Virginia Woolf and the Lust of Creation Shirley Panken, 1987-07-01 Every secret of a writer's soul, experience of his life and quality of his mind is written large in his work. Virginia Woolf Panken enables us to read this secret language without doing violence to the artistic integrity of the writing. Virginia Woolf's continuing need for maternal protection, her physical symptoms, depressive bent, anorexia and suicidal leanings suggest her vulnerability, inner struggle and masked rage. This book delves into the substrate of Virginia Woolf's emotional dilemmas as well as the subtexts of her novels and shows the confluence between her life and art. It brings new insights into Woolf's struggle to come to grips with her confused personal and sexual identity into her artistic conscience and into the conditions and motivations of her suicide. **Virginia Woolf**

and the Russian Point of View R. Rubenstein, 2009-09-14 This book brings together Virginia Woolf's essays and book reviews on Russian literature, her unpublished reading notes on Tolstoy, Dostoevsky, Chekhov and Turgenev, and new and insightful scholarly commentary concerning her response to each of the major Russian writers. **Virginia Woolf** Quentin Bell, 1972 The first full scale biography of the British writer written by her nephew. **Virginia Woolf** Ralph

Freedman, 2024-06-28 The renaissance of Virginia Woolf reflects a reassessment not only of Woolf as a writer but also of our social and political life as a whole. It points up differences between English and American readers, between older and younger critics, between men and women. Particularly striking in the revaluation is a tendency to approach Woolf as a soliloquist, a person rather than as a detached and formal artist. In this collection Ralph Freedman has brought together some of Woolf's most interesting commentators whose varied concerns, traditional and modern, demonstrate the vitality and scope of Woolf criticism. *Virginia Woolf: Revaluation and Continuity* contains essays by Ralph Freedman, Harvena Richter, James Hafley, Avrom Fleishman, F. P. W. McDowell, Jane Marcus, Lucio Ruotolo, Maria DiBattista, Jean O. Love, Madeline Moore, James Naremore and B. H. Fussell. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1980. **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini,

Virginia Woolf and the Great War Karen L. Levenback, 1999-05-01 Virginia Woolf was a civilian a noncombatant during the Great War Unlike the war poet Wilfred Owen she had not seen God through mud Yet although she was remembered by her husband as the least political animal since Aristotle invented the definition and called an instinctive pacifist by Alex Zwerdling her experience and memory of the war became a touchstone against which life itself was measured Virginia Woolf and the Great War focuses on Woolf s war consciousness and how her sensitivity to representations of war in the popular press and authorized histories affected both the development of characters in her fiction and her nonfictional and personal writings As the seamless history of the prewar world had been replaced by the realities of modern war Woolf herself understood there was no immunity from its ravages even for civilians Karen L Levenback s readings of Mrs Dalloway To the Lighthouse and The Years in particular together with her understanding of civilian immunity the operation of memory in the postwar period and lexical resistance to accurate representations of war are profoundly convincing in securing Woolf s position as a war novelist and thinker whose insights and writings anticipate our most current progressive theories on war s social effects and continuing presence

Virginia Woolf and the Natural World Kristin Czarnecki, Carrie Rohman, 2011-06-01 Edited collection from acclaimed contemporary Woolf scholars exploring Virginia Woolf s complex engagement with the natural world an engagement that was as political as it was aesthetic
