01 A key theme in the anthropology of beliefs is the relationship between socio economic change and changes in the belief system It has been

widely argued that rapid economic change particularly the introduction of capitalism leads to an increase in beliefs in and representations of evil and the devil These beliefs it is argued constitute forms of resistance to or rejection of modernity This volume builds on these arguments suggesting that rather than an indigenous resistance to capitalism such representations signal a profound moral ambivalence towards the socio economic process inherent in capitalist economy Using a range of examples from Surinamese zombies to American horror films it demonstrates the extent to which evil imagery is linked to a fear of excess particularly in situations where people find themselves or perceive themselves to be peripheral to the centers of political economic and cultural power

**Britons to America** Mario Varricchio, 2025-04-29 This book breaks new ground in the study of British emigration to the United States from the 1860s to the 1930s through the analysis of interviews with English Scottish and Welsh emigrants collected during the Great Depression era by the Federal Writers Project and mainly from the 1990s by the Ellis Island Museum fieldworkers These sources shed light on a period of massive emigration from Great Britain the first three decades of the twentieth century and the Great Depression age which has largely been neglected by researchers The volume traces the experiences of the men and women who left for America by dwelling upon the pre emigration emigration proper and post emigration phases and identifies common aspects in Britons migratory experience along with differences due to age gender and nationality The author puts to the test the widespread notions of British immigrants economic success and cultural invisibility in America and reveals evidence which clearly challenges the image of Britons as successful immigrants who blended into American society relatively quickly and easily The book will appeal to scholars researchers students and general readers in the fields of British history American history oral history and migration

*Rescuing Beefsteak: The Story of a Pragmatic Pioneer Idealist* Myron Crandall Harrison, 2018-03-08 Fourteen year old George Harrison emigrated from England to Utah in 1856 He was part of a Mormon family relocating to Zion for both religious and economic reasons The young man suffering from malaria and extreme food shortages in the Martin Handcart Company abandoned his family and spent a winter with a compassionate Indian family that saved him from starvation Soon after at Fort Laramie Harrison served as a civilian cook for an army surgeon He accompanied troops during the march into Salt Lake City in 1858 and cooked at Camp Floyd Upon the camp s closure in 1861 he cooked at an Overland Stage and Pony Express station George Harrison subsequently worked as a freighter and served in the Black Hawk War In mid life he built a small restaurant and hotel in Springville Utah Harrison s cooking singing and story telling attracted drummers traveling salesmen who gave the restaurateur the name of Beefsteak because of the quality of his steaks

*Ports to Posts* Fred E. Woods, 2025 Fred E Woods augments the traditional overland history of Latter day Saint migrations to Salt Lake City via handcart and wagon by detailing the arduous migrations of religious converts by ships and trains

**From Above and Below** Craig Livingston, 2013-06-01 2014 Best International Book Award Mormon History Association For the first century of their church s existence Mormon observers of international events studied and cheered global revolutions as a religious

exercise As believers in divine human co agency many prominent Mormons saw global revolutions as providential precursors to the imminent establishment of the terrestrial kingdom of God French Revolutionary symbolism socialist critiques of industrialism American Indian nationalism and Wilsonian internationalism all became the raw materials of Mormon millennial theologies which were sometimes barely distinguishable from secular utopianism Many Mormon thinkers accepted secular revolutionary arguments that the old world order needed to be destroyed not merely reformed to clear the way for the new In From Above and Below author Craig Livingston tells the story of Mormon commentary on global revolutions from the European revolutions of 1848 to the collapse of Mormon faith in progress in the 1930s when revolutionary communist and fascist regimes exposed themselves as violent and repressive As the Church bureaucratized and assimilated to mainstream American and capitalist values Mormons became champions of the conservative view of political and social development for which they are known today The first Mormon converts in Mexico and France both political radicals would scarcely recognize the arch conservative twenty first century Church *Historical Dictionary of the Latter-day Saints* Thomas G.

Alexander,Davis Bitton,2019-10-08 The Church of Jesus Christ of Latter day Saints is a Christian church that was organized by six men in western New York in 1830 under the leadership of Joseph Smith the church has grown to more than 16 million members today A restoration of the primitive church organized by Jesus Christ in the first century C E the church s membership was originally all Americans The church is now however a worldwide church with more members who live outside the United States than inside The fourth edition of *Historical Dictionary of the Latter day Saints* contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on the important people ideas doctrine and events during the hundred ninety year history of The Church of Jesus Christ of Latter day Saints This book is an excellent resource for students researchers and anyone wanting to know more about The Church of Jesus Christ of Latter day Saints **Bedford's Victorian Pilgrim** Michael Brealey,2014-07-08 A close reading of the life and letters of William Hale White shows that some misunderstandings have arisen in the interpretation of this important figure The book offers such significant issues as doubt loss of faith and crises over vocation and church This work represents a revisionist approach to William Hale White It corrects previous studies at some important points questions existing interpretations and employs new theoretical strategies alongside fresh research in primary sources **The A to Z of**

**Mormonism** Davis Bitton,Thomas G. Alexander,2009-11-25 Mormonism is the unofficial name for The Church of Jesus Christ of Latter Day Saints which originated in the early 1800s Mormonism refers to the doctrines taught by Joseph Smith doctrines that are believed to be original gospel preached by Jesus Christ The Mormons oppose abortion homosexuality unmarried sexual acts pornography gambling tobacco consuming alcohol tea coffee and the use of drugs Despite its relatively young age the Mormon Church continues to grow and today it contains about 13 million members The A to Z of Mormonism relates the history of the Mormon church through a chronology an introductory essay a bibliography and hundreds of cross referenced

dictionary entries on crucial persons organizations churches beliefs and events Clearing up many of the misconceptions held about Mormonism and its members this is an essential reference *Nineteenth-Century Religion, Literature and Society* Rebecca Styler,2020-12-14 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion This first volume looks at Traditions offering an overview of the different religious traditions and denominations present in Britain during this period *Faith and Betrayal* Sally Denton,2007-12-18 In the 1850s Jean Rio a deeply spiritual widow was moved by the promises of Mormon missionaries and set out from England for Utah Traveling across the Atlantic by steamer up the Mississippi by riverboat and westward by wagon Rio kept a detailed diary of her extraordinary journey In *Faith and Betrayal* Sally Denton an award winning journalist and Rio s great great granddaughter uses the long lost diary to re create Rio s experience While she marvels at the great natural beauty of Utah Rio s enthusiasm for her new life turns to disillusionment over Mormon polygamy and violence against nonbelievers as well as the harshness of frontier life She sets out for California where she finds a new religion and the freedom she longed for Unusually intimate and full of vivid detail this is an absorbing story of a quintessential American pioneer Joseph Smith Richard Lyman Bushman,2007-12-18 Founder of the largest indigenous Christian church in American history Joseph Smith published the 584 page Book of Mormon when he was twenty three and went on to organize a church found cities and attract thousands of followers before his violent death at age thirty eight Richard Bushman an esteemed cultural historian and a practicing Mormon moves beyond the popular stereotype of Smith as a colorful fraud to explore his personality his relationships with others and how he received revelations An arresting narrative of the birth of the Mormon Church *Joseph Smith Rough Stone Rolling* also brilliantly evaluates the prophet s bold contributions to Christian theology and his cultural place in the modern world
