## **Motets Of Carissimi:**

*The Motets of Carissimi* Andrew V. Jones, 1982      *The Motets of (Giacomo) Carissimi* Giacomo Carissimi, 1982      **The Motets of Carissimi** Andrew V. Jones, 1982      A Chord in Time: The Evolution of the Augmented Sixth from Monteverdi to Mahler Mark Ellis, 2017-07-05 For centuries the augmented sixth sonority has fascinated composers and intrigued music analysts Here Dr Mark Ellis presents a series of musical examples illustrating the evolution of the augmented sixth and the changing contexts in which it can be found Surprisingly the sonority emerged from one of the last remnants of modal counterpoint to survive into the tonal era the Phrygian Cadence In the Baroque period the terrible dissonance was nearly always associated with negative textual imagery Charpentier described the augmented sixth as poignantly expressive J S Bach considered an occurrence of the chord in one of his forebear s motets remarkably bold During Bach s composing lifetime the augmented sixth evolved from a relatively rare chromaticism to an almost commonplace element within the tonal spectrum the chord reflects particular chronological and stylistic strata in his music Theorists began cautiously to accept the chord but its inversional possibilities proved particularly contentious as commentaries by writers as diverse as Muffat Marpurg and Rousseau reveal During the eighteenth century the augmented sixth became increasingly significant in instrumental repertoires it was perhaps Vivaldi who first liberated the chord from its negative textual associations By the later eighteenth century the chord began to function almost as a signpost to indicate important structural boundaries within sonata form The chord did not however entirely lose its darker undertone it signifies for example the theme of revenge in Mozart s Don Giovanni Romantic composers uncovered far reaching tonal ambiguities inherent in the augmented sixth Chopin s Nocturnes often seem beguilingly simple but the surface tranquillity masks the composer s strikingly original harmonic experiments Wagner s much analyzed Tristan Chord resolves according to some theorists on an augmented sixth In Tristan und Isolde the chord s mercurial      **Selected Anthems and Motet Recompositions** Henry Aldrich, 1998-01-01

**CATALOGUE OF ADDITIONS TO THE MANUSCRIPTS IN THE BRITISH MUSEUM ORDER OF THE TRUSTEES**, 1882      Thematic Catalogues in Music Barry S. Brook, Richard J. Viano, 1997 In 1997 twenty five years after its first publication Thematic Catalogues in Music An Annotated Bibliography Pendragon Press 1972 appeared in a completely revised and expanded Second Edition It contains almost twice as many entries as its predecessor virtually every one of the original entries has been updated and the following noteworthy features have been added 1 A second introductory essay detailing trends and innovations in thematic cataloguing brought about by the revolution in technology of the past twenty years 2 Appendices listing thematic catalogues in series both by national organizations and publishers a detailed up to date country by country report of activities worldwide a listing of major computerized databanks 3 New double column format 4 Numerous illustrations and reproductions of pages from thematic catalogues of historical significance The second edition continues the policy of listing all known thematic catalogues and indexes including those in doctoral dissertations masters

essays and computer databanks as well as in progress and unpublished works plus reviews and literature about thematic cataloguing The original numbering of the 1972 entries has been retained with new items appearing in proper alphabetical chronological sequence but with the addition of decimal numbers and or letters 363 1 or 960a Lastly the original historical introduction and special appendices of the first edition have been retained with emendations where needed Catalogue of Additions to the Manuscripts in the British Museum in the Years ... British Museum. Department of Manuscripts,1882 **A History of the Oratorio** Howard E. Smither,2012-09-01 Howard Smither has written the first definitive work on the history of the oratorio since Arnold Schering published his *Geschichte des Oratoriums* in 1911 This volume is the first of a four volume comprehensive study that offers a new synthesis of what is known to date about the oratorio Volume 1 divided into three parts opens with the examination of the medieval Renaissance and early Baroque antecedents and origins of the oratorio with emphasis on Rome and Philip Neri's Congregation of the Oratory and with special attention to the earliest works for which the term oratorio seems appropriate The second part recounts the development of the oratorio in Italy circa 1640 1720 It reviews the social contexts patrons composers poets librettos and music of the oratorio in Italy especially in Vienna and Paris The procedure adapted throughout the work is to treat first the social context particularly the circumstances of performance of the oratorio in a given area and period then to treat the libretto and finally the music For each geographic area and period the author has selected for special attention a few oratorios that appear to be particularly important or representative He has verified the information offered in the specialized literature whenever possible by reference to the music or documents In a number of areas particular seventeenth century Italy in which relatively few previous studies have been undertaken or secondary sources have proven to be inadequate the author has examined the primary sources in manuscript and printed form music librettos and documents of early oratorio history Impressive research and intelligent integration of disparate elements make this complicated diffuse subject both readable and accessible to the student of music Volume 2 The Oratorio in the Baroque Era Protestant Germany and England and Volume 3 The Oratorio in the Classical Era continue and expand the study of oratorio history Although this series was originally announced as a three volume study Smither will conclude with a fourth volume This new work the first English language study of the history of the oratorio will become the standard work on its subject and an enduring contribution to music and scholarship Originally published in 1977 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

**Musical Humanism and Its Legacy** Nancy Kovaleff Baker,Barbara Russano Hanning,1992 A Performer's Guide to Seventeenth-Century Music Stewart Carter,2012-03-21 Revised and expanded A Performer's Guide to Seventeenth Century Music is a comprehensive reference guide for students and professional musicians The book contains useful material on vocal

and choral music and style instrumentation performance practice ornamentation tuning temperament meter and tempo basso continuo dance theatrical production and much more The volume includes new chapters on the violin the violoncello and violone and the trombone as well as updated and expanded reference materials internet resources and other newly available material This highly accessible handbook will prove a welcome reference for any musician or singer interested in historically informed performance

**Historical Dictionary of Choral Music** Melvin P. Unger, 2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers Throughout the ages people have wanted to sing in a communal context This desire apparently stems from a deeply rooted human instinct Consequently choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature Historical Dictionary of Choral Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 300 cross referenced entries on composers conductors choral ensembles choral genres and choral repertoire This book is an excellent resource for students researchers and anyone wanting to know more about choral music

**Reappraising the Seicento** Andrew Cheetham, Joseph Knowles, Jonathan Wainwright, 2014-03-26 Reappraising the Seicento presents new perspectives on some relatively well researched areas of music history and adumbrates some more arcane aspects of the period offered by fledgling scholars and early career researchers in the field of musicology The scope of the title has the potential to warrant a tome on the subject but it is not the intention to provide a comprehensive survey of music in the seventeenth century Instead five essays are presented divided into two sections which represent the research activities of young scholars with an interest in the seicento In the first part of this book compositional procedure in seicento Italy is examined through two different analytical procedures Musical styles and fashions changed considerably throughout Europe in the seventeenth century at the forefront of these changes were Italian composers and performers who found fame and influence in their native countries as well as abroad In the second part of this book the dissemination of Italian music in seventeenth century England and the appropriation and assimilation of contemporary Italian compositional techniques by English composers are considered The phenomenal interest shown in Italian music by English patrons and musicians of the seventeenth century is placed into context and is revealed to be part of a larger historical trend

Reader's Guide to Music Murray Steib, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology

French Organ Music in the Reign of Louis XIV David Ponsford, 2011-06-16 A

radical new approach to French Baroque organ music in which developments in musical style are coupled to performance practice      *Crossing Confessional Boundaries* Mary E. Frandsen, 2006-04-27 This book is an examination of the uneasy alliance of two confessions Lutheran and Catholic at the prominent seventeenth century court of Dresden and the implications of this alliance for the repertoire of sacred art music cultivated there an influential repertoire that has received only scant attention from scholars      **Choral Repertoire** Dennis Shrock, 2022 The second edition of Choral Repertoire is a comprehensive reference book about choral music in Western culture from Gregorian chant to compositions of the early twenty first century now expanded to include dozens of new composers with the aim of further expanding and diversifying the western choral repertoire      *Eroticism in Early Modern Music* Bonnie Blackburn, Laurie Stras, 2016-03-09 Eroticism in Early Modern Music contributes to a small but significant literature on music sexuality and sex in sixteenth and seventeenth century Europe Its chapters have grown from a long dialogue between a group of scholars who employ a variety of different approaches to the repertoire musical and visual analysis archival and cultural history gender studies philology and performance By confronting musical literary and visual sources with historically situated analyses the book shows how erotic life and sensibilities were encoded in musical works Eroticism in Early Modern Music will be of value to scholars and students of early modern European history and culture and more widely to a readership interested in the history of eroticism and sexuality      **The Harvard Biographical Dictionary of Music** Don Michael Randel, 1996 Biographical dictionary emphasizes classical and art music also gives ample attention to the classics as well as Jazz Blues rock and pop and hymns and showtunes across the ages      **The Art of Counterpoint in Stile Nuovo** You Young Kang, 1999
