*The English Boccaccio* Guyda Armstrong, 2013-10-30 The Italian author Giovanni Boccaccio has had a long and colourful history in English translation This new interdisciplinary study presents the first exploration of the reception of Boccaccio's writings in English literary culture tracing his presence from the early fifteenth century to the 1930s Guyda Armstrong tells this story through a wide ranging journey through time and space from the medieval reading communities of Naples and Avignon to the English court of Henry VIII from the censorship of the Decameron to the Pre Raphaelite Brotherhood from the world of fine press printing to the clandestine pornographers of 1920s New York and much more Drawing on the disciplines of book history translation studies comparative literature and visual studies the author focuses on the book as an object examining how specific copies of manuscripts and printed books were presented to an English readership by a variety of translators Armstrong is thereby able to reveal how the medieval text in translation is remade and re authorized for every new generation of readers

**Italian Literature before 1900 in English Translation** Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's Twentieth Century Italian Literature in English Translation this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature

**The Most Pleasant and Delectable Questions of Love** Giovanni Boccaccio, 2006 A slightly modernized version of a 1587 translation of one segment of Boccaccio's 14th century writing the original source for the translation exists today in a single copy held at Oxford's Bodleian Library Boccaccio's tremendously popular tales dealt with the consequences of secular love or in some cases lust The Most Pleasant and Delectable Questions of Love is a translation of 13 chapters of one of Boccaccio's longer works In these chapters a group of young people have gone to the country for the day One of the young women is chosen The Queen of Love Each young person tells a love story and poses a question about love The group answers there is no right or wrong But the final arbiter The Queen of Love holds the answers *Evolutions* Oren Harman, 2018-06-12 An absolute joy to read it is Harman's skill in blending contemporary science and traditional storytelling that makes this book truly brilliant Randy Rosenthal New York Journal of Books We no longer think like the ancient Chinese did that the world was hatched from an egg or like the Maori that it came from the tearing apart of a love embrace The Greeks told of a

tempestuous Hera and a cunning Zeus but we now use genes and natural selection to explain fear and desire and physics to demystify the workings of the universe Science is an astounding achievement but are we really any wiser than the ancients Has science revealed the secrets of fate and immortality Has it provided protection from jealousy or love There are those who believe that science has replaced faith but must it also be a death knell for mythology Evolutions brings to life the latest scientific thinking on the birth of the universe and the solar system the journey from a single cell all the way to our human minds Reawakening our sense of wonder Oren Harman uses modern science to create new and original mythologies Here are the earth and the moon presenting a cosmological view of motherhood a panicking mitochondrion introducing sex and death to the world Science may not solve our existential puzzles but like the age old legends its magical discoveries can help us continue the never ending search Breathtaking The processes of evolution are at times so huge and ungraspable for the mind so magical that they can perhaps only be fathomed through the language of myth Brilliant Karin Altenberg Wall Street Journal Harman is a marvelous intellectual companion David B Green Haaretz
