- **Quality Cost:**

- It is represented by the costs encountered in:
 - preventing
 - finding
 - correcting the defective work
 - warranty & rework
- It represents the basis through which investment in quality projects can be actually evaluated in terms of cost improvement, profit enhancement....
- Quality Costs have an impact through the entire life cycle of the product, it does not stop at the shipping phase
- They represent in general a significant amount
- It is affected (reduced) by Total Quality Control.
