The Long Time | Die währende Zeit Donald Berger, 2015-03-02. Eine eindrucksvolle Stimme aus New York erstmals bersetzt ins Deutsche. Die Gedichte von Donald Berger, der 1956 in New York City geboren wurde, haben einen unverkennbaren Ton. Sie sind lakonisch und unruhig zugleich, unterlegt mit höchstem Raffinement. Berger arbeitet mit und im Material der Alltagssprache; er steht in der Tradition der amerikanischen Popdichter wie Allen Ginsberg und ebenso in der einer symbolistischen europäischen Poesie. Seine Gedichte entstehen als Übersetzungen einer an die Sprache und das Sprechen gebundenen Analyse und meiden das direkte Aussprechen von Gefühlen; sie geben nicht vor, eine Wahrheit zu verkünden.

The Quality of Literature Willie van Peer, 2008. Evaluation is central to literary studies and has led to an impressive list of publications on the status and history of the canon. Yet it is remarkable how little attention has been given to the role of textual properties in evaluative processes. Most of the chapters in *The Quality of Literature* redress this issue by dealing with texts or genres ranging from classical antiquity via Renaissance to twentieth century. They provide a rich textual and historical panorama of how critical debate over literary quality has influenced our modes of thinking and feeling about literature and how they continue to shape the current literary landscape. Four theoretical chapters reflect on the general state of literary evaluation while the introduction weaves the different threads together aiming at further conceptual clarification. This book thus contributes to a deeper understanding of the problems that are at the heart of past and present debates over literary quality.

Readers' Guide to Periodical Literature, 1910 *Readers' Guide to Periodical Literature* Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1910 *Unfettering Poetry* J. Robinson, 2006-04-29. This book calls attention to the pervasive but largely unacknowledged poetics of the Fancy evident in poetry written during the British Romantic period. These poetics Robinson demonstrates are an early nineteenth century version of what will become the visionary, experimental, open form poetics of the twentieth century.

Bulletin of the Brooklyn Public Library Brooklyn Public Library, 1928 **Poetry FM** Lisa Hollenbach, 2023-05-12. Poetry FM is the first book to explore the dynamic relationship between post-1945 poetry and radio in the United States. Contrary to assumptions about the decline of literary radio production in the television age, the transformation of the broadcasting industry after World War II changed writers' engagement with radio in ways that impacted both the experimental development of FM radio and the oral performative emphasis of postwar poetry. Lisa Hollenbach traces the history of Pacifica Radio, founded in 1946, the nation's

first listener supported public radio network through the 1970s from the radical pacifists and poets who founded Pacifica after the war to the San Francisco Renaissance Beat and New York poets who helped define the countercultural sound of Pacifica stations KPFA and WBAI in the 1950s and 1960s to the feminist poets and activists who seized Pacifica's frequencies in the 1970s In the poems and recorded broadcasts of writers like Kenneth Rexroth Jack Spicer Allen Ginsberg Amiri Baraka Audre Lorde Pat Parker Bernadette Mayer and Susan Howe one finds a recurring ambivalence about the technics and poetics of reception Through tropes of static noise censorship and inaudibility as well as voice sound and signal these radiopoetic works suggest new ways of listening to the sounds and silences of Cold War American culture *Contemporary British Poetry* James Acheson, Romana Huk, 1996-09-12

Devoted to close readings of poets and their contexts from various postmodern perspectives this book offers a wide ranging look at the work of feminists and post feminist poets working class poets and poets of diverse cultural backgrounds as well as provocative re readings of such well established and influential figures as Donald Davie Ted Hughes Geoffrey Hill and Craig Raine Contributors include many respected theorists and critics such as Antony Easthope C L Innes John Matthias Edward Larrissy Linda Anderson Eric Homberger Alastair Niven R K Meiners and Cairns Craig in addition to new writers working from new theoretical perspectives Their approaches range from cultural theory to poststructuralism each essayist addresses a general audience while engaging in debates of interest to postgraduates and specialists in the fields of twentieth century poetry and cultural studies The book's strength lies in its diversity at every level **The Oxford Handbook of Contemporary British and Irish Poetry** Peter Robinson, 2013-09-26

The Oxford Handbook of Contemporary British and Irish Poetry offers thirty eight chapters of ground breaking research that form a collaborative guide to the many groupings and movements the locations and styles as well as concerns aesthetic political cultural and ethical that have helped shape contemporary poetry in Britain and Ireland The book's introduction offers an anthropological participant observer approach to its variously conflicted subjects while exploring the limits and openness of the contemporary as a shifting and never wholly knowable category The five ensuing sections explore a history of the period's poetic movements its engagement with form technique and the other arts its association with particular locations and places its connection with and difference from poetry in other parts of the world and its circling around such ethical issues as whether poetry can perform actions in the world can atone redress or repair and how its significance is inseparable from acts of evaluation in both poets and readers Though the book is not structured to feature chapters on authors thought to be canonical on the principle that contemporary writers are by definition not yet canonical the volume contains commentary on many prominent poets as well as finding space for its contributors enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers *Aaron Hill, Poet, Dramatist, Projector* Dorothy

Brewster,1913 *In Plain Sight* Alexandra Socarides,2020-02-06 *In Plain Sight* explores how the poetry of nineteenth century American women that was once so visible within American culture could have with the exception of that by Emily Dickinson so thoroughly disappeared from literary history By investigating erasure not merely as something that was done to these women but as the result of the conventions that once made the circulation of their poetry possible in the first place this volume offers the first book length analysis of the conventions of nineteenth century American women s poetry While each of the chapters focuses on a specific convention taken together they tell the complicated story of nineteenth century American women s poetry tracing the spaces within literary culture where it lived and thrived the spaces from which it was always in the process of vanishing By reclaiming these conventions as a constitutive part of nineteenth century American women s poetry this book asks readers to take seriously the work these women produced and the role their work might play in remapping American literary history Metamodernism and Contemporary British Poetry Antony Rowland,2021-10-07 This book discusses contemporary British poetry in the context of metamodernism The author argues that the concept of metamodernist poetry helps to recalibrate the opposition between mainstream and innovative poetry and he investigates whether a new generation of British poets can be accurately defined as metamodernist Antony Rowland analyses the ways in which contemporary British poets such as Geoffrey Hill J H Prynne Geraldine Monk and Sandeep Parmar have responded to the work of modernist writers as diverse as T S Eliot H D and Antonin Artaud and what Theodor Adorno describes as the overall enigma of modern art **Aaron Hill** Christine Gerrard,2003 During his lifetime Aaron Hill was one of the most lively cultural patrons and brokers on the London literary scene an image hard to square with the company of undistinguished scribblers to which Pope relegated him in the *Dunciad* Aaron Hill *The Muses Projector* 1685 1750 the first biography of this fascinating figure for nearly a century aims to correct the distorted picture of the Augustan cultural scene which Pope passed down to posterity Hill deliberately confronted Pope in his attempt to free poetry s sublime and visionary potential from the stale platitudes of neo classical convention An early champion of women poets he also enjoyed close relationships with Eliza Haywood and Martha Fowke and brought his three writing daughters Urania Astrea and Minerva into close contact with his lifelong friend the novelist Samuel Richardson In 1711 Hill as stagemanager and librettist introduced Handel to the English stage as well as lobbying tirelessly for innovation in the eighteenth century theatre His entrepreneurial energies directed at both commercial and cultural projects mirror the zeitgeist of early Hanoverian Britain *American Aberdeen-Angus Herd Book* American Angus Association,1906
