Mortal Error The Shot That Killed Jfk:

Mortal Error Bonar Menninger, 2021-03-25 In 1967 a Baltimore man named Howard Donahue began investigating the assassination of President John F Kennedy Like countless Americans Donahue was fascinated by the events in Dallas But what separated him from other amateur sleuths and even the Warren Commission s experts was a lifetime s experience with guns and ballistics In **Mortal Error** Bonar Menninger chronicles Donahue s twenty five year investigation of President Kennedy s death and the stunning revelation his work produced In crisp rapid fire prose Menninger relates one of the greatest true life detective stories ever told More importantly he offers solutions to questions that have haunted America for more than 50 years Complete with 15 forensic diagrams photos and illustrations including images from the crime scene and the president s autopsy this thoroughly researched expos delves deeply into every angle of the Kennedy assassina tion It examines the infamously controversial Warren Report various the ories surrounding the shooting and previously undisclosed forensic and ballistic clues to build a case for the clearest most plausible explanation yet about the events of that historic day in Dallas Mortal Error Bonar Menninger, 1992-01-01 Another conspiracy theory identifies the two men who operating separately allegedly shot President Kennedy in the Crime of the Century Reprint **JFK: The Final Chapter on the Assassination of John F. Kennedy** , The Zapruder Film David R. Wrone, 2003 David Wrone one of the nation s foremost authorities on the JFK assassination reexamines Zapruder s film with a fresh eye and a deep knowledge of the forensic evidence **The JFK Assassination Debates** Michael L. Kurtz, 2006 William L Kurtz delivers a comprehensive thought provoking book about the various theories surrounding the JFK assassination favoring the conspiracy theory himself **The Kennedy Assassination Cover-up** Donald Gibson, 2000 Professor Gibson peels away layers of the JFK assassination conspiracy and cover up An effectively researched and probing analysis of America s most important solved murder The Jfk Assassination Don Becker, 2010-12-31 Revised February 2011 I called the book a researchers guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good sniper would have been in position well in advance of his preys expected arrival which Oswald was not But wait theres more Looking at some of the

evidence from a totally different perspective I was able to prove a conspiracy I compared the wounds with the Bullet count and the time statistics of the rifle I assure you no one has looked at it from this viewpoint The closest any author came to mentioning this concept was Harrison Livingstones book High Treason *Jfk Assassination Eyewitness: Rush to Conspiracy* Anita Dickason,2013-11-01 On November 22 1963 Lee Bowers Jr became a key witness to the assassination of President John F Kennedy Less than three years later he was killed in a car accident twenty seven miles south of Dallas near Midlothian Texas under mysterious circumstances Was it just a simple car accident or was Bowers killed because of what he saw on the day President Kennedy was shot and killed In JFK Assassination Eyewitness Rush to Conspiracy author Anita Dickason a retired accident investigator provides a step by step look into the progression of the research and analysis of the accident details treating the matter as a cold case investigation She shares how questions regarding Bowers death have added fuel to the JFK conspiracy theories in this decades old Texas mystery JFK Assassination Eyewitness Rush to Conspiracy examines the details of Bowers mysterious accident while providing a look into Texas history Dickasons findings offer an unexpected twist in the aftermath of the events of Lee Bowers death **JFK: The Smoking Gun** Colin McLaren,2013-10-23 Assassination Conspiracy Evidence of the shocking truth is finally revealed Shocking new details Herald Sun On 22nd November 1963 the 35th president of the United States John Fitzgerald Kennedy and his wife Jackie were taking part in a presidential motorcade through Dallas Thousands lined the streets cheering others hung out of windows to catch a glimpse of the much loved First Lady and President Suddenly the unthinkable three shots bang bang bang rang out In front of the world John F Kennedy was fatally wounded Lee Harvey Oswald was caught But did he fire the fatal bullet Who REALLY killed JFK Fifty years after the tragic events in Dallas JFK The Smoking Gun solves the ultimate cold case With the forensic eye of a highly regarded ex cop Colin McLaren gathered the evidence studied 10 000 pages of transcripts discovered the witnesses the Warren Commission failed to call and uncovered the exhibits and testimonies that were hidden until now What he found is far more outrageous than any fanciful conspiracy theory could ever be JFK The Smoking Gun proves once and for all who did kill the President A compelling case The Australian Comprehensive and compelling Newcastle Herald *The Assassination of President John F. Kennedy: The Final Analysis* David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination medical expert Dr David W Mantik and New York Times bestselling author Jerome R Corsi de nitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK s throat and the massive avulsed blow out in the back of his head both involved frontal shots What distinguishes this book from the myriad of books written on the JFK assassination is that Dr Mantik s optical density measurements of the JFK skull X rays in the National Archives leave no doubt the X rays were altered to disguise evidence of the two frontal shots With over four decades of experience reading X rays Dr Mantik has examined the JFK assassination materials more than anyone else Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre

autopsy surgery on JFK's head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue The world is starving for objective science This book contains objective forensic science for which the world will never be ready If the X rays were doctored the CIA the FBI and the US Secret Service have some questions to answer The public deserves the full analysis of these issues James Lyons Weiler PhD The Institute for Pure and Applied Knowledge **JFK to 911 Everything Is A Rich Man's Trick** Francis Richard Conolly, 2021-09-30 JFK to 911 is already a global phenomenon having begun as a Youtube video which achieved over a billion hits by becoming the first documentary in human history to untangle all the establishment lies and reveal the entire truth about the Kennedy Assassination and 911 These disclosures so frightened the powers that be that President Trump and the Queen of England took the joint decision to ban it altogether so that if you read this book you will be learning the most cardinal secrets which your government would much rather you did not know Nearly all intelligent people these days are wary of what we are being told by the mainstream media but fewer are aware that the very notion of fake news began with the words on these pages and that all government policy in recent times has been an ongoing effort to hold back the increasing enlightenment these words have inspired Legions of people have taken the trouble to go online so that they could tell the world about how learning that absolutely everything is a rich man's trick the justice system the education system the economic system and most importantly the media Francis Richard Conolly is extremely hopeful that the people who have made a movie which he originally gave them for free such a central part of their existence will now buy this book in order to build the revenues which he needs to make the sequel which everyone wants to see *Dallas 50 Years On: The Murder of John F. Kennedy* Blaine Taylor, 2014-03-27 JFK had won the Presidency in 1960 by a razor thin majority and his re-election campaign for 1964 was expected to be as close He began it in November 1963 with a kick off multi city four day swing across the important state of Texas It was going unexpectedly well when shots were fired into his triumphant motorcade in downtown Dallas that ripped history apart changing it forever The assassination of American President John F Kennedy in 1963 came at the very height of both the Cold War following the Second World War and the Pax Americana that was thought to exist at the war's conclusion in 1945 The United States and its allies possessed a far greater number of nuclear weapons than their Soviet adversaries but the latter could unleash World War 3 and a nuclear Armageddon that would destroy them all The sudden and totally unexpected murder in broad daylight in an American city of one of the most popular presidents in history was the murder mystery of the 20th century The Cold War could have become hot and nuclear within minutes The murderer had to be found and vital questions had to be answered quickly Who did it why and who ordered Kennedy's assassination Was the deed part of a conspiracy foreign domestic or both Were none of these questions part of the bloody puzzle and was it entirely possible that only one man was responsible The questions remain to this very day and Dallas Fifty Years On The Murder of John F Kennedy reveals sensational new evidence eyewitness accounts

and top secret documentation **Liberty Means Freedom for All** Steven H. Propp, 2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rands philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved Thinking Critically About the Kennedy Assassination Michel Jacques Gagné, 2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK s shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book s opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy s life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK s murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking **The 9th Man** Steve Berry, Grant Blackwood, 2023-06-27 From

Reclaiming History Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever

be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense *The Guns of Dealey Plaza -- Weapons and the Kennedy Assassination* John Craig, 2016-02-09 This study investigates the numerous sightings and sounds of weapons in and around Dealey Plaza on November 22 1963 as well as bullets and bullet fragments found in Dealey Plaza and experiments that employed 21st century technology to investigate details of the JFK assassination that were unavailable to the Warren Commission and the House Select Committee on Assassinations HSCA investigations High definition television high speed cameras and 3D laser scans that create accurate virtual worlds are some of the latest technical instruments used to dissect the nature of the shots fired in Dealey Plaza
