Rockefeller New York A Tour By Henry Hope Reed:

Genealogies Cataloged by the Library of Congress Since 1986 Library of Congress, 1991 The bibliographic holdings of family histories at the Library of Congress Entries are arranged alphabetically of the works of those involved in Genealogy and also items available through the Library of Congress Rockefeller, New York Henry Hope Reed, 1988 **Titan** Ron Chernow, 2007-12-18 National Book Critics Circle Award Finalist From the acclaimed award winning author of Alexander Hamilton here is the essential endlessly engrossing biography of John D Rockefeller Sr the Jekyll and Hyde of American capitalism In the course of his nearly 98 years Rockefeller was known as both a rapacious robber baron whose Standard Oil Company rode roughshod over an industry and a philanthropist who donated money lavishly to universities and medical centers He was the terror of his competitors the bogeyman of reformers the delight of caricaturists and an utter enigma Drawing on unprecedented access to Rockefeller s private papers Chernow reconstructs his subjects troubled origins his father was a swindler and a bigamist and his single minded pursuit of wealth But he also uncovers the profound religiosity that drove him to give all I could his devotion to his father and the wry sense of humor that made him the country s most colorful codger Titan is a magnificent biography balanced revelatory elegantly written *Титан. Жизнь Джона Рокфеллера* Рон Чернуоу, 2020-10-26 **Art Deco New York** David Lowe, 2004 Art Deco New York takes readers on a historically rich and visually spectacular journey through New York in the early decades of the 20th century when the style known as art deco with its emphasis on machine tooled elegance and sleekness of line replaced the voluptuous beaux arts style that preceded it It was an era when floating art deco palaces like the Normandie and the Queen Mary and elegant speedy trains like Henry Dreyfuss redesigned Twentieth Century Limited transformed the way people perceived travel There are dazzling photographs many never before published of such art deco icons as Schultze and Weaver s soaring Waldorf Astoria Joseph Urban s Zeigfeld Theater and Central Park Casino and the sky piercing spire of William Van Alen s Chrysler Building This book takes a wise witty and intimate look at a style that came to New York via Paris in the 1920s and almost overnight became a quintessential symbol of modernity The public s already strong interest in art deco will be enhanced by two major art deco exhibits to be mounted 2004 and 2005 Author is a leading authority on art deco A perfect book for lovers of New York and architecture **The New York Approach** Joel Schwartz, 1993 Joel Schwartz s major reinterpretation of urban development in New York City examines Robert Moses s role in shaping the city and demonstrates for the first time that Moses s personal and ruthless crusade to redevelop New York s neighborhoods was actually sustained by his alliance with liberal city groups After World War II New York City forged ahead with urban renewal made possible by Title I of the Housing Act of 1949 While Title I was meant to help big cities replace slums with middle class housing New York instead used the program to replace housing for the poor with high rent apartments medical centers and university campuses When Title I became synonymous with callous relocation and Negro removal New Yorkers blamed Robert Moses the legendary

construction czar While many concluded that Moses's high handed ways were behind much that went wrong with their city few could explain how he operated in a town famous for its feisty neighborhoods liberal politics and pioneer interracialism From exhaustive research in previously unexamined archives Schwartz demonstrates the extent to which Moses was abetted by liberal city leaders He describes how insiders deals for choice Title I sites emerged from the old ambitions of neighborhood civic groups and public housing advocates and argues that urban liberals had long been prepared to sacrifice working class neighborhoods for the city efficient He explodes the myth of neighborhood resistance to Moses in Greenwich Village the Upper West Side and Morningside Heights and instead finds steady collaboration of local civic leaders Joel Schwartz's complex disturbing portrait of Robert Moses and the civic leaders who sustained his power will surprise and enlighten readers interested in the evolution and development of New York and of today's post industrial cities **New York-New Jersey**, 1966 New York Magazine, 1968-07-15 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Classical New York** Elizabeth Macaulay-Lewis, Matthew McGowan, 2021-05-20 Essays on the historical Greco Roman influence on the evolving architectural landscape of New York City During its rise from capital of an upstart nation to global metropolis the visual language of Greek and Roman antiquity played a formative role in the development of New York's art and architecture This compilation of essays offers a survey of diverse reinterpretations of classical forms in some of the city's most iconic buildings public monuments and civic spaces Classical New York examines the influence of Greco Roman thought and design from the Greek Revival of the late eighteenth and early nineteenth centuries through the late nineteenth century American Renaissance and Beaux Arts period and into the twentieth century's Art Deco At every juncture New Yorkers looked to the classical past for knowledge and inspiration in seeking out new ways to cultivate a civic identity and to structure their public and private spaces Specialists from a range of disciplines archaeology architectural history art history classics and history focus on how classical art and architecture are repurposed to help shape many of New York City's most evocative buildings and works of art Federal Hall evoked the Parthenon as an architectural and democratic model the Pantheon served as a model for the creation of libraries at New York University and Columbia University Pennsylvania Station derived its form from the Baths of Caracalla and Atlas and Prometheus of Rockefeller Center recast ancient myths in a new light during the Great Depression This examination of post Revolutionary art politics and philosophy enriches the conversation about how we shape space be it civic religious academic theatrical or domestic and how we make use of that space and the objects in it *The Big Onion Guide to New York City* Seth I. Kamil, Eric Wakin, 2012-04-01 A guide to a variety of witty informative walking tours in New York City Whether you're a

tourist or a native New Yorker you will appreciate this witty informative walking guide to New York City as authors Seth Kamil and Eric Wakin peel back the layers of New York's most popular neighborhoods. Here in one volume are their award-winning tours. In their Immigrant New York tour you can take a walk on the Bowery, the most infamous street in the city and learn how the city's finest roadway became America's Skid Row. In Before Stonewall you'll discover the many facets of gay and lesbian history and trace the development of Greenwich Village as a cultural mecca. From SoHo to the Upper West Side from Harlem to Brooklyn there's something in The Big Onion Guide for everyone. The authors show how it was nothing new when Mayor Giuliani was unable to ban sales by immigrant mobile food vendors. The Guide takes us to the place where the Dutch tried to ban street side sales by Scottish peddlers 350 years ago and where the great Fiorello La Guardia banned most of the pushcart salesmen at midcentury. But Kamil and Wakin are not nostalgists or preservationists. Instead their historical tours connect today's city with the snapshots of yesterday, blending social and cultural history with the evolution of different ethnic and cultural communities. The Big Onion Guide includes ten walking tours plus a 5 borough driving tour peppered with informative sidebars, illustrations and photos from the collection at the New York Historical Society. Visit the Big Onion Guide to New York City site at www.nyupress.org/bigonion
