Gender and the Book Trades Elise Watson, Jessica Farrell-Jobst, 2024-12-02 This volume proposes a new and radically inclusive approach to the study of the book by using gender as a tool of analysis While female authors and women in the book trades have long been studied gender itself has yet to be explored as a methodology rather than a subject in book history We argue that putting gender analysis into practice requires thinking inclusively about both the book world and the interactions of its participants from the beginning With twenty five pioneering case studies that stretch from colonial Peru to modern Delhi using a variety of intersectional methodologies including network analysis critical bibliography and queer theory Gender and the Book Trades

**Re-Covering Modernism** David Earle, 2016-03-03 In the first half of the twentieth century modernist works appeared not only in obscure little magazines and books published by tiny exclusive presses but also in literary reprint magazines of the 1920s tawdry pulp magazines of the 1930s and lurid paperbacks of the 1940s In his nuanced exploration of the publishing and marketing of modernist works David M Earle questions how and why modernist literature came to be viewed as the exclusive purview of a cultural elite given its availability in such popular forums As he examines sensational and popular manifestations of modernism as well as their reception by critics and readers Earle provides a methodology for reconciling formerly separate or contradictory materialist cultural visual and modernist approaches to avant garde literature Central to Earle's innovative approach is his consideration of the physical aspects of the books and magazines covers dust wrappers illustrations cost which become texts in their own right Richly illustrated and accessibly written Earle's study shows that modernism emerged in a publishing ecosystem that was both richer and more complex than has been previously documented
