applicants had not been given sufficient information when new eligibility rules were enforced The Ombudsman has set out a number of recommendations which include that ex gratia compensation schemes should be devised with due regard to the need to give proper examination to all relevant issues any changes to such schemes should be properly publicised and explained and where any complaints occur regarding such schemes it would be good administrative practice to initiate a review Furthermore that scheme rules should be clearly articulated **How Louisville Put it All Together** Story Moorefield, United States.
