Quantitative Measures of China's Economic Output Alexander Eckstein, Social Science Research Council (U.S.), Joint Committee on Contemporary China. Subcommittee on Research on the Chinese Economy, 1980 Monographic compilation of conference papers in homage to Alexander Eckstein on macro economic indicators of China's economic development trends 1949-1975 examines available estimates and issues in data collecting and economic analysis concerning agricultural production industrial production gross domestic product prices capital formation etc and includes a list of Eckstein's publications Bibliography pp 435 to 440 references and statistical tables Festschrift Eckstein A economist Conference held in Washington 1975 Jan *The Chinese Economy* Gregory C. Chow, 1987 The main purpose of this book is to apply the basic tools of economic analysis to the economy of the Peoples Republic of China It is written for students of economics who would like to understand China for students of China who would like to understand economics and for professional economists and lay readers who would like to understand the Chinese economy The study of the Chinese economy is interesting to economists for several reasons First China has a different cultural background and a different set of social and political institutions from the Western countries in which most of the tools of economic analysis have been developed It is therefore interesting to see how these tools can be applied to China and how they ought to be further developed or modified in the Chinese context Second many drastic changes in economic policy and economic institutions have taken place since the founding of the People's Republic of China Such important experiments in economics provide rare opportunities to study their results Third since the later 1970s much more information on the Chinese economy has become available It is time for us to digest to scrutinize and possibly to help improve the economic data on China **Quantitative Measures of China's Economic Output** Alexander Eckstein, 1980 **China's Development Experience in Comparative Perspective** Joint Committee on Contemporary China. Subcommittee on Research on the Chinese Economy, 1980 Monographic collection of essays on comparison of economic development trends and economic policy in China and experiences in other developing countries covers economic growth employment public debt income distribution regional development choice of technology health services etc Diagrams map and references **Agricultural Economics and Rural Sociology** Wallace C. Olsen, 1991 The first of an eight volume series The Literature of the Agricultural Sciences this book analyzes the trends in the published literature of agricultural economics and rural sociology during the past fifty years It uses citation analysis and other bibliometric techniques to identify the primary journals report series and monographs of current importance to the developed industrial countries as well as those in the Third World Economic Inequality and Poverty Lars Osberg, 2017-07-28 This title was first published in 1991 This collection focuses on the concepts and measurements of inequality poverty the concentration of wealth and the implications of these issues for social policies A special feature of this work is the international comparisons of the evidence on economic inequality Appendix to the Rice Economy of Asia Beth

Rose,2016-03-17 Originally published in 1985 Beth Rose s Appendix to the Rice Economy of Asia provides twenty six tables detailing various rice statistics across Asia from the beginning of the twentieth century through to the 1980 s Statistics presented include total crop area rice production and yield import and export rice prices farm wages and populations of countries or areas within Asia This title will be of interest to students of Environmental Studies and Economics **The Political Economy of Chinese Development** Mark Selden,2016-09-16 The first edition of The Political Economy of Chinese Socialism reconceptualized the political economy of China by highlighting the changing character of urban rural and state society conflicts in the era of Mao Zedong s leadership and in the contemporary post Mao reforms The economic and social crises that engulfed China and indeed much of the rest of the socialist world in the late 1980s culminating in the 1989 democratic movement and its suppression stimulated a rethinking of central propositions of the first edition It particularly led the author to inquire anew into the meaning of socio political as well as economic development in a populous and poor agrarian nation This volume then assesses the economic performance and social consequences of China s political economy over four decades with a focus on China s countryside and city countryside relations In addition to a reconceptualization and updating of the introductory chapter there is a new chapter The Social Origins and Limits of the Chinese Democratic Movement **China Bibliography** Harriet T. Zurndorfer,2021-12-06 This volume serves as a guide to all facets of China study from advice on choosing an appropriate literary dictionary to finding the most recent yearbooks that offer statistical data about the contemporary economy China Bibliography does not restrict itself to one particular discipline but considers the development of Chinese civilization as a whole from its imperial beginnings to the present and therefore demonstrates how one would find information about Chinese history literature religion linguistics collectanea as well as present day PRC economic and political policies Because this book also explains how bibliographical data on China has accumulated over the last 300 years including within China itself it also may help the reader understand the significance of a particular type of reference work *The Economic Transformation Of China* Dwight Heald Perkins,2015-03-27 The Economic Transformation of China is a collection of essays written by an eminent observer of the Chinese economy The book covers the Chinese transformation beginning in the 1950s and continuing through the second decade of the twenty first century It includes an analysis of the forces that held China back before 1949 the nature of the economy as it operated under the Soviet model of development and the transformation since 1978 into a socialist market economy The essays of the post 1978 era reflect the author s view of the state of the reform effort at the time the essay was written and carries the story up to the 2012 2013 slowdown in economic growth Development Centre Studies Chinese Economic Performance in the Long Run, 960-2030 AD, Second Edition, Revised and Updated Maddison Angus,2007-09-28 This book uses a comparative approach to explain why China s role in the world economy has changed so dramatically in the last thousand years This edition has been revised and updated and Chapter 4 is new It concludes that China will resume its role as the world s largest economy by 2015

The Transition to Socialism in China (Routledge Revivals) Mark Selden, Victor Lippit, 2016-07-01 First published in 1982 The dramatic changes in policy and theory following the death of Chairman Mao in 1976 and the publication of the most extensive official and unofficial data on the Chinese economy and society in twenty years both necessitated and made possible a thorough reconsideration of the full range of issues pertaining to the political and economic trajectory of the People's Republic in its first three decades The contributors to this volume initiated a comprehensive effort to address fundamental problems of China's socialist development and to reassess earlier perspectives and conclusions **Dollar GNP Estimates for China** Jeffrey R. Taylor, 1991 The Rice Economies Francesca Bray, 2023-04-28 The contrast in the rate of growth between Western and Eastern societies since 1800 has caused Asian societies to be characterized as backward and resistant to change though until 1600 or so certain Asian states were technologically far in advance of Europe The Rice Economies drawing on original source materials examines patterns of technological and social evolution specific to East Asian wet rice economies in order to clarify some general historical trends in economic development This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994 The contrast in the rate of growth between Western and Eastern societies since 1800 has caused Asian societies to be characterized as backward and resistant to change though until 1600 or so certain Asian states were technologically far in advance of Eur **China's Foreign Trade Reforms** John C. Hsu, 1989 Recent events in China have revealed a nation struggling to reconcile its new thinking with its traditional institutions and practices This book provides an assessment of one aspect of the reform process the foreign trade system The reforms in China have heralded a new openness in Chinese economic policy In this book his first full length work on the subject Dr Hsu investigates the impact of the reforms on China's foreign trade and consequently on the domestic economy In the process he examines such issues as the role of foreign trade in China's economic development the institutional changes involved in the foreign trade reforms and the efficiency of the new foreign trade incentive system He then evaluates the possibilities for further foreign trade reforms in the future In conclusion Dr Hsu suggests that Chinese enterprises have been slow to respond to changes in domestic and international market conditions and that exposure to foreign markets has exacerbated inflation problems in the Chinese economy As a result he finds that China has not enjoyed the full potential benefits of its reform program This book will be of interest to economists political scientists Asian studies specialists and others interested in the economic ramifications of China's reform process It is a timely and thorough account of this crucial aspect of reform and an important addition to the growing body of literature on the restructuring of modern communist states **China's Grain Production And Trade** Colin A. Carter, 2019-04-10 China with over 20 percent of the earth's population is both the world's largest producer and largest consumer of cereal grains As a
