## **Mother Kenya Letters From Prison 1982 1988:**

**Mother Kenya** Maina Wa Kinyatti, 2009-11-06 PATRIOTISM AND STATE REPRESSION It is June 2nd 1982 The underground circles in Kenya are flooded with news of imminent arrest of various people who have taken a principled stand against the unpopular Moi Kanu regime in Kenya The previous day dictator Moi attacked them at a public meeting Among the first names mentioned is that of Maina wa Kinyatti the foremost historian in Kenya Subsequent news items continue the story Special Branch Police search Maina's house while he is out Mumbi Maina's wife stands firm and demands a list of all the items the police take away Maina defies the police who intensify search for him The following day comes the news that Maina boldly walks to the police station in his own time having completed more important assignments first Maina is subsequently charged with subversion and jailed for six years hard labor He does not get any remission of the sentence and serves all six years Most of this time was spent in solitary confinement He was adopted by Amnesty International and PEN International as Prisoner of Conscience What was it in Maina that made him a particular target of the regime What powerful force did he represent that the regime saw him as a danger to its very survival an answer to these questions can be sought only in the context of the resistance movement that has emerged in Kenya almost at the time of independence in 1963 The roots of this resistance can be traced in the economic political and social conditions after independence While the official ruling party version glorifies the early years of independence the resistance movement sees the situation differently Independence in Kenya has led to the looting and squandering of our resources and the virtual silencing of our people It has led to the increasing misery and impoverishment of the many aspirations for better lives under uhuru have been betrayed by predatory politicians who talk of nation building while fattening on the nation's wealth and people's labor These conditions then resulted in an intensified resistance movement of which Maina was a part Mwakenya places this resistance in its historical context The most dramatic development was the emergence of worker peasant based underground group They began articulating an ideology that fully reflected the workers struggle The seventies saw the development of a vigorous underground press best symbolized by Mwanguzi which ran to more than twelve issues Between 1974 and 1982 the underground groups and newspapers had become the real voice of the Kenyan people The political manifestation of these resistance activities was the December Twelve Movement DTM and the birth of its public newspaper Pambana By the time the first issue of Pambana was widely circulated in May 1982 the political situation in the country had reached a boiling point The indirectly encouraged the coup of August 1982 which almost overthrew the weakened dictator Moi But finding strength from British and U S government's support Moi came back to power in a wave of killings The arrest of Maina in 1982 is linked very closely with these developments maina had come to be identified with a number of other activists as one of the people behind the surge of activity directed towards challenging the regime in every field A full history of the post independence resistance movement will reveal that Maina was one of the people behind the

upsurge of the movement for democratic change from the mid 1970s He was part of the December Twelve Movement which published the underground publication *InDependent Kenya* which circulated widely in 1981 and was published in London by Zed Press in 1982 Maina suffered a lot in prison He was beaten and kicked Disease and hunger were used as tools of torture But Maina resisted to be reduced to scum The prison letters are testimony to his courage *Censorship of Historical Thought* Antoon De Baets,2001-12-30 History is an important dangerous and fragile subject Historical thought can be censored in widely diverging political and historiographical contexts as historians are well aware Yet the problems of censorship often thought to be obvious are rarely studied Filling a significant void this guide supplies information on the censorship of historical thought and the fate of persecuted historians in over 130 countries from Afghanistan to Zimbabwe and from 1945 to 2000 With each entry providing a chronological overview of cases and giving a full listing of sources the book is the first systematic effort to overview the repression of historical thought Aiming to encompass all countries in which censorship and persecution have taken place De Baets sketches a world map of repression that goes beyond the well known and well studied cases It assembles scattered data from three types of sources the works of censors and censored historical and biographical dictionaries and historiographical surveys and reports from international human rights organizations Showing the universality of historical censorship and its infinite variety in amount and degree the book also provides a basis for further comparative research *Abdilatif Abdalla: Poet in Politics* Marie Beck,Kai Kresse,2016-01-01 Abdilatif Abdalla Poet in Politics celebrates the work of Abdilatif Abdalla one of Kenyas most well known poets and a committed political activist It includes commentary essays on aspects of Abdilatif Abdallas work and life through inter weaving perspectives on poetry and politics language and history with contributions by East African writers and scholars of Swahili literature including Ngugi wa Thiongo Said Khamis Ken Walibora Ahmed Rajab Mohamed Bakari and Sheikh Abdilahi Nassir among others Abdalla became famous in 1973 with the publication of *Sauti ya Dhiki* Voice of Agony a collection of poems written secretly in prison during three years of solitary confinement 1969-72 He was convicted of circulating pamphlets against Jomo Kenyattas KANU government criticizing it as dictatorial and calling for political resistance in the pamphlet *Kenya Twendapi* Kenya where are we heading His poetry epitomizes the ongoing currency of classic Swahili form and language while his work overall including translations and editorships exemplifies a two way mediation between traditional and modern perspectives It makes old and new voices of Swahili poetry and African literature accessible to a wider readership in East Africa and beyond Abdalla has lived in exile since 1973 in Tanzania London and subsequently until now in Germany Nevertheless Swahili literature and Kenyan politics have remained central to his life *Black African Literature in English, 1997-1999* Bernth Lindfors,2003 This volume lists the work produced on anglophone black African literature between 1997 and 1999 This bibliographic work is a continuation of the highly acclaimed earlier volumes compiled by Bernth Lindfors Containing about 10 000 entries some of which are annotated to identify the authors discussed it covers books periodical articles papers

in edited collections and selective coverage of other relevant sources      Kenya Daniel Branch,2011-11-15 On December 12 1963 people across Kenya joyfully celebrated independence from British colonial rule anticipating a bright future of prosperity and social justice As the nation approaches the fiftieth anniversary of its independence however the people s dream remains elusive During its first five decades Kenya has experienced assassinations riots coup attempts ethnic violence and political corruption The ranks of the disaffected the unemployed and the poor have multiplied In this authoritative and insightful account of Kenya s history from 1963 to the present day Daniel Branch sheds new light on the nation s struggles and the complicated causes behind them Branch describes how Kenya constructed itself as a state and how ethnicity has proved a powerful force in national politics from the start as have disorder and violence He explores such divisive political issues as the needs of the landless poor international relations with Britain and with the Cold War superpowers and the direction of economic development Tracing an escalation of government corruption over time the author brings his discussion to the present paying particular attention to the rigged election of 2007 the subsequent compromise government and Kenya s prospects as a still evolving independent state      **Women, Land Rights and Rural Development** Esther

Kingston-Mann,2018-01-17 The failure to include gender in the economic history of rural development has severely limited our understanding of privatizing collectivist and colonial economic policies that disrupted and transformed the lives of rural women and men in the modern world This book is unique in its focus on female economic agency and in its exploration of the latter virtue in comparative historical perspective It presents the apparently disparate cases of 17th century England 20th century Russia and the Soviet Union and 20th century Kenya as their top down modernization projects were implemented in similar fashion particularly in the case of women The female half of the population was largely absent from contemporary economic databases but nevertheless stereotyped as obstacles to rational economic decision making Introducing rural women and their innovations into male centered narratives of economic history lays the foundation for a more demographically balanced and realistic understanding of rural behavior and rural development In this study women s labor and land claims are the lens through which both female agency and the delegitimizing of women s land claims become more visible Both policy makers and their leading critics deployed virtually identical language to describe backward unruly and invariably unsightly peasant women      **Guerrilla Incursions into the Capitalist Mindset** Shiraz Durrani,2024-01-23

**Guerrilla Incursions into the Capitalist Mindset** is an unprecedented collection of over 60 essays interviews petitions and letters as well as poems and short stories flowing from the pen of Shiraz Durrani It is a treasure trove of truths that has so far been obscured by the information vacuum created by capitalism and its sister imperialism By reprinting out of print material and bringing to light limited access information this book supplies a new language for understanding and articulating our realities This collection not only recovers and recollects the remnants of previous displaced history but also makes alternative ideas and experiences available Remarkably it sets the record straight by establishing a historical link
