Promotion Management A Strategic Approach:

Promotion Management John J. Burnett, 1984 *A Strategic Approach as a New Paradigm in Promotion Management*
Kim Shyan Fam, 1996 *Proceedings of the 1997 World Marketing Congress* Samsinar MD Sidin, Ajay K. Manrai, 2015-06-25
This volume includes the full proceedings from the 1997 World Marketing Congress held in Kuala Lumpur Malaysia. The focus of the conference and the enclosed papers is on marketing thought and practices from a global perspective. This volume presents papers on various topics including marketing management, marketing strategy and consumer behavior. Founded in 1971, the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory, research and practice. Among its services to members and the community at large, the Academy offers conferences, congresses and symposia that attract delegates from around the world. Presentations from these events are published in this Proceedings series which offers a comprehensive archive of volumes reflecting the evolution of the field. Volumes deliver cutting edge research and insights complimenting the Academy's flagship journals, the Journal of the Academy of Marketing Science (JAMS) and AMS Review. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science. *Strategic Approach to Human Resource Management* Tapomoy Deb, 2006. The present book is the most authentic presentation of contemporary concept, tools and application of human resource management. All the latest developments in the arena have been incorporated. It remarkably differs from the books on the subject written in a conventional manner as it does not attempt to rediscover personnel management under the garb of human resource management. A separate chapter on strategic human resource management is the uniqueness of this book. Attempt has been made to provide for the ambitious students and the inquisitive scholars a comfortable, genuine and firm grasp of key concepts for practical application of human resource management techniques in actual business organisations. Review questions have been provided at the end of each section to help the students prepare well for the examination. In its description of the entire conceptual framework of human resource management, care has been taken to avoid jargons which usually obscure a work of this kind. Another speciality of the book is that it can be used as a textbook by students and as a handbook by HR managers and practitioners. It will be highly useful for the students of MBA, MHRM, MPM, MLW, MSW in HRM and M.Com courses of all Indian universities. ***Proceedings of the 1986 Academy of Marketing Science (AMS) Annual Conference*** Naresh K.
