Rodin His Sculpture Drawings Watercol:

Auguste Rodin Antoinette Le Normand-Romain, Christina Buley-Urbe, 2006 I have drawn all my life I began with drawing I have never stopped drawing Auguste Rodin Auguste Rodin Drawings Watercolours presents a panorama of Rodin's graphic work from the black drawings contemporaneous with the Gates of Hell to his great watercolour nudes It reproduces 350 of the most beautiful drawings held in the collection at the Musée Rodin as well as some from the most important foreign collections a considerable number of which are published here for the first time Two in depth essays analyse this compelling body of work one studying the complex relationships between Rodin's drawings and sculptures the other the problems of attribution and the role of sensuality in his work Rodin's rich often sumptuous graphic oeuvre has until now been a little known aspect of his art yet is crucial to a full understanding of the great sculptor's work This book the first on the subject in well over three decades will be essential reading for Rodin's many admirers everywhere Antoinette Le Normand Romain is a National Heritage curator in charge of the sculptures at the Musée Rodin She has written widely on sculpture of the 19th and 20th centuries and particularly on Rodin on whom she has also curated many exhibitions Christina Buley Uribe is the author of *Auguste Rodin Watercolors From The Collection Of The Musée Rodin Paris* *Auguste Rodin, Drawings and Watercolors* Auguste Rodin, 1985 This exceptional publication includes nearly 200 works the majority of which come from the Musée Rodin in Paris Well produced and meticulously documented the catalogue entries are further illuminated by scores of photographs of Rodin's celebrated sculptures including such masterworks as the Balzac in Steichen's celebrated photograph the headless Striding Man and the disturbingly powerful Gates of Hell of the sculptor himself throughout his career and many of the important personalities with whom he was intimate such as Rainer Maria Rilke and Count Harry Kessler Of special interest are comparative photographs of the actual structures that accompany the famous drawings of the French cathedrals The catalogue entries of impeccable scholarship are here interwoven with the illustrations to create a stimulating biography of a master sculptor and an unique human being From publisher's description *Rodin on Art and Artists* Auguste Rodin, 2012-08-07 In an intimate talk with his protégé the sculptor offers candid wide ranging comments on the meaning of art other famed artists the relation of sculpture to poetry painting and music more 76 illustrations **Auguste Rodin** Auguste Rodin, 2005 **Rodin's Art** the late Albert E. Elsen, Rosalyn Frankel Jamison, 2003-03-13 The late Albert Elsen was the first American scholar to study seriously the work of the French sculptor Auguste Rodin and the person most responsible for a revival of interest in the artist as a modern innovator after years during which the sculpture had been dismissed as so much Victorian bathos After a fortuitous meeting with the financier philanthropist and art collector B Gerald Cantor Elsen helped Cantor to build up a major collection of Rodin's work A large part of this collection consisting of more than 200 pieces was donated to the Stanford Museum by Mr Cantor who died recently In size it is surpassed only by the Musée Rodin in Paris and rivaled only by the collection in Philadelphia In scope the collection is unique in having been carefully selected to present

a balanced view of Rodin's work throughout his life Rodin's Art encompasses a lifetime's thoughts on Rodin's career surveying the artist's accomplishments through the detailed discussion of each object in the collection It will begin with essays on the formation of the collection the reception of Rodin's work and his casting techniques The entries that follow are arranged topically and include extensive discussions of Rodin's major projects **The Drawings of Rodin** Albert E. Elsen, Kirk Varnedoe, 1971 *Auguste Rodin* Antoinette Le Normand-Romain, Ernst-Gerhard Güse, Christina Buley-Urbe, 1985 Auguste Rodin Auguste Rodin, Städtische Galerie Altes Theater Ravensburg, 2004 Auguste Rodin's extraordinary watercolors are generally less familiar to the public than his grandiose bronzes which set standards for later generations of sculptors Yet these studies executed with apparent ease are no less significant as works of art indeed their enthusiastic naturalism and openness make them almost more timeless and modern than his sculptures In addition to preliminary watercolor studies for his 3 dimensional works this section of Rodin's oeuvre includes a large number of erotic silhouettes some of them quite explicit cheerful warm hearted sketches with which the artist unabashedly papered the walls of his studio This small volume presents a delightful selection of rarely exhibited yet enchanting watercolors from the artist's estate administered by the Musée Rodin in Paris Rodin Eleanor Harz Jorden, Catherine Lampert, Auguste Rodin, Arts Council of Great Britain (Londres, Royaume-Uni), Rosalie Cass, 1986-01-01 August Rodin was one of the foremost sculptors of the modern age influencing every sculptor who came after him This handsome book by Catherine Lampert offers new insights into the creative processes of this great French artist *Rodin* Auguste Rodin, 2001 Rodin was considered the most famous sculptor of his time not only in France but throughout Europe America and Australia The expressive liberty and emotional intensity of Rodin's figures had an enormous impact on the culture and the art of the entire twentieth century This compact book illustrates a significant group of works which represent Rodin's entire artistic career sculptures drawings and watercolors as well as contemporary photographs The selection of sculpture is supplemented by outstanding drawings made by Rodin around 1900 at the height of his career The presentation of these exciting works on paper along with the sculptures gives insight into Rodin's working process They also reveal a more intense and less dramatic side of his genius The book includes contributions by Jorg Zutter Antoinette Le Normand Romain Claudie Judrin Jaynie Anderson and Paul Paffen
