Putting The World Together:

Educational Ministry in the Logic of the Spirit James E. Loder, 2018-07-20 In November 2001 James E Loder Jr Professor of the Philosophy of Christian Education for forty years at Princeton Theological Seminary suddenly died He was a creative and profound thinker who had just completed a promising book In it he developed a compelling interdisciplinary model to disclose how the divine Spirit affirms reconstitutes and transforms the human spirit to bring new energy and creativity into human experience He called it redemptive transformation You now hold that book in your hands Those who know Loder s work are confident that Educational Ministry in the Logic of the Spirit though delayed for over fifteen years will still become the best introduction to his complex thought More important it offers the imaginative means by which we may learn to attune ourselves and our faith communities to what God is doing in our fractured distracted and self destructive world to bring about a revolution of love the fruit of Christ s Spirit and the center of our human vocation *Event Universe*

Leemon B. McHenry, 2015-07-01 Leemon McHenry argues that Whitehead s metaphysics provides a more adequate basis for achieving a unification of physical theory than a traditional substance metaphysics drawing on Maxwell Einstein Quine Russell and Broad [She Was One of Us](#) Brigid O Farrell, 2012-01-15 Although born to a life of privilege and married to the President of the United States Eleanor Roosevelt was a staunch and lifelong advocate for workers and for more than twenty five years a proud member of the AFL CIO s Newspaper Guild *She Was One of Us* tells for the first time the story of her deep and lasting ties to the American labor movement Brigid O Farrell follows Roosevelt one of the most admired and in her time controversial women in the world from the tenements of New York City to the White House from local union halls to the convention floor of the AFL CIO from coal mines to political rallies to the United Nations Roosevelt worked with activists around the world to develop a shared vision of labor rights as human rights which are central to democracy In her view everyone had the right to a decent job fair working conditions a living wage and a voice at work *She Was One of Us* provides a fresh and compelling account of her activities on behalf of workers her guiding principles her circle of friends including Rose Schneiderman of the Women s Trade Union League and the garment unions and Walter Reuther the most dangerous man in Detroit and her adversaries such as the influential journalist Westbrook Pegler who attacked her as a dilettante and her labor allies as thugs and extortioners As O Farrell makes clear Roosevelt was not afraid to take on opponents of workers rights or to criticize labor leaders if they abused their power she never wavered in her support for the rank and file Today union membership has declined to levels not seen since the Great Depression and the silencing of American workers has contributed to rising inequality In *She Was One of Us* Eleanor Roosevelt s voice can once again be heard by those still working for social justice and human rights

Jesus Changes Everything Doug Burleigh, 2021-06-01 Discover how participating in religion or having information about Jesus is not the same as knowing Jesus personally There is significant difference between pursuing a personal encounter with Jesus and pursuing information about Jesus Information alone can become heavy religious baggage Information does not love forgive comfort save or heal Jesus does Many people desire a closer relationship with Jesus of Nazareth and are seeking a deeper understanding of his teaching and how they might apply to their daily life Would it surprise you to know that Jesus has the same desire He wants to know you love you and be part of your daily life The teachings of Jesus reveal the heart of Jesus as nothing else does An intriguing and inspiring book that offers invaluable lessons about living an abundant life drawn from the fascinating experiences of the author and the captivating stories about people from all walks of life who were blessed by spiritual enlightenment Edwin Meese III former US Attorney General Ronald Reagan Distinguished Fellow Emeritus at Heritage Foundation An amazing book that captures the essential teachings of Jesus and how to apply them as a modern day disciple This book could be titled Jesus Distilled If anyone is interested in learning more about the Jewish carpenter of Nazareth and how He changed everything I highly recommend Doug Burleigh s new book Jim Slattery lawyer businessman and former Democrat Congressman Kansas 2nd District

Peacing the World Together FRANK JAMES UNGER, 2007-11-14 A small refrigerator magnet has adorned our kitchen for more years than I can remember It bears the image of a dove with the words Let there be peace at least between you and me The three square inches it has displaced is opposite in proportion to its magnitude in the lives of family and friends It is a mantra a goal a challenge Because for so many peace does not come easily or naturally Archeological evidence substantiates human irascibility Indeed Homo sapiens were endowed with tendencies toward turbulence Bones shattered by instruments of humanoids are not uncommon to ancient skeletons Written documents confirm the same Cain and Able David and Goliath dozens of bloody wars and holocausts are recorded in biblical and pre

Decision-Making for a Sustainable Environment Chris Maser,2012-07-26 Increasingly environmental decision making is like playing a multidimensional game of chess With interactions between the atmosphere the litho hydrosphere and the biosphere the game is at once a measure of complexity uncertainty interdisciplinary acuity social environmental sustainability and social justice for all generations As such it Nowhere to Go E. Fuller Torrey,2025-03-20 This open access book attempts to answer the question Why are so many severely mentally ill people homeless or incarcerated Updated since it s original 1988 release this book tracks the history of this question in the United States The answer begins in 1955

when the United States deinstitutionalized the 559 000 patients who were in state mental hospitals Today only 35 000 remain In 1963 Congress funded President Kennedy s proposed federally funded Community Mental Health Centers CMHCs whose main purpose was to provide care for the patients being released from the hospitals However most of the CMHCs never did so but rather became counseling centers for individuals with less serious mental illnesses The lack of psychiatric aftercare for severely mentally ill individuals resulted in more than 200 000 of them who are homeless and more than 250 000 others who are in jails and prisons This story also includes little known details such as the role played by conscientious objectors who worked in the state hospitals during WWII Rosemary Kennedy s psychosis the influence of the conservative John Birch society on Presidents Nixon and Reagan and mental health myths incorrectly attributed to Reagan Finally the book discusses what needs to be done to improve the mental illness treatment system This is an ideal guide for psychiatrists psychologists and members of the public who are concerned about homelessness
