Propaganda The Press And Conflict:

Propaganda, the Press and Conflict David R. Willcox, 2005-09-19 An incisive analysis of the use of the press for propaganda purposes during conflicts using the first Gulf War and the intervention in Kosovo as case studies As the contemporary analysis of propaganda during conflict has tended to focus considerably upon visual and instant media coverage this book redresses the imbalance and contributes to the growing discourse on the role of the press in modern warfare Through an innovative comparative analysis of press treatment of the two conflicts it reveals the existence of five consistent propaganda themes portrayal of the leader figure portrayal of the enemy military threat threat to international stability and technological warfare As these themes construct a fluid model for the analysis and understanding of propaganda content in the press during conflicts involving British forces they also provide the background against which the author can discuss general issues regarding propaganda Amongst the issues which have become increasingly relevant to both recent academic debate and popular culture the author tackles the role of the journalist in war coverage the place of the press in a news market dominated by instant visual media and the effectiveness of propaganda in specific cultural and political context This book will appeal to advanced students and researchers in war studies media studies propaganda and psychology

Conflict Propaganda in Syria Oliver Boyd-Barrett, 2021-12-28 This book investigates rival narratives about the conflict in Syria from 2011 onwards It examines the starkly different narratives about the Syrian conflict told by mainly Western mainstream and alternative media and contrasts these narratives with the equally polarized but more nuanced narratives of mainly Western scholars and long form journalists Differences of narrative concerning the conflict include what is deemed relevant context in trying to explain the war whether the war is best seen as a civil conflict or as a proxy war fought among external powers the degree of emphasis given to the alleged crimes of the Syrian regime as opposed to the alleged violence of Salafist militia the accuracy of the origin story of the conflict in Daraa the extent to which the initial protestors were secular campaigners calling for democracy or whether they were Muslim extremists seeking a sectarian society governed by sharia law Several case studies of propaganda institutions are examined here including the journalism of Marie Colvin the role of government funded NGOs the controversies surrounding each of three major instances of alleged regime use of chemical weapons and the politicization of the Organization for the Prohibition of Chemical Weapons OPCW This book will be of much interest to students of media and communication studies propaganda studies Middle Eastern politics and International Relations in general

Media and Science-Religion Conflict Thomas Aechtner, 2020-01-22 This book examines why the religion science skirmishes known as the Evolution Wars have persisted into the 21st century It does so by considering the influences of mass media in relation to decision making research and the Elaboration Likelihood Model one of the most authoritative persuasion theories The book's analysis concentrates on the expression of cues or cognitive mental shortcuts in Darwin sceptic and counter creationist broadcasts A multiyear collection of media generated by the most

prominent Darwin sceptic organizations is surveyed along with rival publications from supporters of evolutionary theory described as the pro evolutionists The analysed materials include works produced by Young Earth Creationist and Intelligent Design media makers New Atheist pacesetters as well as both agnostic and religious supporters of evolution These cues are shown to function as subtle but effective means of shaping public opinion including appeals to expertise claims that ideas are being censored and the tactical use of statistics and technical jargon Contending that persuasive mass media is a decisive component of science religion controversies this book will be of keen interest to scholars of Religion Science and Religion interactions as well as researchers of Media and Communication Studies more generally *Routledge Handbook of Media, Conflict and Security* Piers Robinson, Philip Seib, Romy Frohlich, 2016-11-10 This Handbook links the growing body of media and conflict research with the field of security studies The academic sub field of media and conflict has developed and expanded greatly over the past two decades Operating across a diverse range of academic disciplines academics are studying the impact the media has on governments pursuing war responses to humanitarian crises and violent political struggles and the role of the media as a facilitator of and a threat to both peace building and conflict prevention This handbook seeks to consolidate existing knowledge by linking the body of conflict and media studies with work in security studies The handbook is arranged into five parts Theory and Principles Media the State and War Media and Human Security Media and Policymaking within the Security State New Issues in Security and Conflict and Future Directions For scholars of security studies this handbook will provide a key point of reference for state of the art scholarship concerning the media security nexus for scholars of communication and media studies the handbook will provide a comprehensive mapping of the media conflict field [Library of Congress Subject Headings](#) Library of Congress, Library of Congress.
