Moses In Greco Roman Paganism

Gregory Sterling

Moses In Greco Roman Paganism:

Moses in Greco-Roman Paganism John G. Gager, 1972 *Moses in Graeco-Roman Paganism* John G. Gager, 1973-01-01 **The Interpretation of the Old Testament in Greco-Roman Paganism** John Granger Cook, 2004

According to the available evidence not many pagans knew the Greek Bible Septuagint before the advent of Christianity. Those pagans who later became aware of Christian texts were among the first according to the surviving data to seriously explore the Septuagint. They found the Bible to be difficult reading. The pagans who reacted to biblical texts include Celsus II C E, Porphyry III C E, and Julian the Apostate IV C E. These authors thought that if they could refute one of the primary foundations of Christianity, namely its use or interpretation of the Septuagint, then the new religion would perhaps crumble. John Granger Cook analyzes these pagans' voice and elaborates on its importance since it shows how Septuagint texts appeared in the eyes of Greco-Roman intellectuals. Theirs was not an abstract interest; however, because they knew that Christianity posed a grave danger to some of their dearest beliefs, self-understanding, and way of life. **Sparsa Collecta, Part 1. Evangelia, Paulina, ACTA** Willem C. van Unnik, 1973 Jewish Roots of Eastern Christian Mysticism Andrei A. Orlov, 2020-06-02

The essays collected in *Jewish Roots of Eastern Christian Mysticism* intend to honor Alexander Golitzin, a scholar known for his keen attention to the Jewish matrix of Eastern Orthodox spirituality. Following Golitzin's insights, this Festschrift explores influences of Jewish apocalypticism and mysticism on certain early and late Christian authors, including Irenaeus, Origen, Evagrius of Pontus, Pseudo-Dionysius, and Symeon the New Theologian. Special attention is given to Jewish theophanic traditions regarding the beatific vision of the divine Glory (Kavod), which profoundly shaped Eastern Christian theology and liturgy. This volume demonstrates that recent developments in the study of apocalyptic literature, the Qumran Scrolls, Gnosticism, and later Jewish mysticism throw new and welcome light on the sources and continuities of Orthodox theology, liturgy, and spirituality. *Historiography and Self-Definition* Gregory Sterling, 2014-04-03

For centuries, scholars have recognized the apologetic character of the Hellenistic Jewish historians Josephus and Luke. Acts, they have not, however, adequately addressed their possible relationships to each other and to their wider cultures. In this first full systematic effort to set these authors within the framework of Greco-Roman traditions, Professor Sterling has used genre criticism as a method for locating a distinct tradition of historical writing, apologetic historiography. Apologetic historiography is the story of a subgroup of people which deliberately Hellenizes the traditions of the group in an effort to provide a self-definition within the context of the larger world. It arose as a result of a dialectic relationship with Greek ethnography. This work traces the evolution of this tradition through three major eras of eastern Mediterranean history, spanning six hundred years: the Persian, the Greek, and the Roman. The Monastic School of Gaza Brouria Bitton-Ashkelony, Aryeh Kofsky, 2006-02-01

This book studies one of the most striking chapters in the history of late antique monastic culture, provided by the monastic legacy of Gaza. A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century, producing a

wealth of literary works In this diverse and exciting literary corpus especially in the unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes of hagiography this corpus exposes the psychological tensions moods frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity Exploring Sublime Rhetoric in Biblical Literature Roy R. Jeal, 2024-03-22 In scholarly study of the New Testament and early Christian rhetoric one key element is often overlooked the sublime To address this omission contributors to this volume explore how the awe inspiring dislocating and sometimes horrifying language that characterizes sublime rhetoric exerts cognitive emotional and physiological force on its audiences transporting them to new realities as they go along The essays lay a foundation for scholars and students to identify and interpret sublime rhetoric in biblical literature Contributors include Murray J Evans Alan P R Gregory Christopher T Holmes Roy R Jeal Harry O Maier Erika Mae Olbricht Thomas H Olbricht Vernon K Robbins and Jonathan Thiessen **The History of the Jewish People in the Age of Jesus Christ: Volume 3.i** Emil Schürer, Geza Vermes, Fergus Millar, 2014-01-30 Emil Schürer's *Geschichte des jüdischen Volkes im Zeitalter Jesu Christi* originally published in German between 1874 and 1909 and in English between 1885 and 1891 is a critical presentation of Jewish history institutions and literature from 175 B C to A D 135 It has rendered invaluable services to scholars for nearly a century The present work offers a fresh translation and a revision of the entire subject matter The bibliographies have been rejuvenated and supplemented the sources are presented according to the latest scholarly editions and all the new archaeological epigraphical numismatic and literary evidence including the Dead Sea Scrolls and the Bar Kokhba documents has been introduced into the survey Account has also been taken of the progress in historical research both in the classical and Jewish fields This work reminds students of the profound debt owed to nineteenth century learning setting it within a wider framework of contemporary knowledge and provides a foundation on which future historians of Judaism in the age of Jesus may build *Josephus' Contra Apionem*, 2018-12-10 This volume offers a state of the art collection of papers on one of the most significant works of Flavius Josephus by many of the leading scholars in current Josephus research The collection which includes a concordance by H Schreckenberg of the Latin section *Contra Apionem* 2 52 113 forms a standard indispensable resource for the study of Josephus writings of apologetic literature in general and particularly for the study of *Contra Apionem* one of the most significant apologetic treatises in Antiquity Acts: An Exegetical Commentary : Volume 3 Craig S. Keener, 2014-09-30 Highly respected New Testament scholar Craig Keener is known for his meticulous and

comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary available Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the third of four Keener continues his detailed exegesis of Acts utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights This magisterial commentary will be an invaluable resource for New Testament professors and students pastors Acts scholars and libraries **The Image of the Jew in Flavius Josephus'**

Paraphrase of the Bible Paul Spilsbury,1998 **The Essenes, the Scrolls, and the Dead Sea** Joan E. Taylor,2012-11-16

Ever since the discovery of the Dead Sea Scrolls in caves near the site of Qumran in 1947 this mysterious cache of manuscripts has been associated with the Essenes a sect configured as marginal and isolated Scholarly consensus has held that an Essene library was hidden ahead of the Roman advance in 68 CE when Qumran was partly destroyed With much doubt now expressed about aspects of this view The Essenes the Scrolls and the Dead Sea systematically reviews the surviving historical sources and supports an understanding of the Essenes as an influential legal society at the centre of Judaeen religious life held in much esteem by many and protected by the Herodian dynasty thus appearing as Herodians in the Gospels Opposed to the Hasmoneans the Essenes combined sophisticated legal expertise and autonomy with an austere regimen of practical work including a specialisation in medicine and pharmacology Their presence along the north western Dead Sea is strongly indicated by two independent sources Dio Chrysostom and Pliny the Elder and coheres with the archaeology The Dead Sea Scrolls represent not an isolated library quickly hidden but burials of manuscripts from numerous Essene collections placed in jars in caves for long term preservation The historical context of the Dead Sea area itself and its extraordinary natural resources as well as the archaeology of Qumran confirm the Essenes patronage by Herod and indicate that they harnessed the medicinal material the Dead Sea zone provides to this day Old Testament Pseudepigrapha

Richard Bauckham,James Davila,Alex Panayotov,2013-11-18 This collection presents the sacred legends and spiritual reflections of numerous works that were lost neglected or suppressed for many centuries **Old Testament**

Pseudepigrapha, vol. 1 Richard Bauckham,James R. Davila,Alex Panayotov,2013-11-21 This work stands among the most important publications in biblical studies over the past twenty five years Richard Bauckham James Davila and Alexander Panayotov s new two volume collection of Old Testament pseudepigrapha contains many previously unpublished and newly translated texts complementing James Charlesworth s Old Testament Pseudepigrapha and other earlier collections Including virtually all known surviving pseudepigrapha written before the rise of Islam this volume among other things presents the sacred legends and spiritual reflections of numerous long dead authors whose works were lost neglected or suppressed for many centuries Excellent English translations along with authoritative yet accessible introductions bring those ancient documents to life for readers today The Mind of Christ Stephen T. Pardue,2013-09-12 This book brings a variety of

theological resources to bear on the now widespread effort to put humility in its proper place In recent years an assortment

of thinkers have offered competing evaluations of humility so that its moral status is now more contentious than ever. Like all accounts of humility, the one advanced in this study has to do with the proper handling of human limits. What early Christian resources offer and what discussions of the issue since the eighteenth century have often overlooked is an account of the ways in which human limits are permeable, superable, and open to modification because of the working of divine grace. This notion is especially relevant for a renewed vision of intellectual humility, the primary aim of the project, but the study will also suggest the significance of the argument for ameliorating contemporary concerns about humility's generally adverse effects.

Theological Dictionary of the Old Testament G. Johannes Botterweck, Helmer Ringgren, Heinz-Josef Fabry, 1974. This multivolume work is still proving to be as fundamental to Old Testament studies as its companion set, the Kittel-Friedrich Theological Dictionary of the New Testament, has been to New Testament studies. Beginning with father and continuing through the alphabet, the TDOT volumes present in-depth discussions of the key Hebrew and Aramaic words in the Old Testament. Leading scholars of various religious traditions, including Roman Catholic, Lutheran, Reformed, Anglican, Greek Orthodox, and Jewish, and from many parts of the world (Denmark, France, Germany, Great Britain, Greece, Israel, Italy, the Netherlands, Norway, Sweden, Switzerland, and the United States) have been carefully selected for each article by editors Botterweck, Ringgren, and Fabry, and their consultants George W. Anderson, Henri Cazelles, David Noel Freedman, Shemaryahu Talmon, and Gerhard Wallis. The intention of the writers is to concentrate on meaning, starting from the more general everyday senses and building to an understanding of theologically significant concepts. To avoid artificially restricting the focus of the articles, TDOT considers under each keyword the larger groups of words that are related linguistically or semantically. The lexical work includes detailed surveys of a word's occurrences not only in biblical material but also in other ancient Near Eastern writings. Sumerian, Akkadian, Egyptian, Ethiopic, Ugaritic, and Northwest Semitic sources are surveyed among others, as well as the Qumran texts and the Septuagint, and in cultures where no cognate word exists, the authors often consider cognate ideas. TDOT's emphasis though is on Hebrew terminology and on biblical usage. The contributors employ philology as well as the critical and traditional historical methods with the aim of understanding the religious statements in the Old Testament. Extensive bibliographical information adds to the value of this reference work. This English edition attempts to serve the needs of Old Testament students without the linguistic background of more advanced scholars; it does so, however, without sacrificing the needs of the latter. Ancient scripts (Hebrew, Greek, etc.) are regularly transliterated in a readable way, and meanings of foreign words are given in many cases where the meanings might be obvious to advanced scholars. Where the Hebrew text versification differs from that of English Bibles, the English verse appears in parentheses. Such features will help all earnest students of the Bible to avail themselves of the manifold theological insights contained in this monumental work.

Renaissance and Rebirth Brian Ogren, 2009. Metempsychosis was a prominent element in Renaissance conceptualizations of the human being, the universe, and the place of the human person in the universe. A variety of concepts

emerged in debates about metempsychosis human to human reincarnation human to vegetal human to animal and human to angelic transmigration As a complex and changing doctrine metempsychosis gives us a well placed window for viewing the complex and dynamic contours of Jewish thought in late fifteenth century Italy as such it enables us to evaluate Jewish thought in relation to non Jewish Italian developments This book addresses the problematic question of the roles and achievements of Jews who lived in Italy in the development of Renaissance culture in its Jewish and its Christian dimensions

Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes *Homer and the Bible in the Eyes of Ancient Interpreters*, 2012-03-06 Thus far interpretations of Homer and the Bible have largely been studied in isolation even though both texts became foundational for Western civilisation and were often commented upon in the same cultural context The present collection of articles redresses this imbalance by bringing together scholars from different fields and offering pioneering essays which cross traditional boundaries and interpret Biblical and Homeric interpreters in light of each other The picture which emerges from these studies in highly complex Greek Jewish and Christian readers were concerned with similar literary and religious questions often defining their own position in dialogue with others Special attention is given to three central corpora the Alexandrian scholia Philo Platonic writers of the Imperial Age rabbinic exegesis Contributors include Margalit Finkelberg Guy G Stroumsa Filippomaria Pontani Francesca Schironi Ren N list Maren R Niehoff Katell Berthelot Sharon Weisser Cyril Aslanov Guy Darshan Yonatan Moss Yakir Paz Yair Furstenberg Ishay Rosen Zvi and Joshua Levinson

The Enigmatic Realm of **Moses In Greco Roman Paganism**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Moses In Greco Roman Paganism** a literary masterpiece penned by a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
