Put Ozareniya The Way Of Illumination:

You Are the Splendor Marie Watts, 2015-05-27 In her introduction the author states that she does not accept the commonly held belief that illumination is for only a chosen few Illumination she states is a perfectly normal experience Her purpose in writing this book is to reveal how we may experience illumination and live as illumined beings The illumined one lives a normal life in every way but without struggle strain and worry without fear sadness or grief As we perceive the nature of illumination we witness its practicality in our daily affairs But it does not stop here This Truth is evidenced in and as the affairs of the world The illumined are the light of the world and this light cannot be hidden The author asks us to stop living on promises and hopes of a better world in the future and instead realize that God is All now and here This Truth accepted and realized is evidenced as the world as it is not as it appears to be Truly the undivided Light is come and we are the Light
