## **Mosaic Two A Communicative Grammar:**

Mosaic Two Patricia K. Werner, John P. Nelson, 1995-10-31 Mosaic Two is designed for students who are at a high intermediate to advanced level of English proficiency. Students at this level typically begin the course scoring 480 and above on the TOEFL. They are comfortable in most conversational settings but may still have problems understanding spoken English especially in rapid or heated discussions. They may have some fossilized errors in spoken English and may lack the range of vocabulary needed for complex situations. They typically can read authentic material with a high degree of comprehension and speed but may have problems with both speed and understanding when dealing with complex material on unfamiliar topics. Writing skills are strong but again they may have difficulty dealing with complex material.

**Interactions Two** Patricia K. Werner, Mary Mitchell Church, Lida R. Baker, 1996 This communicative grammar is part of a set of books designed for college ESOL English for speakers of other languages students who are at a low intermediate level of proficiency.

**The Art of Teaching Speaking** Keith S. Folse, 2006-04-06 What elements make a speaking activity successful? Which tasks or activities really help build speaking fluency? What does the research show regarding speaking activities? What mistakes do ESL teachers often make in speaking activity design? In this highly accessible and practical resource, Keith S. Folse provides a wealth of information to help ESL/EFL teachers design and use speaking tasks that will actually improve students' speaking fluency. The book presents and discusses the relevant research and assessment issues and includes case studies from twenty different settings and classrooms around the world so that readers learn from others about the problems and successes of using various speaking activities. Teachers will find the chapters on Twenty Successful Activities and Ten Unsuccessful Activities particularly valuable. The successful activities are provided for classroom use and are reproducible. The book also contains five appendixes that explain what teachers need to know about vocabulary, pronunciation, and grammar and how they affect the teaching of speaking. Samples of successful lesson plans and a list of resources useful for teaching speaking are also included. Keith S. Folse, Ph.D., is Coordinator of TESOL Programs, University of Central Florida, Orlando. He is the author of *Vocabulary Myths*, University of Michigan Press, 2004, and more than 35 second language textbooks including texts on grammar, reading, speaking, listening, and writing.

*Interactions Access* Patricia K. Werner, 1997 This text introduces practices and applies basic grammatical structures in everyday contexts. The conversational approach helps students use the grammar structures they are studying in real life communication. Ideal for pre-beginning to beginning ESOL students.

**Interactions One** Elaine Kirn, Darcy Jack, 1996 This communicative grammar is part of a set of books designed for college ESOL English for speakers of other languages students who are at a high beginning to low intermediate level of proficiency.

device of linguistic complex formation and as a rather fundamental principle underlying the creation of the text From the point of view of achieving coherence coordinate conjoining is described in this monograph as an integrative process Described are the conditions governing this process the rules according to which take place in short the complex interaction of various linguistically identifiable features displayed by coordinate structures Coordinate conjoining is regarded here as the result of the interplay of three factors which belong to distinct levels of semantic description the meaning of the conjuncts the relation between the meaning of the conjuncts and the meaning of the connectors The step by step explication of the interaction of these levels in determining the semantic interpretation of coordinate structures forms the core of the present study
