New York Magazine, 1993-11-29 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

Burt Lancaster Ed Andreychuk, 2015-09-01 With a career in films spanning nearly fifty years, Burt Lancaster brought his unique charisma and energy to roles in films ranging from the adventurous to the bittersweet. This comprehensive filmography of Lancaster's career is accompanied by a biography that provides the background for his immense range of work on the screen. Production information, a synopsis, and commentary is provided for each of Lancaster's 85 films from the first *The Killers* to the last *Separate But Equal*. Photographs from nearly all of Lancaster's films accompany the text, and an index and bibliography are also included.

Burt Lancaster Kate Buford, 2013-07-08 Burt Lancaster is perhaps most widely remembered as the tough, iron-jawed star of films such as *Gunfight at the O.K. Corral* and *Airport*. But as this superbly readable and insightful biography demonstrates, he was an actor with much broader ambitions brilliantly realised in Visconti's *The Leopard* as well as the founder of the first actor-led production company in Hollywood. Lancaster's liberal political views led not only to frequent clashes with the House Un-American Activities Committee and a voluminous FBI file, but also a private life that was colourful even by Hollywood standards. Although a devoted father and husband to three wives, the actor took numerous lovers of both sexes. In his sexual tastes as in his choice of roles, he defied classification. Kate Buford's definitive biography offers a full, frank, sensitive, and compelling portrait of the star of Atlantic City. From *Here to Eternity* and *Elmer Gantry* for which he won a Best Actor Oscar, Lancaster emerges as a man of restless energy, relentless curiosity, and continual development as an actor, a star every bit as interesting offscreen as on. As one American reviewer put it: "Not many film stars receive first-class biographies; Burt Lancaster not only deserved one, he got one." Acclaimed biographer Kate Buford has been a regular commentator on National Public Radio in the United States since 1994.

Fade to Gray Timothy Shary, Nancy McVittie, 2016-09-06 Americans are living longer and reinventing both work and retirement, but Hollywood movies barely hint at this reality of contemporary society. In many popular films, older characters fade into irrelevance, inactivity, or absurdity, or else they stay in the background as wise elders while younger characters provide the action. Most American films do not attempt to portray the rich variety of experiences or the sensitive aging issues that people confront in the years beyond fifty. *Fade to Gray* offers one of the first extended studies of the portrayal of older people in American cinema from the silent era to the present. Writing in an accessible style for both general audiences and scholars, Timothy Shary and Nancy McVittie examine social attitudes toward aging through an analysis of hundreds of individual films, including such classics as *You Can't Take It With You* (1938), *Rosemary's Baby* (1968), *Grumpy Old Men* (1993), and *Nebraska* (2013).

They show how representations of the aging process and depictions of older people embracing or enduring the various experiences of longer lives have evolved over the past century as well as how film industry practices have both reflected and influenced perceptions of aging in American society Exposing the social and political motivations for negative cinematic portrayals of the elderly Fade to Gray also gives visibility to films that provide opportunities for better understanding and appreciation of the aged and the aging process It's Still Strictly Personal Eric Friedmann,2021-02-15 It's Still Strictly Personal continues Eric Friedmann's journey through the movies during the nine year period of 1983 to 1991 While he and the rest of the world embraced blockbuster motion pictures like Ghostbusters Back to the Future Top Gun Die Hard Batman and Terminator 2 it was also alternative films like A Passage to India Blue Velvet Platoon Do the Right Thing and Cinema Paradiso that captured his attention and continued to impact his youth while shaping a deeper and more meaningful insight to the possibilities of cinema Eric's personal story about the movies is still told with great memory and affection for those who still remember a time when movies continued to change grow and evolve into deep rooted memories for all of us who loved sitting in front of the big screen and waited for the magic to unfold Some movies we just watch Others we feel Those that we can feel may not only tell us who we once were but perhaps who we have the potential to become Eric Friedmann So are you ready to go back in time again and remember *Movies, Movie Stars, and Me* Alan Neff,2007 Alan Neff wrote movie and book reviews and interviewed Hollywood stars for the Seattle Gay News from 1983 1993 he has been published in the Advocate Movies Movie Stars and Me boasts Jim Henson Rob Lowe Demi Moore Spike Lee Lily Tomlin John Waters Pauline Kael Rita Mae Brown and other exciting personalities caught unguarded and exposed Reviews of Labyrinth Top Gun No Way Out Dirty Dancing The Whales of August Pretty Woman The Grifters Switch George Cukor A Double Life Tales of the City and much more are lively reading and can be used for reference or as a guide to picking videos And included in this format are Alan Neff's politically charged letters to the editor re printed from major periodicals *Columbia Pictures* Bernard F. Dick,2021-10-19 Drawing on previously untapped archival materials including letters interviews and more Bernard F Dick traces the history of Columbia Pictures from its beginnings as the CBC Film Sales Company through the regimes of Harry Cohn and his successors and ending with a vivid portrait of today's corporate Hollywood The book offers unique perspectives on the careers of Rita Hayworth and Judy Holliday a discussion of Columbia's unique brands of screwball comedy and film noir and analyses of such classics as The Awful Truth Born Yesterday and From Here to Eternity Following the author's highly readable studio chronicle are fourteen original essays by leading film scholars that follow Columbia's emergence from Poverty Row status to world class and the stars films genres writers producers and directors responsible for its transformation A new essay on Quentin Tarantino's Once Upon a Time in Hollywood rounds out the collection and brings this seminal studio history into the 21st century Amply illustrated with film stills and photos of stars and studio heads Columbia Pictures is the first book to integrate history with criticism of a single studio and is ideal for film lovers and scholars alike
