## **Q Squared Star Trek The Nest Generation:**

**Q-Squared** Peter David,1995-08-01 In all of his travels Captain Jean Luc Picard has never faced an opponent more powerful than Q a being from another continuum that Picard encountered on his very first mission as Captain of the Starship Enterprise In the years since Q has returned again and again to harass Picard and his crew Sometimes dangerous sometimes merely obnoxious Q has always been mysterious and seemingly all powerful But this time when Q appears he comes to Picard for help Apparently another member of the Q continuum has tapped into an awesome power source that makes this being more powerful than the combined might of the entire Q continuum This renegade Q is named Trelane also known as the Squire of Gothos who Captain Kirk and his crew first encountered over one hundred years ago Q explains that armed with this incredible power Trelane has become unspeakably dangerous Now Picard must get involved in an awesome struggle between super beings And this time the stakes are not just Picard s ship or the galaxy or even the universe this time the stakes are all of creation

**Into the Nebula** Gene DeWeese,2000-09-22 The members of the Starship Enterprise must find the people responsible for destroying the planet before an entire civilization dies out While exploring an unknown region of space the U S S Enterprise encounters a strange nebular dust Upon further investigation they discover a planet called Krantin on which the plant and animal life as well as the civilization are dying A series of explosions and a ship that simply disappears into thin air lead the crew to believe another group is causing the devastation of the planet The leader of the planet s society however is wary of trusting the Starship Enterprise crewmembers and has the away team arrested With time running out Data must find a way to save his crewmates or watch as two worlds are destroyed

**Star Trek: The Next Generation: Q&A** Keith R. A. DeCandido,2007-09-25 After facing the Borg menace the crew of the U S S Enterprise is looking forward to a little exploration when the enigmatic Q informs them that the universe is at stake if they don t unravel the mystery of a strange planet in this Star Trek The Next Generation novel Nearly two decades ago Jean Luc Picard took command of the U S S Enterprise NCC 1701 D knowing it was an honor without equal On her first mission the Enterprise was sent to Farpoint Station for a simple straightforward investigation Perfect for a crew that had never served together Then there was Q an omnipotent lifeform that seemed bent on placing obstacle after obstacle in the ship s and in particular in Picard s way And it hadn t ended with that first mission When he was least expected Q would appear Pushing prodding testing At times needling captain and crew with seemingly silly pointless and maddening trifles Then it would turn all too serious and the survival of Picard s crew was in Q s hands Why was it today that Picard was remembering the day he took command of the Enterprise D Now he commanded a new ship the Enterprise E with a different crew But Picard couldn t shake the feeling that something all too familiar was going on All too awful All too Q
