Espacios de democracia deliberativa en contextos de reforma constitucional Cuesta López, Víctor,2022-05-03 El presente trabajo ofrece un análisis de los procesos de reforma constitucional activados en los últimos años que responden a los postulados propios de la democracia deliberativa La deliberación entendida como un proceso de interacción comunicativa dirigido a la adopción de las decisiones públicas en el que priman la reflexión crítica y el diálogo constructivo se presenta desde esta perspectiva teórica como un método ideal para forjar los amplios consensos sociales y políticos sobre los que deben descansar necesariamente los procesos de gestión del Derecho constitucional positivo Entre los casos de estudio seleccionados se encuentran la propuesta de reforma electoral para la Columbia Británica Canadá formulada en el año 2004 por una Asamblea Ciudadana el fallido proceso constituyente en la República de Islandia 2009 2013 en el que se convocan sucesivamente dos espacios de deliberación ciudadana Foro Nacional y Consejo Constitucional las enmiendas parciales a la Constitución de la República de Irlanda propuestas por la Convención Constitucional 2012 2014 y la Asamblea Ciudadana 2016 2018 que han supuesto el reconocimiento jurídico de los matrimonios entre personas del mismo sexo y la práctica de la interrupción del embarazo y los dos últimos proyectos de reemplazo constitucional en Chile el proceso Diálogos Ciudadanos 2015 2017 que sirve de base para la redacción de las Bases Ciudadanas para una Nueva Constitución propuesta de reforma abandonada tras el relevo de la presidenta Bachelet y el proceso constituyente abierto actualmente que debe llevar a la Convención Constitucional a adoptar un proyecto de Constitución debatida en democracia *Protesta y reforma en México* Diana Margarita Favela Gavia,2006 *El poder del Poder Judicial y la modernización jurídica en el México contemporáneo* Héctor Fix-Fierro,2025-02-10 Con la toma de posesión el 1 de diciembre de 2018 del nuevo gobierno federal encabezado por el presidente López Obrador se ha cerrado el periodo de intensa modernización de la vida política económica social y jurídica de México que se inició con el cambio de rumbo que impulsó Miguel de la Madrid en 1982 y que se aceleró a partir de 1988 con Salinas de Gortari Los catorce ensayos que conforman este volumen publicados entre 1995 y 2019 y revisados y actualizados en su totalidad pretenden iluminar el origen la trayectoria y el destino de los cambios y las reformas jurídicas recientes del

trascendental para la estructuración del Estado constitucional y de Derecho en nuestro ordenamiento que en una situación convulsa jurídica social y política merece una reflexión en profundidad Esta obra que nace de la idea de la participación de una serie de constitucionalistas que desde Cataluña en colaboración y diálogo con otros constitucionalistas del resto de España aborda un análisis sistemático sobre la evolución de las diferentes instituciones e institutos constitucionales determinando sus aciertos y deficiencias y estableciendo las perspectivas sobre las que abordar una posible reforma constitucional Como se trata de una situación en la cual se exponen diversas perspectivas sobre la reforma de la Constitución y estas pueden ser opuestas entre sí resulta importante poner en juego el principio de cooperación entre los diversos actores intervinientes para llegar a un resultado positivo No es necesario añadir que la presente época de nuestra realidad presente se caracteriza por una falta de comunicación de diálogo pero sobre todo de argumentos entre las diversas fuerzas políticas y sociales sobre los cambios y perspectivas de futuro de la Constitución El concepto de comunicación dialéctica que se ha pretendido en esta obra no es nuevo pero se basa en dos elementos importantes para la democracia el diálogo y el razonamiento para contraponer y analizar conceptos concepciones instituciones e institutos que se encuentran notablemente abiertos a la ambigüedad con sus debilidades y sus fortalezas en otras palabras es la consecuencia de un diálogo en el que diferentes personas dan argumentos basados en pretensiones de validez y no de poder tal como plantea J Habermas en su teoría de la acción comunicativa
