beings autonomy without risking disaster In Parts IV and V the book looks more closely at the nature of this God who embraces risk suffering and even failure Who is the deity behind this divine disorder The focus from a Christian perspective is upon the risk suffering and failure displayed in the life of Christ Jesus is drawn into something that it is beyond him to fathom hence the troubled uncertain character of his own life But from a kenotic perspective even a life marked by failure can be the focal point of God's self revelation

The Land of the Body Sarah Pearce, 2007 This book presents the first extended study of the representation of Egypt in the writings of Philo of Alexandria Philo is a crucial witness not only to the experiences of the Jews of Alexandria but to the world of early Roman Egypt in general As historians of Roman Alexandria and Egypt are well aware we have access to very few voices from inside the country in this era Philo is the best we have As a commentator on Jewish Scripture Philo is also one of the most valuable sources for the interpretation of Egypt in the Pentateuch He not only writes very extensively on this subject but he does so in ways that are remarkable for their originality when compared with the surviving literature of ancient Judaism In this book Sarah Pearce tries to understand Philo in relation to the wider context in which he lived and worked Key areas for investigation include defining the Egyptian in Philo's world Philo's treatment of the Egypt of the Pentateuch as a symbol of the land of the body Philo's emphasis on Egyptian inhospitableness and his treatment of Egyptian religion focusing on Nile veneration and animal worship
