Morocco Modern:

A History of Modern Morocco Susan Gilson Miller, 2013-04-15 Morocco is notable for its stable and durable monarchy its close ties with the West its vibrant cultural life and its centrality to regional politics This book by distinguished historian Susan Gilson Miller offers a richly documented survey of modern Moroccan history Arguing that pragmatism rather than ideology has shaped the monarchy's response to crisis the book begins with the French invasion of Algeria in 1830 and Morocco's abortive efforts at reform the duel with colonial powers and the loss of independence in 1912 the burdens and benefits of France's forty four year dominion and the stunning success of the nationalist movement leading to independence in 1956 In the post independence era the book traces the monarchy's gradual monopolization of power and the resulting political paralysis with a postscript bringing events up to 2012 This concise readable book will inform and enthral students and all those searching for the background to present day events in the region **Morocco Modern** Herbert J. Sufism in Morocco's Religious Politics John C. Thibdeau,2023-07-25 This book outlines the role of Sufism in Moroccan politics in the twenty first century through a comparative study of contemporary Sufi organizations The author begins his analysis by highlighting the strategies employed by the Moroccan state over the past twenty years aimed at regulating and producing an authorized Moroccan Islam in the kingdom Despite these policies of spiritual security and spiritual diplomacy including the state sponsorship of Sufi organizations the author argues that this has not decreased diversity nor produced a banal interpretation of Islam but rather given rise to diverse articulations and performances of this religiosity Through a comparative analysis of three Sufi organizations based on eighteen months of fieldwork two of which have never before been studied the author brings into relief the spaces of creative enactment of Sufism as an ethical tradition

Ultimately it is argued that each Sufi organization reflects a different refraction of i s n a concept emphasising the cultivation of public piety which underpins the Moroccan state s formulation of Islam Focused on both theoretical contributions to Islamic studies and topical treatments of geopolitical issues like spiritual diplomacy the Western Sahara and Morocco Algeria the book spans multiple disciplines including anthropology religious studies sociology and political science *A History of Modern Morocco* Susan Gilson Miller,2012 A richly documented survey of modern Moroccan history that will enthrall those searching for the background to present day events in the region
