Estrada, 2024-11-15 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM The 2008 financial crisis prompted the most significant social protests since 1968 in the Middle East Europe and the United States These protests generated not only social reform but also collaborative and affective affiliations often seen through artistic and cultural materials Taking Spain as a focal point this book examines film production at both points in time showing how it emerges from simultaneously divergent and comparable economic and political milieus The book aims to recognize and celebrate the political responsibility exercised and expressed by a new generation of Spaniards deeply immersed in those protests Through the convergences of two markedly significant periods in two separate centuries filmmakers expose the deficiencies of Spain's democracy in 2008 the D MOCRAZY in the title a slogan seen on a banner carried by the protesters while creating a new sensibility and forms of social life that bring back the notions of community and the common good that had been forgotten in the midst of such a brittle environment     In-transit Destination Jacob Robert Atherton, 2004     **Thuis Bij Modeontwerpers** Barbara Witkowska, 2006 De huizen appartementen en woonateliers van bekende en minder bekende Belgische modeontwerpers     **Trip** ,2002-10 Revista Trip Um olhar criativo para a diversidade em reportagens de comportamento esportes de prancha cultura pop viagens al m dos ensaios de Trip Girl e grandes entrevistas     *Exploring Seriality on Screen* Ariane Hudelet, Anne Crémieux, 2020-10-25 This collective book analyzes seriality as a major phenomenon increasingly connecting audiovisual narratives cinematic films and television series in the 20th and 21st centuries The book historicizes and contextualizes the notion of seriality combining narratological aesthetic industrial philosophical and political perspectives showing how seriality as a paradigm informs media convergence and resides at the core of cinema and television history By associating theoretical considerations and close readings of specific works as well as diachronic and synchronic approaches this volume offers a complex panorama of issues related to seriality including audience engagement intertextuality and transmediality cultural legitimacy authorship and medium specificity in remakes adaptations sequels and reboots Written by a team of international scholars this book highlights a diversity of methodologies that will be of interest to scholars and doctoral students across disciplinary areas such as media studies film studies literature aesthetics and cultural studies It will also interest students attending classes on serial audiovisual narratives and will appeal to fans of the series it addresses such as Fargo Twin Peaks The Hunger Games Bates Motel and Sherlock     **Knocked Up By The Doc** Claire Adams, When Olivia found out her mother had been diagnosed with cancer she immediately moved to small town Tamlin to help out Who knew though that helping out would mean trying to convince her mother that the cancer even existed since despite all evidence

Jeannie refuses to believe it Desperate for more information so that she can find a way through her mother s stubbornness Olivia goes out to dinner with Eric the town s handsome doctor Sparks fly and the two can t keep their hands off one another But with Eric still working through the loss of his first wife the town gossip who just won t give up in her quest to land Eric and Olivia s preoccupation with her mother s illness can they even get a relationship off the ground Throw an unexpected pregnancy into the mix and Olivia may have bitten off more than she could chew when she moved to Tamlin Will the two manage to come together to build a future or will they remain mired in what s come before Searching for Crazy Horse Kurt Philip Behm,2011-12-15 Award wining author Kurt Philip Behms third novel Searching For Crazy Horse is the seminal work of a forty year search for the truth within himself While touring the Rocky Mountains by motorcycle since 1967 he started to hear a voice from deep inside himself talking to him and saying things that at first he could not understand The great Crazy Horses words were confusing when first spoken but once heard clearly they allowed the author to break through his own limitations and finally set himself free Ride with them together as they travel the high mountains along the spine of the Great Divide You will come away with a better understanding of what it meant to be truly free in a time when the American landscape was big enough to hold all of ones imagination within its heart And where the true magic within a dream was in dreaming it together Uncanny Shawn Wolfe,Rudy VanderLans,2001 An uncanny collection of Shawn Wolfe s most provocative work In 1984 having spent seven years in and around advertising Wolfe established Beatkit TM the world s first ever anti brand It was a brand without a product and was intended to be a shining example of what was sick and wrong in a culture gone mad with consumerism From 1984 to 2000 Beatkit TM sought to expose the dark nature of consumerism consumption and disposal all of which escalate the fundamental crises of contemporary life using up of natural resources ecological ruin cynicism and alienation Wolfe used and reused images such as the Bionic Cat and the Removerinstaller until they had achieved the abstract presence of the Nike swoosh Perhaps the real magic in his work is that it draws us in but delivers nothing Features Massive Attack Panic Now and Too Much of a Good Thing **Los Angeles** ,1997-12-29 In freedom Next Time journalist and film maker John Pilger describes how courageous people battling to free themselves often glimpse freedom only to see it taken away He challenges us in the West to look in the mirror at the actions of our governments for the true source of much of the world s fear and insecurity and terrorism In our name often duplicitously they operate a secret agenda as in Diego Garcia a paradise island in the Indian Ocean whose entire population was expelled clandestinely and brutally by the British government to make way for a huge American military base from which Afghanistan and Iraq were attacked In Palestine India South Africa Afghanistan Britain and the United States John Pilger s eyewitness reporting and tenacious interviews with the powerful backed by meticulous research blow away the secrets and lies of our rulers and turn a searchlight on to events consigned to the shadows by an unrecognised yet virulent censorship With humanity wit and passion he salutes people who refuse to be victims and defiantly demand their freedom They could soon be us BOOK JACKET
