**Determining the College Football Playoff: Weighted Wins, A Better Approach** Ray D. Theis, Mark G. Terwilliger, 2021-09-21 In this book we explore the history of college football and in particular the mythical college championship from 1869 to the present day For several years different media outlets took it upon themselves to declare a national championship which led to nothing short of confusion In one year four different teams were named champion This chaotic situation and accompanying controversy ultimately led to the creation of the Bowl Championship Series or BCS Initially the BCS selection was based on a formula that incorporated several polls and computer models However the proprietary nature of the computer models and the complexity of the mathematics used to combine the data sources to arrive at the final selection did very little to quiet the controversy This led to the creation of a selection committee to choose the four best teams to compete in a four team playoff Again controversy has ensued with many questioning the politics and nebulous capricious nature of the criteria We have created an alternate model which we have dubbed the weighted wins system that defines a simple unbiased and consistent mechanism for evaluating and comparing the records of the teams in the NCAA's Bowl Subdivision We have compared the results of the weighted wins model against forty years of actual game results and found that it generates very similar outcomes The primary difference is that it completely removes politics from the selection process and offers a clear path to the playoffs for all members of the Bowl Subdivision

**Honor on the Line** Robert J. Scott, Myles A. Pocta, 2012-07 It was the fall of 1940 and Americans turned to college football for relief from the turbulent world around them The Depression still had its grip on the nation and across the Atlantic the Battle of Britain raged As war crept closer every day the nation's first peacetime draft called Americans to the defense of the country While the great Tom Harmon of Michigan set new standards on the gridiron on other fields black stars struggled for the right to play At Stanford coaching genius Clark Shaughnessy reinvented the

game and in the process engineered the greatest turnaround in the history of college football But the team everybody was talking about was Cornell Fueled by the most powerful offense in the country the Big Red dominated the national rankings until on a snowy field at Dartmouth they eked out a win with a touchdown on the last play of the game or did they When it came to light that the touchdown had been scored on a grievous error by the officials Cornell undefeated and in the race for the national championship faced a wrenching decision The 1940 season was one of the most exciting on record and one that taught America about the values that really matter Great Teams in College Football History Luke DeCock,2005-12-13 Discusses ten of the greatest college football teams ever and explains what it was that made each one so great *Lists of College Football Team Records* Source Wikipedia,2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online Pages 30 Chapters List of 100 point games in college football List of 500 point seasons in college football List of most consecutive games scoring in NCAA football List of NCAA Division I FCS playoff appearances by team List of NCAA Division I football teams with 800 wins List of NCAA football bowl records List of NCAA football teams by wins List of undefeated NCAA Division I football teams Longest NCAA Division I football winning streaks Most consecutive wins over one opponent NCAA football Most weeks ranked number 1 NCAA football NCAA Division I FBS football win loss records NCAA Division I FCS FBS football win loss records NCAA Division I FCS football win loss records NCAA football overtime records Excerpt This is a list of undefeated NCAA Division I football teams which describes all teams that finished a college football season in the NCAA s Division I or historic equivalent without any losses NCAA Division I Football Bowl Subdivision FBS is currently the highest division of play in college football However this nomenclature and these categories of divisional play have only existed since 2006 and 1978 respectively Prior to the formation of the NCAA in 1906 there was no differentiation between the level of play from one college to another and thus all intercollegiate teams can be thought of as having played in the same division Likewise even after the formation of the NCAA there was no differentiation into divisions until 1956 when play was separated in the upper University division and lower Collegiate division In 1973 a three division reorganization occurred placing teams into NCAA Division I highest Division II or Division III lowest In 1978 Division I was further subdivided into Division I A highest and Division I AA In 2006 these subdivisions were renamed Division I **Pigskin Warriors** Steven Travers,2009-10-16 From the leather helmet era to the media circus of college football today Travers presents a carefully researched examination of college football and its role in our society Photographs complement the text providing a deep sense of how the sport has evolved details our obsession with identifying winners and uses examples of popular culture the top 8 football movies of all time to accent the influence this sport has on our culture Inside College Football (Set) ,2020-08 **College Football Glorious Games of the Past** Steve Fulton,2020-11-09 A Historical look at past College Football games Game of the Century Memorable games Great comebacks Great games of the 20th Century When number 1 played number 2 when number 1 ranked teams lost to an unranked team
