**Khushi** Rajeev R Tiwary, I started writing this book keeping in mind it should be shared with everyone This story has thrilled me in every aspect and I could not resist myself from writing the same This can happen with anyone you might find this story unacceptable but we have to understand the fact that life of any one can take wrong turn if it s not given proper guidance or care when needed In family we need to understand each other s need basis time and requirement Small things impact a lot in life and this is something we have to understand We run behind future but what if you re present is not good You cannot make your future better indeed Basis this story I have realized one thing that you cannot force anyone especially a girl to either to get in to a relationship or come out of any relationship till the time you don t understand the pros cons of that relationship So first understand why it s important for that person and even if you don t like it being a parent try making them understand the reason behind you want your loved ones to be away from the person place or things you don t like politely with care and respect I think not completely but some aspects are somewhere related to everyone s life and we can correlate it easily without any hitch Understanding your loved ones is very important
