

THE PURSUIT OF THE
Heiress

ARISTOCRATIC MARRIAGE
IN IRELAND
1740-1840

A.P.W. MALCOMSON

Pursuit Of The Heiress

John Cordy Jeaffreson

Pursuit Of The Heiress:

The Pursuit of the Heiress A. P. W. Malcomson, 2006 The Pursuit of the Heiress is a new greatly enlarged and more widely focused version of what the late Lawrence Stone described as a brilliant long essay or short book on the subject of the role of heiresses among the Irish aristocracy which was published by the Ulster Historical Foundation under the same title in 1982 and has long been out of print The new book comes to the same broad conclusions about heiresses namely that their importance as a means of enlarging the estates or retrieving the fortunes of their husbands has been much exaggerated This was because known heiresses were well protected by a variety of legal devices and in common with many aristocratic women of the day also had minds and strong preferences of their own which meant that they were not generally an object of deliberate or profitable pursuit The new book also ranges more widely than its central theme of heiresses and addresses other aspects of aristocratic marriage such as abductions elopements mesalliances the supposed rise of the affective family and the disadvantaged situation of even the richest and most privileged women in an age when both adultery and divorce were largely the prerogative of men

The Pursuit of the Heiress A. P. W. Malcomson, 1982 The Pursuit of the Heiress is a new greatly enlarged and more widely focused version of what the late Lawrence Stone described as a brilliant long essay or short book on the subject of the role of heiresses among the Irish aristocracy which was published by the Ulster Historical Foundation under the same title in 1982 and has long been out of print The new book comes to the same broad conclusions about heiresses namely that their importance as a means of enlarging the estates or retrieving the fortunes of their husbands has been much exaggerated This was because known heiresses were well protected by a variety of legal devices and in common with many aristocratic women of the day also had minds and strong preferences of their own which meant that they were not generally an object of deliberate or profitable pursuit The new book also ranges more widely than its central theme of heiresses and addresses other aspects of aristocratic marriage such as abductions elopements mesalliances the supposed rise of the affective family and the disadvantaged situation of even the richest and most privileged women in an age when both adultery and divorce were largely the prerogative of men

Old World Colony David Dickson, 2005 This is a groundbreaking study of Cork's rise from insignificance to international importance as a city and port and of South Munster's development from agricultural hinterland to one of early modern Ireland's wealthiest regions and a symbol of a new commercial order Reconstructing the framework of a pre modern regional society in a way never before attempted for Ireland Old World Colony integrates social economic and political history across the heartlands of the Hidden Ireland from the seventeenth century's civil wars to Catholic emancipation in the 1820s Dickson shows that colonization and commerce transformed the region but at a price even in South Munster's formative years the problems of pre Famine Ireland gross income inequality and land scarcity were already evident Co published with Cork University Press Ireland Wisconsin edition for sale only in the U S its territories and possessions and Canada A masterful account So finely nuanced and meticulously

researched that it effectively raises the historiographical bar for Irish regional history James G Patterson H Atlantic H Net Reviews *Law, Land, and Family* Eileen Spring, 2000-11-09 Eileen Spring presents a fresh interpretation of the history of inheritance among the English gentry and aristocracy In a work that recasts both the history of real property law and the history of the family she finds that one of the principal and determinative features of upper class real property inheritance was the exclusion of females This exclusion was accomplished by a series of legal devices designed to nullify the common law rules of inheritance under which had they prevailed 40 percent of English land would have been inherited or held by women Current ideas of family development portray female inheritance as increasing in the seventeenth and eighteenth centuries but Spring argues that this is a misperception resulting from an incomplete consideration of the common law rules Female rights actually declined reaching their nadir in the eighteenth century Spring shows that there was a centuries long conflict between male and female heirs a conflict that has not been adequately recognized until now *Elite Women in Ascendancy Ireland, 1690-1745* Rachel Wilson, 2015 The late seventeenth and early eighteenth century was a period of great social and political change within Ireland as the Protestant Ascendancy gained control of the country aided by the English government and aristocracy with whom the ruling class in Ireland mixed through marriage and travel The resulting Anglo Irish elite with its distinct transnational identity differed markedly from the preceding Irish elite but at the same time because of its Irish dimension was very different also from the contemporary English and Scottish upper classes Women played key roles in this Anglo Irish elite and the nature of the Protestant Ascendancy can only be completely understood by considering women's roles fully This book provides a thorough examination of the role of women in Ascendancy Ireland It discusses marriage family and social life explores women's roles in economic and political life and in charitable activities and places Irish elite women of this period in their wider historiographical context The book is based on extensive original research including among the papers of aristocratic families in Ireland and Britain and provides a wealth of detail on elite women's lives in this period Rachel Wilson completed her doctorate in modern history at Queen's University Belfast **Love and Marriage in the Age of Jane Austen** Rory Muir, 2024-01-01 What happened when Jane Austen's heroines and heroes were finally wed Marriage is at the centre of Jane Austen's novels The pursuit of husbands and wives advantageous matches and of course love itself motivate her characters and continue to fascinate readers today But what were love and marriage like in reality for ladies and gentlemen in Regency England Rory Muir uncovers the excitements and disappointments of courtship and the pains and pleasures of marriage drawing on fascinating first hand accounts as well as novels of the period From the glamour of the ballroom to the pressures of careers children managing money and difficult in laws love and marriage came in many guises some wed happily some dared to elope and other relationships ended with acrimony adultery domestic abuse or divorce Muir illuminates the position of both men and women in marriage as well as those spinsters and bachelors who chose not to marry at all This is a richly textured account of how love and marriage felt for people at the time revealing their

unspoken assumptions fears pleasures and delights **Making Ireland English** Jane Ohlmeyer, 2012-06-26 This groundbreaking book provides the first comprehensive study of the remaking of Ireland's aristocracy during the seventeenth century. It is a study of the Irish peerage and its role in the establishment of English control over Ireland. Jane Ohlmeyer's research in the archives of the era yields a major new understanding of early Irish and British elite and it offers fresh perspectives on the experiences of the Irish English and Scottish lords in wider British and continental contexts. The book examines the resident peerage as an aggregate of 91 families not simply 311 individuals and demonstrates how a reconstituted peerage of mixed faith and ethnicity assimilated the established Catholic aristocracy. Tracking the impact of colonization civil war and other significant factors on the fortunes of the peerage in Ireland Ohlmeyer arrives at a fresh assessment of the key accomplishment of the new Irish elite making Ireland English.

The Real Shelley John Cordy Jeaffreson, 2018-09-20 Reproduction of the original *The Real Shelley* by John Cordy Jeaffreson.

Silent Renoir Colin Davis, 2021-02-17 Jean Renoir 1894-1979 is widely regarded as one of the most distinguished directors in the history of world cinema. In the 1930s he directed a string of films which stretched the formal intellectual political and aesthetic boundaries of the art form including works such as *Le Crime de Monsieur Lange* *La Grande Illusion* *La Bête humaine* and *La Règle du jeu*. However the great director's early work from the 1920s remains almost completely unknown even to film specialists. If it is discussed at all it is often seen to be of interest only insofar as it anticipates themes and techniques perfected in the later masterpieces. Renoir's films of the 1920s were sometimes unfinished commercially unsuccessful or unreleased at the time of their production. This book argues that to regard them merely as prefigurations of later achievements entails a failure to view them on their own terms as searching unsettled experiments in the meaning and potential of film art.

The Living Age, 1847

Yachting Tales William Henry Giles Kingston, 1877

Sensibility and Economics in the Novel G. Skinner, 1998-12-13 *Sensibility and Economics in the Novel* argues that the sentimental novel usually seen as a feminine genre concentrating exclusively on emotional response is in fact actively involved in contemporary economic and political debates. Spanning the period encompassing the rise heyday and decline of sentimentalism the book considers how the trajectory of the movement affected the sentimental novel's use of discourses of economics sensibility and femininity and assesses the impact of the pressures of the post-Revolutionary 1790s on these areas.

[The Spectator](#), 1872 A weekly review of politics literature theology and art.

King Mammon and the Heir Apparent George A. Richardson, 1896

Noble Strategies Judith J. Hurwich, 2006-06-01 Through the colorful family histories and rich detail of the *Zimmern Chronicle* historian Judith Hurwich examines marriage family and sexuality among the early modern German nobility. She uses the house chronicles of the Zimmern family and the families of the counts and barons with whom they intermarried to investigate marriage and nonmarital sexuality in the southwest German nobility in the late fifteenth and the sixteenth centuries. Along with a deeper look at women's roles as wives mothers and concubines *Noble Strategies* shines a light on the intimate lives of

the early modern German elite *The Heiress of Kilorgan; Or, Evenings with the Old Geraldines* Mrs. J. Sadlier, 1902
The Marygold by Temple Bar Frederick George Hilton Price, 1902 The Encyclopædia Britannica Thomas Spencer
Baynes, 1891 *Shadowed by three*, by Lawrence L. Lynch Emma M. Van Deventer, 1887 Irish Historical Studies , 1986
