Rockefeller Internationalist:

Rockefeller "Internationalist" Emanuel M. Josephson, 2018-12-01 In Rockefeller Internationalist The Man Who Misrules the World which was first published in 1952 author Emanuel M Josephson purports to expose the global conspiracy between the Rockefeller family and the Axis powers Alleging that the Rockefeller Institute of Pacific Relations controlled the spy ring responsible for the attack on Pearl Harbor the author goes to great lengths to describe the links between the Rockefellers and companies such as IG Farben which supported Hitler's concentration camps as well as links between the Rockefeller family and Stalin in an effort to establish a global society An interesting and important historical document Rockefeller,

"internationalist," Emanuel Mann Josephson, 1952 **Right-Wing Populism in America** Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America **The Rockefeller Syndrome** Ferdinand

Lundberg, 2017-12-17 In this monumental study Lundberg traces the illegal origins of the family fortune and follows its growth and effects down through today He is at his best when he zeroes in on the grandsons John the third Laurance Winthrop Nelson and David They are America's shadowy guides with their fingers into hundreds of pies And here is the carefully researched tale of who they are how they operate and what they're done with what they've won Won by inheritance that is Nor does Lundberg neglect the Cousins the great grandchildren of John D Senior who will one day inherit it all THE ROCKEFELLER SYNDROME is no mere chit chat biography It is a wide ranging study of wielded power and money in action It is the chronicle of the on going milking and deception of the American wage earner and taxpayer It explains clearly how those much hailed philanthropies are but one more heavy burden on the inflation laden tax weary backs of lower and middle class America **International Health Organisations and Movements, 1918-1939** Paul Weindling, 1995-07-20 A series of original studies on inter war international health and welfare organisations *The Rockefellers: An American Dynasty*

Peter Collier, David Horowitz, 2022-02-18 This is the story of an American dynasty the father who built the fortune the son who cleansed the name the brothers who manipulated both the name and the fortune to their own ends and the cousins who often wish they had inherited neither Cast against the backdrop of America s history is a spectacular array of characters a bigamist a robber baron a philanthropist a world weary cynic a drifting divorcee polluters environmentalists art lovers and money manipulators An absorbing history of the Rockefeller family a swiftly paced extensively researched work of social history a tale of family tensions and neuroses of successes and failures in private and in public all of it unfolding against a backdrop of money influence and power Steven R Weisman The New York Times A n exceptionally good book John Kenneth Galbraith The New York Review of Books Collier and Horowitz present a sensitive family biography more wistful than angry more concerned with the impact of immense wealth on individual personality than on society The authors received special access to the Rockefeller family archives Gaddis Smith Foreign Affairs A startling tale emerges shattering all we know and believe about the Rockefellers destroying the legend brutally with significant revelations and yet winning a depth of sympathy for Rockefellers which three generations of PR men have not been able to manufacture William Greider Washington Post Book World A skillful portrait of great wealth A vast sweep of world shaping episodes dates and names The Houston Chronicle Impressive and intelligent skillfully organized and presented so that it matters not only to those curious about Rockefellers but to anyone curious about money and power in our society Newsweek
