Brenot**

Mosaïque Des Generations:

La mosaïque des générations Jean-Luc Excousseau, 2000 A partir des données démographiques socio économiques et historiques l'auteur raconte comment des vidences en apparence modestes et des petits détails de la vie des Français peuvent en dire long sur chacun et sur les générations , Sexe, l'Homme et l'Évolution (Le) Pascal G. Picq, Pascal Picq, Philippe Brenot, 2009-06-04 Si un bon sauvage observait nos sociétés il serait fort tonné de notre obsession affichée pour le sexe Comme si les femmes et les hommes devaient enfin la plénitude du sexe De la sexologie la paléanthropologie de multiples disciplines nous font aussi mieux comprendre la complexité de nos désirs et de nos comportements Cet ouvrage propose une approche ordonnée de la sexualité humaine depuis ses origines lointaines jusqu'à ses problématiques actuelles Sur tous les sujets il présente les connaissances scientifiques les plus récentes mais aussi recense les idées reçues ou les fausses explications L'orientation l'attachement les sentiments l'amour la fidélité la puberté les apprentissages la sexualité adulte panouie les nouvelles pratiques les perversions la pornographie tous les thèmes clés qui font notre vie sexuelle En fil conducteur une question centrale qu'est-ce qui est vraiment humain Et qu'en était-il de la sexualité de nos lointains ancêtres Auteur succède Au commencement était l'homme et de Lucy et l'obscurantisme Pascal Picq est paléanthropologue au Collège de France et spécialiste des origines et de l'évolution des grands singes notamment de leurs comportements Auteur du Sexe et l'Amour et d'Inventer le couple Philippe Brenot est médecin psychiatre et thérapeute de couple directeur d'enseignement en sexologie à l'université Paris V et président de l'Observatoire international du couple *Wine and Identity* Matt Harvey, Leanne White, Warwick Frost, 2014-01-10 In an increasingly competitive global market winemakers are seeking to increase their sales and wine regions to attract tourists To achieve these aims there is a trend towards linking wine marketing with identity Such an approach seeks to distinguish wine products whether wine or wine tourism from their competitors by focusing on cultural and geographical attributes that contribute to the image and experience In essence marketing wine and wine regions has become increasingly about telling stories engaging and provocative stories which engage consumers and tourists and translate into sales This timely book examines this phenomena and how it is leading to changes in the wine and tourism industries for the first time It takes a global approach drawing on research studies from around the world including old and new world wine regions The volume is divided into three parts The first branding investigates cases where established regions have sought to strengthen their brands or newer regions are striving to create effective emerging brands The second heritage considers cases where there are strong linkages between cultural heritage and wine marketing The third section terroir explores how a sense of place is inherent in winescapes and regional identities and is increasingly being used as a distinctive selling proposition This significant volume showcasing the connections between place identity variety and wine will be valuable reading for students researchers and academics interested in tourism marketing and wine studies
