Morris R Cohen And The Scientific Ideal:

Morris R. Cohen and the Scientific Ideal David A. Hollinger, 1975 **Morris R. Cohen and the Scientific Ideal** David Albert Hollinger, 1970 **Science, Jews, and Secular Culture** David A. Hollinger, 1998-12-20 This remarkable group of essays describes the culture wars that consolidated a new secular ethos in mid twentieth century American academia and generated the fresh energies needed for a wide range of scientific and cultural enterprises Focusing on the decades from the 1930s through the 1960s David Hollinger discusses the scientists social scientists philosophers and historians who fought the Christian biases that had kept Jews from fully participating in American intellectual life Today social critics take for granted the comparatively open outlook developed by these men and men they were mostly and charge that their cosmopolitanism was not sufficiently multicultural Yet Hollinger shows that the liberal cosmopolitans of the mid century generation defined themselves against the realities of their own time McCarthyism Nazi and Communist doctrines a legacy of anti Semitic quotas and both Protestant and Catholic versions of the notion of a Christian America The victory of liberal cosmopolitans was so sweeping by the 1960s that it has become easy to forget the strength of the enemies they fought Most books addressing the emergence of Jewish intellectuals celebrate an illustrious cohort of literary figures based in New York City But the pieces collected here explore the long postponed acceptance of Jewish immigrants in a variety of settings especially the social science and humanities faculties of major universities scattered across the country Hollinger acknowledges the limited rather parochial sense of mankind that informed some mid century thinking but he also inspires in the reader an appreciation for the integrationist aspirations of a society truly striving toward equality His cast of characters includes Vannevar Bush James B Conant Richard Hofstadter Robert K Merton Lionel Trilling and J Robert Oppenheimer **Speaking of Jews** Lila Corwin Berman, 2009-03-10 Lila Corwin Berman asks why over the course of the twentieth century American Jews became increasingly fascinated even obsessed with explaining themselves to their non Jewish neighbors What she discovers is that language itself became a crucial tool for Jewish group survival and integration into American life Berman investigates a wide range of sources radio and television broadcasts bestselling books sociological studies debates about Jewish marriage and intermarriage Jewish missionary work and more to reveal how rabbis intellectuals and others created a seemingly endless array of explanations about why Jews were indispensable to American life Even as the content of these explanations developed and shifted over time the very project of self explanation would become a core element of Jewishness in the twentieth century *The Yale Biographical Dictionary of American Law* Roger K. Newman, 2009-01-01 This book is the first to gather in a single volume concise biographies of the most eminent men and women in the history of American law Encompassing a wide range of individuals who have devised replenished expounded and explained law The Yale Biographical Dictionary of American Law presents succinct and lively entries devoted to more than 700 subjects selected for their significant and lasting influence on American law Casting a wide net editor Roger K Newman includes individuals from

around the country from colonial times to the present encompassing the spectrum of ideologies from left wing to right and including a diversity of racial ethnic and religious groups Entries are devoted to the living and dead the famous and infamous many who upheld the law and some who broke it Supreme Court justices private practice lawyers presidents professors journalists philosophers novelists prosecutors and others the individuals in the volume are as diverse as the nation itself Entries written by close to 600 expert contributors outline basic biographical facts on their subjects offer well chosen anecdotes and incidents to reveal accomplishments and include brief bibliographies Readers will turn to this dictionary as an authoritative and useful resource but they will also discover a volume that delights and entertains Listed in The Yale Biographical Dictionary of American Law John Ashcroft Robert H Bork Bill Clinton Ruth Bader Ginsburg Patrick Henry J Edgar Hoover James Madison Thurgood Marshall Sandra Day O Connor Janet Reno Franklin D Roosevelt Julius and Ethel Rosenberg John T Scopes O J Simpson Alexis de Tocqueville Scott Turow And more than 700 others **Science,**

Democracy, and the American University Andrew Jewett, 2014-05-01 This book reinterprets the rise of the natural and social sciences as sources of political authority in modern America Andrew Jewett demonstrates the remarkable persistence of a belief that the scientific enterprise carried with it a set of ethical values capable of grounding a democratic culture a political function widely assigned to religion The book traces the shifting formulations of this belief from the creation of the research universities in the Civil War era to the early Cold War years It examines hundreds of leading scholars who viewed science not merely as a source of technical knowledge but also as a resource for fostering cultural change This vision generated surprisingly nuanced portraits of science in the years before the military industrial complex and has much to teach us today about the relationship between science and democracy [The Bloomsbury Encyclopedia of Philosophers in America](#)

John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history **Pursuing the Unity of Science** Harmke Kamminga, Geert Somsen, 2016-05-20 From 1918 to the late

1940s a host of influential scientists and intellectuals in Europe and North America were engaged in a number of far reaching unity of science projects In this period of deep social and political divisions scientists collaborated to unify sciences across disciplinary boundaries and to set up the international scientific community as a model for global political co operation They strove to align scientific and social objectives through rational planning and to promote unified science as the driving force of human civilization and progress This volume explores the unity of science movement providing a synthetic view of its pursuits and placing it in its historical context as a scientific and political force Through a coherent set of original case studies looking at the significance of various projects and strategies of unification the book highlights the great variety of manifestations of this endeavour These range from unifying nuclear physics to the evolutionary synthesis and from the democratization of scientific planning to the utopianism of H G Wells s world state At the same time the collection brings out the substantive links between these different pursuits especially in the form of interconnected networks of unification and the alignment of objectives among them Notably it shows that opposition to fascism using the instrument of unified science became the most urgent common goal in the 1930s and 1940s In addressing these issues the book makes visible important historical developments showing how scientists participated in and actively helped to create an interwar ideology of unification and bringing to light the cultural and political significance of this enterprise

The Pragmatism and Prejudice of Oliver Wendell Holmes Jr. Seth Vannatta, 2019-06-26 This book investigates the extent to which various scholarly labels are appropriate for the work of Oliver Wendell Holmes Jr As Louis Menand wrote Holmes has been called a formalist a positivist a utilitarian a realist a historicist a pragmatist not to mention a nihilist Each of the eight chapters investigates one label analyzes the secondary texts that support the use of the term to characterize Holmes s philosophy and takes a stand on whether or not the category is appropriate for Holmes by assessing his judicial and nonjudicial publications including his books articles and posthumously published correspondences The thrust of the collection as a whole nevertheless bends toward the stance that Holmes is a pragmatist in his jurisprudence ethics and politics The final chapter by Susan Haack makes that case explicitly Edited by Seth Vannatta this book will be of particular interest to students and faculty working in law jurisprudence philosophy intellectual history American Studies political science and constitutional theory

The End of American Innocence Henry Farnham May, 1992 An historical account of the political and intellectual atmosphere of the USA in the early 20th century which contends that the old order was being challenged and altered long before World War I The study examines the ideas and literature of the periods before and after the War

Works about John Dewey, 1886-1995

Barbara Levine, 1996 Although she has devised a new format for this bibliography Barbara Levine has included most of the materials published in the two editions of the Checklist of Writings about John Dewey Material new to this volume includes recently discovered items published during the ninety years covered by the Checklist as well as items published since 1977 Because certain studies at best have only marginal value or because they can be obtained through ordinary library research

tools Levine has deleted some classes of material that appeared in the 1974 and 1978 Checklist editions primary sources with only brief references to Dewey the entire section entitled Unpublished Works about Dewey which included theses dissertations and papers presented at meetings and Educational Resources Information Center ERIC documents Levine has included all of the material published about Dewey during the 108 years between 1886 and 1994 and has included many 1995 items as well She has verified all items and whenever possible obtained copies She has discovered hundreds of items omitted from the second edition of the Checklist and has augmented the current bibliography by nearly two thousand items published since 1977 The bibliography is divided into four parts The first Books and Articles about Dewey lists works alphabetically by author Replies and responses to articles immediately follow the work cited The Reviews of Dewey's Works lists titles alphabetically Reviews are grouped alphabetically by journal under the Dewey work reviewed The Author Index includes multiple authors and editors authors of replies and responses and reviewers of works both by and about Dewey The Title Key Word Index lists key words from most titles and subtitles The CD ROM version of Works about John Dewey contains both Windows and Macintosh formats and provides increased search capabilities *John Henry Wigmore and the Rules of Evidence* Andrew Porwancher, 2017-06-30 Honorable Mention 2017 Scribes Book Award The American Society of Legal Writers At the dawn of the twentieth century the United States was reeling from the effects of rapid urbanization and industrialization Time honored verities proved obsolete and intellectuals in all fields sought ways to make sense of an increasingly unfamiliar reality The legal system in particular began to buckle under the weight of its anachronism In the midst of this crisis John Henry Wigmore dean of the Northwestern University School of Law single handedly modernized the jury trial with his 1904 5 Treatise on Evidence an encyclopedic work that dominated the conduct of trials In so doing he inspired generations of progressive jurists among them Oliver Wendell Holmes Jr Benjamin Cardozo and Felix Frankfurter to reshape American law to meet the demands of a new era Yet Wigmore's role as a prophet of modernity has slipped into obscurity This book provides a radical reappraisal of his place in the birth of modern legal thought **Intellectuals in Action** Kevin Mattson, 2007-08-09 Born in 1966 a generation removed from the counterculture Kevin Mattson came of political age in the conservative Reagan era In an effort to understand contemporary political ambivalence and the plight of radicalism today Mattson looks back to the ideas that informed the protest social movements and activism of the 1960s To accomplish its historical reconstruction the book combines traditional intellectual biography including thorough archival research with social history to examine a group of intellectuals whose thinking was crucial in the formulation of New Left political theory These include C Wright Mills the popular radical sociologist Paul Goodman a practicing Gestalt therapist and anarcho pacifist William Appleman Williams the historian and famed critic of American empire Arnold Kaufman a radical liberal who deeply influenced the thinking of the SDS The book discusses not only their ideas but also their practices from writing pamphlets and arranging television debates to forming left leaning think tanks and organizing teach ins protesting

the Vietnam War Mattson argues that it is this political engagement balanced with a commitment to truth telling that is lacking in our own age of postmodern acquiescence Challenging the standard interpretation of the New Left as inherently in conflict with liberalis Mattson depicts their relationship as more complicated pointing to possibilities for a radical liberalism today Intellectual and social historians as well as general readers either fascinated by the 1960s protest movements or actively seeking an alternative to our contemporary political malais will embrace Mattson s book and its promise to shed new light on a time period known for both its intriguing conflicts and its enduring consequences **Carl Sagan** Keay

Davidson,2000-09-01 A penetrating mesmerizing biography of a scientific icon Absolutely fascinating Davidson has done a remarkable job Sir Arthur C Clarke Engaging accessible carefully documented sophisticated Dr David Hollinger for The New York Times Book Review Entertaining Davidson treats the nuances of Sagan s complex life with understanding and sympathy The Christian Science Monitor Excellent Davidson acts as a keen critic to Sagan s works and their vast uncertainties Scientific American A fascinating book about an extraordinary man Johnny Carson Davidson an award winning science writer has written an absorbing portrait of this Pied Piper of planetary science Davidson thoroughly explores Sagan s science wrestles with his politics and plumbs his personal passions with a telling instinct for the revealing underside of a life lived so publicly Los Angeles Times Carl Sagan was one of the most celebrated scientists of this century the handsome and alluring visionary who inspired a generation to look to the heavens and beyond His life was both an intellectual feast and an emotional rollercoaster Based on interviews with Sagan s family and friends including his widow Ann Druyan his first wife acclaimed scientist Lynn Margulis and his three sons as well as exclusive access to many personal papers this highly acclaimed life story offers remarkable insight into one of the most influential provocative and beloved figures of our time a complex contradictory prophet of the Space Age **American Studies** Jack Salzman,American Studies

Association,1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 *Studies in Contemporary Jewry* Eli Lederhendler,2001-12-20 Bringing together contributions from established scholars as well as promising younger academics the seventeenth volume of this established series offers a broad ranging view of why Judaism a religion whose observance is more honored in the breach in most western Jewish communities has garnered attention authority and controversy in the late

twentieth century The volume considers the ways in which theological writings sweeping social change individual or small group needs and intra communal diversity have re energized Judaism even amidst secular trends in America and Israel

Santayana, Pragmatism, and the Spirtitual Life Henry S. Levinson,1992 Henry Levinson offers a major reinterpretation of the Spanish born American philosopher George Santayana 1863 1952 which highlights his relationship to the tradition of American pragmatism He shows that Santayana s role in forming the pragmatist tradi Belle Moskowitz Elisabeth Israels Perry,2018-12-19 It is commonly believed that women s entry into the political realm is a recent phenomenon Originally published in 1992 Belle Moskowitz shatters that myth restoring to history the career of a remarkable woman who achieved unprecedented influence and power in American politics many decades before the contemporary era As political advisor to Alfred E Smith four term governor of New York and presidential candidate Moskowitz played a crucial role in both state and national politics throughout the 1920s Elisabeth Israels Perry who is Moskowitz s granddaughter has thoroughly searched through private and public records to document Moskowitz s career drawing as well on the reminiscences of Moskowitz s daughter Miriam Israels Gabo This outstanding biography was co winner of the New York State Historical Association Manuscript Prize in 1987 **The Oxford Handbook of American Philosophy** Cheryl Misak,2008-09-25 This is the first collective study of the development of philosophy in America from the 18th century to the present Leading experts examine distinctive features of American philosophy trace notable themes and consider the legacy of key figures A fascinating resource for anyone interested in modern philosophy or American intellectual history **The Jews of North America** Multicultural History Society of Ontario,1987 The Jews of North America based on the latest research by fifteen historians and scholars from Canada Israel and the United States is the first book to focus on the ethnic totality of the American and Canadian Jewish experience The book blends a rich array of interrelated themes into a composite whole that is central to an understanding of North American Jewish history The emphasis on continuity of tradition in these essays counters the prevailing myth of discontinuity which promotes the notion of the great sense of separation Jews felt from the world we have lost The volume also provides an interesting comparative dimension by examining the similarities and dissimilarities of the American Jewish immigrant experience in both Canada and the United States
