Communication History Wm. David Sloan,2013-11-05 This unique volume is based on the philosophy that the teaching of history should emphasize critical thinking and attempt to involve the student intellectually rather than simply provide names dates and places to memorize The book approaches history not as a cut and dried recitation of a collection of facts but as multifaceted discipline In examining the various perspectives historians have provided the author brings a vitality to the study of history that students normally do not gain The text is comprised of 24 historiographical essays each of which discusses the major interpretations of a significant topic in mass communication history Students are challenged to evaluate each approach critically and to develop their own explanations As a textbook designed specifically for use in graduate level communication history courses it should serve as a stimulating pedagogical tool *Objectivity, Method and Point of View*

Dussen,Rubinoff,2022-07-04 The essays collected together in this volume originated with a symposium which addressed a variety of issues associated with the publications of Professor W H Dray in the philosophy of history In this expanded version of the original symposium to which Professor Dray has provided a critical response a group of prominent philosophers and historians address the central questions posed by contemporary philosophy of history such as the logic and methodology of historical explanation the selection and uses of evidence the fact value relationship the nature of historical causation the question of conflicting interpretations and their possible resolution the idea of history as a school of practical wisdom and the question whether history has any discernable pattern or meaning These issues are approached from the experience of both historians and philosophers and represent an important increment to the long standing and continuing debates concerning the nature and aims of the practice and philosophy of history **History and Theory** ,1985 **America, History and Life**

,1987 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *Doing History* Mark Donnelly,Claire Norton,2012-05-23 History as an academic discipline has dramatically changed over the last few decades and has become much more exciting and varied as a result of ideas from other disciplines the influence of postmodernism and historians incorporation of their own theoretical reflections into their work The way history is studied at university level can vary greatly from history at school or as represented in the media and *Doing History* bridges that gap Aimed at undergraduate and postgraduate students of

history this is the ideal introduction to studying history as an academic subject at university Doing History presents the ideas and debates that shape how we do history today covering arguments about the nature of historical knowledge and the function of historical writing whether we can really ever know what happened in the past what sources historians depend on and whether historians versions of history have more value than popular histories This practical and accessible introduction to the discipline introduces students to these key discussions familiarises them with the important terms and issues equips them with the necessary vocabulary and encourages them to think about and engage with these questions Clearly structured and accessibly written it is an essential volume for all students embarking on the study of history
