Philosophical Anthropology in Śaiva Siddhānta Jayandra Soni,1989 Śaiva Siddhānta Hilko Wiardo Schomerus,2000-01-01 The present book being an English translation of a German book entitled Der Saiva Siddhanta by H W Schomerus gives a full and documented account of this theistic movement then as now little known in the West The book quickly became and still is the major reference work in this field in any European language Schomerus cites siddhanta scriptures on each point His book thus offers a systematic theology of the movement from its own basic texts many of which are not otherwise available in English **Encyclopedia of Indian Philosophies** Karl H. Potter,1995-01-01 This constitutes the first volume of the series It indicates the scope of the project and provides a list of sources which will be surveyed in the subsequent volumes as well as provide a guide to secondary literature for further study of Indian Philosophy It lists in relative chronological order Sanskrit and Tamil works All known editions and translations into European languages are cited where published versions of the text are not known a guide to the location of manuscripts of the work is provided *Ritual in an Oscillating Universe* Richard H. Davis,2014-07-14 Saiva liturgy is performed in a world that oscillates a world permeated by the presence of Siva where humans live in a condition of bondage and where the highest aim of the soul is to attain liberation from its fetters In this account of Indian temple ritual Richard Davis uses medieval Hindu texts to describe the world as it is envisioned by Saiva siddhanta and the way daily worship reflects and acts within that world He argues that this worship is not simply a set of ritualized gestures but rather a daily catechism in which the worshiper puts into action all the major themes of Saiva philosophy the cyclic pattern of cosmic emission and reabsorption the human path of attaining liberation the manifestation of divinity in the world and the proper interrelationship of humanity and god In re creating the convictions and intentions of a well versed worshiper of the twelfth century Davis moves back and forth between philosophical and ritual texts demonstrating the fundamental Saiva belief that the capacities of humans to know about the world and to act within it are two inter related modalities of the unitary power of consciousness Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Accessions List, South Asia* Library of Congress. Library of Congress Office, New Delhi,1990 The Quarterly Journal of the Mythic Society (Bangalore). Mythic Society (Bangalore, India),1997 **Framing cosmologies** Allen Abramson,Martin Holbraad,2016-05-16 How might the anthropological study of cosmologies the ways in which the horizons of human worlds are imagined and engaged illuminate understandings of the contemporary world This book addresses this question by bringing together anthropologists whose research is informed by a concern with cosmological dimensions of

social life in different ethnographic settings Its overall aim is to reaffirm the value of the cosmological frame as a continuing source of analytical insight Attending to the novel cosmological formations that emerge in such fields as modern markets political landscapes digital media and popular cinema the book s key task is to explore how modern circumstances are constituted within the variable imagination of worlds and their horizons It will be of interest to all students and researchers in anthropology as well as scholars in fields as diverse as film studies cultural studies comparative religion science and technology studies and broader social theory *The Vedanta Kesari* ,1990 **Choice** ,1990 **Jain Doctrine and Practice** Joseph T.
