Most People I Know Think Im Crazy:

Prophecies, Visions, Occurrences, and Dreams Raymond Aguilera, 2000-06 Prophecies Visions Occurrences and Dreams is an apocalyptic book Since 1990 Raymond Aguilera began to receive prophecies visions and warnings from God about the end of our world as we know it These messages range from abortion to the New Age movement to Pastors who have misled the flock They reveal things to come things that now are and things that should not be From hope to love to doom to a new beginning herein lies a broad range of insight from a whole new perspective The prophecies are simple and straight forward written from a first hand perspective They fly in the face of orthodox tradition and are a thorn in the side to everyone who has already made up his mind and heart on how the end is to come and who God is This has the potential of being one of the most controversial books of the year *Coming Out of the Darkness* Leslie D. Riopel, 2013-06 Leslie D Riopel is a freelance writer and clinical hypnotherapist with a master s degree in psychology health and wellness She believes we all have an amazing capacity within us to transform our lives As an educator she is a passionate promoter of health and wellness and has written hundreds of hypnosis scripts and guided meditations The author has studied methods of holistic healing for the last 25 years and has a passion for writing that motivates and inspires Leslie takes you on an amazing and very personal journey showing how hypnosis changed her life as it can change yours This very personal book tells how she survived corporate downsizing crushing depression and an unhealthy and unsatisfying life all by utilizing hypnosis Leslie believes we are all destined for greatness and that we must not accept our excuses any longer She documented her journey to give hope and believes that when you learn how to alter your life using these techniques you are free to pursue your passions and change the world Filled with poignant stories her book shows how to transform your life and turn pain into power Be prepared to be amazed at the possibilities that begin to unfold with hypnosis as your guide Leslie D Riopel lives in the Cincinnati area This book was written for all of those who were not high school cheerleaders the captain of the football team or the most popular person in the class It was written for those who at one time in their life were crippled by shyness lack of confidence or utter despair It was written for those who are not quite comfortable in their own skin Publisher s website <http://sbpra.com> LeslieDRiopel *Juvenalia* Matt Markonis, *Are We Left in the Dark?* Sebo, 2013-03-16 This book is about a young man and his journey s with his painful life in every step he takes As nobody is aware of this he psychologically has stress from being alive the 32 year old man has endless thoughts about his pain that the God has done to him As each day that goes by he talks to God in his mind Why why why This man has no time to waste as he is always thinking for his future and this future is ultimately to be safe in his thoughts as he journey s every day from the time he wakes to the time he sleeps he waitstruths that are out there and the mysteries that surround him on this earth and ultimately out there in space He can t wait in his mind just to be free and as he walks this earth He encounters thoughts and dreams that are full of psychological stress and one thing he does is he carries all the weight on his shoulders he knows that

one that he will find the truth to why the God has made him But until then he will struggle in this life as a human being walking step by step the pain he endures in this life it s a wonder that he still is alive the silence he keeps will always remain the same like a battle of ships so enjoy as the reader just how his mind operates Psychologically the order in his mind is there but so much different too the persons around him where ever he goes

The Enneagram: Pathways to Happiness Chris Croft, Veronica Croft, 2015-06-26 The Enneagram is a powerful catalyst for personal freedom growth and happiness In this book you will embark upon a journey of self discovery and profound positive change Discover why you are the way you are and learn profound spiritual truths about your true nature Gain unparalleled understanding of others and bring ease to challenging relationships Transcend negative patterns uncover your unique gifts and fulfill your true potential Experience real self acceptance and empowerment and move forward into a more contented and meaningful life Using this book can enable you to consciously choose the path to positive change instead of repeating unconscious patterns that hold you back from experiencing lasting happiness The Enneagram is unparalleled in providing insight into ourselves and others This book is a treasure trove of wisdom for anyone searching for freedom happiness and harmony in their lives It is of particular value to those interested in human behaviour patterns including parents and therapists Easily accessible for those new to the Enneagram this book also offers fresh perspectives about the origins of the personality that will be of particular interest to anyone already familiar with the Enneagram

A Life Terminal Jane Doe, 2010-12 A Life Terminal is a novel in the medical setting which follows the comical escapades of characters from vastly different worlds They range from the eccentric walks of life a senior citizen prostitute to an austere billionaire to the very ordinary We share in their joy and grief courage and foolishness as they putter through the clutter of everyday life cope with grotesque rules and eventually hurtle toward their inevitable fates As in life some of these characters disappear from view following a brief random encounter others become integral players in the story They travel separate haphazard journeys but as they navigate together through the illogical hurdles of our healthcare system their lives become oddly intertwined Beneath their differences they share common hopes fears and vulnerabilities living out the same story over and over again Jane Doe was an ordinary person born into an average family She grew up in a small town in a working class neighborhood Odd circumstances brought her into the city where she started a new life She became a doctor which gave her the opportunity to enter the worlds of people from diverse backgrounds of various stations of life She was allowed to share with them some of their innermost thoughts and most difficult moments Inspired by their common plight she wrote a book A Life Terminal Then she disappeared into the obscurity from whence she came

Standing Still Is Not an Option Christa Boske, 2019-10-01 This book captures the experiences of children in U S public schools and how they utilize artmaking to disrupt injustices they face These first time authors who represent school children parents teachers and community leaders focus on artmaking for social change Their first tellings provide thought provoking insights regarding the impact of artmaking on their capacity to promote social justice oriented

work in K 12 school communities As the U S continues to experience significant demographic shifts including increases of homeless children children identified with learning differences thousands of refugees and immigrants children living in poverty children in foster care and increasing numbers of Children of Color those who work in schools will need to know how to address disparities facing these underserved communities These U S demographic shifts and issues facing underserved populations provide opportunities for children teachers families and school leaders to deepen their understanding regarding their experiences within their communities and K 12 schools as well as ways to interrupt oppressive practices and policies they face every day through art as social action Authors call upon decision makers who serve children from disenfranchised populations to utilize artmaking to create equal access for children to explore social justice equity reflective practices and promote authentic social action and change through artmaking Authors reflect on this artmaking process as a catalyst for increasing consciousness creating imaginative possibilities and facilitating meaningful change in schools Authors urge readers to create equal access art spaces to build bridges among schools families and communities Together they contend that artmaking promotes courageous conversations and encourages the exploration of what it means to live this significant work Praise for Standing Still Is Not an Option Standing Still Is Not an Option is a non traditional leadership text not just in words but in deeds It took courage for student first authors to write perform this text and it takes courage for us as educators to read it because our youth want us to speak up more and act differently To quote one student first author It was all new to me I never did anything like this before If I could go back in time I would tell the principals that they need to care about all of the kids not just the favorites If they could actually take the time and talk to me maybe you would actually care because you would get to know me I think they would learn I have a lot on my plate and they need to know about these things It would have really helped me if they would have listened to me talked to me and actually showed me they care If a principal would have shown me they cared I wouldn t be where I am today Isn t it past time that teachers and administrators learned to become their art and let their art remake them Ira Bogotch Professor Florida Atlantic University This book dares to explore the multi faceted nature of voice and its importance in narrating the experiences that have contoured the lives of persons who are so often conditioned socialized and placed in a voiceless space by educational institutions The use of artmaking to articulate hopes and fears in a non judgmental space that calls for a socially just education shifts the focus from traditional notions of narrative to the creative power of expression through art This work breaks new ground in pushing educational power brokers to come to grips with the multiple ways asymmetric power relations are propagated through traditional structures and how the power of creativity can respond to and disrupt these structures Michael Dantley Dean Professor Miami of Ohio University Christa Boske s edited volume provides an extraordinary service to educational leaders policy makers and those who care about the education stakeholders Through the chapters in this book Boske and her authors demonstrate the power of artistic storytelling and representation to the development and empowerment of young minds For

those who care about the education of children and youth this is an essential read Michelle Young Professor University of Virginia former Executive Director of the University Council for Educational Administration UCEA Appletons' Journal, 1873 Did You Know This? Rosemary LeRoy, 2011-07-22 Book is about some of the things some people in the entertainment world do on a daily regular basis you may not have heard of I was married to a man who worked for a famous country rock band My eyes were opened to a whole other world of goings on that I knew little about Some do such wacky wrong things it is hard to believe even if they are in the entertainment world Some do not want people to know and some are so out there that they do want people to know what they do because it would help their image Believe it or not *Direct to Brain Windows* Ted Huntington, 2012-09-20 Peace of Mind and Healing of Broken Lives Adam Asar, **Little Girl Lost** Lovisa Pahlson-Moller, 2011-06-01 Description Little Girl Lost is the wonderful and moving account of a young woman's successful battle with self harm and borderline personality disorder Lovisa first self harmed at the age of six and survived boot camp before becoming part of the psychiatric system Little Girl Lost combines an intelligent creative mix of diary writing with powerful poems taking the reader through a roller coaster of emotions It is an honest interesting and touching book Lovisa gives us some insight into her desire for acceptance for being herself Anybody who has ever suffered from mental illness will be able to relate to this book About the Author The author spent a period of time in hospital She used to harm herself and hear voices Her aim is to reach out to others and be accepted **On the Other Side of the Rainbow** Lonny Dargavel, 2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life It did however open the door of the spirit world for me in real very profound and personal manner In *On the Other Side of the Rainbow* I recount how my grief was transcended by remembering past readings and teachings to strengthen me and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present The seeking to heal my soul also led me to connect with Jesus in a very real and personal way His friendship and mentorship has helped me to heal and develop spiritually He has also provided me with the protection I needed and he lifted me up when I needed it and continues to daily Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel Without their divine help I am sure I could not have lasted in the face of the enemy Encounters with them as well as my loved ones on the other side of life have become normal occurrences I have also had encounters with other spiritual beings whom I consider allies such as Buddha Ganesh King David a fairy princess a British guard from Fort George during the 1812 War St Theresa St John Paul II and others It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own Prior to my experiences with the Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well My personal experiences are based on truths and were a guided path that

led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these *I Know I Got Issues— I Just Wish Somebody Had Told Me! a Long Time Ago...* Darryl Jordan,2018-07-13 Issues are something that we all have and some more than others But it is okay It is absolutely okay to have issues as long as you can put things in perspective Sometimes our issues are something that gives you strength or they can zap the very strength from you I am here to tell you having issues can be a blessing as long as you can match them up with the word of God and stand on top of them instead of them standing on top of you I am excited about my issues That hasn't been the case a long time ago but now I see the blessings and I rejoice and praise the Lord for my issues and the freedom I have received Every time I think about how many times in the name of Jesus I have been blessed because of and in spite of my issues I found out we are going to be alright [Listen to us at last!](#) Natalie Christine Walther,2025-01-17 What remains when the space for our children becomes increasingly limited and creativity curiosity and playful learning no longer have a place When Artificial Intelligence is suddenly supposed to be our future This book is a passionate plea for all children It makes the silent cries for help of our children and adolescents audible who struggle daily with physical and mental challenges In 37 works from conception to 18 years from desire for children birth or adoption to topics such as school neurodermatitis ADHD autism depression vaccinations or ChatGPT a deep look behind the scenes is taken This book is also addressed to all those who are searching for the causes of their own childhood wounds and want to understand how we can together create a worthwhile future with our children *The Last Prophecy* A. Escalona,2011-01-24 Enduring twelve years of misery was more than he could handle and as the last resort frustrated by his inability to redirect his life he pleaded with God to take control of it Soon after his request to his disappointment he found himself headed to prison A few days later to his surprise he woke up in the middle of the night inside his dark and solitary cell to receive astonishing revelations One of the most prosperous companies in the publishing industry is about to collapse and in the process unveil the antichrist's identity But not being enough this augured downfall also validates the author's other predictions his complete testimony even the revelation of the most ancient secret the mysterious nature of God time The Last Prophecy The Antichrist and the Dramatic Fall of a Publishing Empire is the title of this new book of nonfiction In it through an open narrative style the author shares a raft of personal experiences while

exploring specific topics that are dividing believers nowadays He analytically examines how Christianity has functioned under doctrinal censorship for centuries and substantiates his arguments with tangible facts while investigating those questions that are most controversial for contemporary Christians Should we address our prayers to God or to Jesus What is the cause behind our sufferings Is the Bible really a book of contradictions Who goes to heaven And among many other questions a universal concern are we doomed to perish in 2012 All these questions have been answered before but what it makes this book different is that the author answers them from a bilateral perspective and thereby a more realistic approach
