Quantum Poetry And Living In This World Verses Of Hafiz And Views On Interconnections:

Quantum Poetry and Living in this World Ḥāfiz, 2002 *Quantum Canticles* Jeffrey Collins, 2021-02-27 A collection of visionary poems that reveals the deep and sacred connections between the human mind and the spiritual realm

Secrets of Creation. Feel the Quantum World. Visionary Poetry Rakhi Roy Halder, TRANSFORM YOUR LIFE BY KNOWING THE UNKNOWN REALITIES OF THE UNIVERSE KNOW HOW WE CREATE OUR DESTINY The poems of this collection aim to enable the readers to perceive the Self and the quantum world followed by the revelation of the unique energy flowing through the entire Universe and plays a significant role in our lives What we observe is not nature itself but nature exposed to our method of questioning Werner Heisenberg Scientist The smallest atom of matter on the earth acts directly on the smallest atom of matter in the sun though they are 95 000 000 miles apart further atoms which to our knowledge are at least nineteen times that distance and indeed in cometary masses far more are in a similar way tied together by the lines of force extending from and belonging to each Michael Faraday Experimental Researches in Chemistry and Physics NOTE Our body is matter and made of atoms A human being is the part of the whole called by us Universe a whole part limited in time and space He experiences his thoughts and feelings as separate from the rest a kind of optical delusion of his own consciousness This delusion is a prison for us restricting us to our personal desires and to affection for a few persons nearest to us Our task must be to free ourselves from this prison by widening our compassion to embrace all living creatures and the whole of nature and its beauty Albert Einstein Focusing on developing a comprehensive and practical philosophy of life to gain universal consciousness is one of the significant aims of the poems of this collection The poems of this collection present this truth with the scientific approach that Man is the creator of his destiny The poems of this collection present the concept and rationale of World Self Universe Quantum Energy Vision and Recommendation for World Peace to find out possible ways to enrich the Self of individuals for making the world a better place to live in The poems of this collection bring forward the necessity to gain quantum consciousness for self purification and character building as each person faces the effects of the quantum energy released by his actions Click the BUY BUTTON and choose the path of Self Transformation SO IN HEAVEN JULIAN MONES CAZON, In the unexplored corners of the human mind and in the mysterious recesses of the universe there is an ethereal link that transcends time and space This book entitled So in Heaven is a bold and captivating exploration of that deep connection between poetry and quantum reality woven with the threads of the author's lived experience To enter these pages is to embark on a journey into the unknown where verses dance in harmony with subatomic particles and where words find resonance in the quantum patterns that underlie every moment of our existence The author a bold navigator in the seas of creativity and research fuses poetic art with quantum concepts in a unique dance that challenges the conventional boundaries of literature As the reader immerses themselves in this unique work they will encounter a symphony of verses that capture the very essence of reality transcending the limitations of the

observable and the measurable The verses flow like intertwined particles creating an environment where the duality of light and dark intertwines with the duality of the tangible and the intangible The author whose own life is intertwined with the very fabric of the plot infuses moments of his own experience into narrative creating a bridge between the tangible world and the realm of poetry Every word every phrase every verse is a unique expression of the interconnectedness between the individual and the cosmos between what we see and what we cannot see between what we know and what is beyond our reach So in Heaven is a timeless testimony to human nature in its relentless search for meaning and transcendence In these pages the reader will find a reflection of their own inner and outer exploration a mirror where poetic reflections and quantum revelations are intertwined in a unique and exquisite tapestry Quantum Physics and Other Life Lessons Jonathan Warren, 2021-10-26 Set the stage with lucid intelligence interwoven with relationships to humanity and individuals Seductive love stories Humor Sensitivity to societal challenges but the poems and their creativity reassure the reader with a sense of hope or perhaps even better some humor Refreshingly out of the box Full of energy the poems roll down the page at a perfect rhythm and the images roll across our eyes
