**Product Description** **Too Much is Never Enough** Morris Lapidus, 1996 American architect Morris Lapidus is best known as the designer of glamorous postwar resort hotels in Florida such as the Fontainebleau 1954 and the Eden Roc 1955 in Miami Beach and the Americana in Bal Harbour 1956 Yet in a remarkable sixty year career that began in 1926 he designed more than 500 retail stores hotels apartment complexes and stage sets that captured the popular spirit and changing face of Main Street America in the twentieth century Lapidus created fantasy environments in which America's middle class flush with expanding postwar incomes and optimism could fulfill its desire for glamor relaxed luxury and leisure His signature forms chevrons beanpoles woggles or amoeba shapes and curving walls and ceilings punctuated by cheese holes or cutouts have become treasured icons of American postwar vernacular architecture Born in Russia in 1902 Lapidus was brought to New York by his parents a year later and the family first settled on the Lower East Side He completed his architecture degree at Columbia University and first earned a reputation by designing stage sets and retail stores in which he developed new theories in store design and essentially created the modern storefront as we now know it For his famed resort hotels of the 1950s Lapidus designed not only the vast structures but a melange of quasi French provincial and Italian Renaissance decorative elements that critics would dub Miami Beach French including everything from the tableware to his famous stairways to nowhere He was one of the first architects to acknowledge the cinema as an overriding influence on American taste

**Morris Lapidus** Deborah Desilets, 2004 Morris Lapidus the famous mid century architect outraged the architectural profession and riled critics with an architecture that was popularly embraced His Miami Beach resort hotels the Fontainebleau the Eden Roc and the Bal Harbour Sheraton are synonymous with the glamour of Miami Beach in the 50s Lapidus hotels are infamous as the stomping grounds of the Rat Pack and their fellow movie stars Yet during his life he was never published in architectural magazines and was discredited by the architectural profession before undergoing a

renaissance as a prophet of postmodernism This book establishes the importance of his work and offers private insights into a man who once said why be exotic in private ILLUSTRATIONS 60 illustrations **Morris Lapidus** Martina Düttmann,Friederike Schneider,1992 The Work of Architect-designer Morris Lapidus Morris Lapidus,1950\* 40 Years of Art and Architecture, Morris Lapidus Morris Lapidus, August L. **Summary of John Glatt's *The Prince of Paradise*** Everest Media, 2022-06-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Ben Novack the home invader first arrived in New York City in the mid 1930s He had a retail clothing store with a man named Kemp but they soon split up 2 Carl Fisher was the father of Miami Beach He made a fortune co-inventing Prest-O-Lite the acetylene gas used in car headlights for night driving He then spent his fortune on building a resort on Miami Beach 3 Ben Novack who had arrived in Miami with his new wife Bella in February 1940 used the \$1,800 he had received from liquidating his and Kemp's New York clothing store to buy a lease on the Monroe Towers He then spent a year fixing it up 4 In 1942 the US Army took over Miami Beach and used it as a training center for pilots before sending them off to fight in Europe Ben Novack who had made his money from the hotels went into partnership with Harry Mufson to build the Sans Souci Ornament and Class Gary Huafan He, 2025-03-13 This groundbreaking study examines the intricate relationship between the rise of the nineteenth century bourgeoisie and the emergence of modern architecture exploring this connection through major intellectual and theoretical works while also analyzing their tangible manifestations in buildings and architectural projects Contrary to received narratives that describe the birth of modern architecture as primarily an aesthetic movement Ornament and Class argues that the social and political maturation of the European bourgeoisie as a distinct yet heterogeneous group influenced modern attitudes toward architecture at every level Bringing architecture into conversation with recent histories of the bourgeoisie in the social sciences the book considers how architecture was used as a tool to separate the modern bourgeoisie from the aristocratic and clerical forces above and the working classes below It explores how architects clients planners and administrators grappled with and dealt with ornament architecture and modernity from within the new realities of urban and global capitalism and shows how these realities serve as pedagogical touchstones that remain with us today Historians architecture scholars and students interested in modern architecture aesthetics and European history especially those focusing on the interplay between modern architecture and social development will find this book an invaluable resource *Fool's Paradise* Steven Gaines, 2009-12-29 From the acclaimed bestselling author of *Philistines at the Hedgerow* comes a remarkably revealing profile of the Miami Beach no one knows a tale of fabulous excess thwarted power and rekindled lives that will take its place among the decade's best works of social portraiture Created from a mix of swampland and dredged up barrier reef Miami Beach has always been one part drifter mecca and one part fantasyland simultaneously a catch basin for con men fast talk artists and shameless self-promoters and a Shangri-La for sun worshippers and hardcore hedonists In Miami Beach it's often said that if you're not indicted you're not invited But the city's mad fascinating complexity resists easy stereotyping *Fool's Paradise* is more than just a present day profile of a dark Eden Gaines journeys back into the city's social and cultural history unearthing stories of the resort's past that are every bit as absorbing and jaw-dropping as those of its present The

book begins with a snapshot of the city's current excess this is after all a sun washed hamlet that boasts on a per capita basis more bars and breast implants than any other place in America then plunges into the Beach's origins chronicling the audacious rise of such hoteliers as the Fontainebleau's Ben Novack and the Eden Roc's Harry Mufson the sharp elbowed tactics of Al Capone and Frank Sinatra and the Mac 10 shooting sprees of the Marielito and Colombian drug lords From there the narrative shifts to two wildly eccentric souls who gave their lives to preserving the city's architectural dazzle and creating its color palette introduces us to the Most Powerful Man in Miami Beach and arrives finally in the modern day where we meet among others a kinky German playboy who once owned a quarter of South Beach and publicly flaunts his sexual escapades a fabulously successful nightclub promoter whose addictive past seems to have given him a portal into the night world's id and a gaggle of young sexy models dreamers and schemers on a mission to achieve significance Evoking the Beach's surreal blend of flashy Vegas and old Hollywood glamour as well as its manic desperation and reckless wealth Gaines persuasively demonstrates that though the Beach is in the words of its most famous drag queen an island of broken toys a place where people get away with things they'd never get away with anywhere else it casts an irresistible spell
