Eckerle, Naomi McAreavey, 2019-06-01 Women's Life Writing and Early Modern Ireland provides an original perspective on both new and familiar texts in this first critical collection to focus on seventeenth century women's life writing in a specifically Irish context. By shifting the focus away from England even though many of these writers would have identified themselves as English and making Ireland and Irishness the focus of their essays the contributors resituate women's narratives in a powerful and revealing landscape. This volume addresses a range of genres from letters to book marginalia and a number of different women from now canonical life writers such as Mary Rich and Ann Fanshawe to far less familiar figures such as Eliza Blennerhassett and the correspondents and supplicants of William King archbishop of Dublin. The writings of the Boyle sisters and the Duchess of Ormonde women from the two most important families in seventeenth century Ireland also receive a thorough analysis. These innovative and nuanced scholarly considerations of the powerful influence of Ireland on these writers' construction of self provide fresh illuminating insights into both their writing and their broader cultural context.

The Cambridge Companion to English Restoration Theatre Deborah Payne Fisk, 2000-05-11 This rich and varied portrait of the drama from 1660 to 1714 provides students with essential information about playwrights, staging and genres, situating them in the social and political culture of the time. No longer seen as a privileged arena for select dramatists and elite courtiers, the Restoration theatre is revealed in all of its tumult, energy and conflict. The fourteen newly commissioned essays examine the theatre, paying attention to major playwrights such as Dryden, Wycherly and Congreve and also to more minor works and to plays by the first professional female dramatists. The book begins with chapters on the performance of the drama in its own time on theatres, acting and staging and continues with the main dramatic genres and themes with a final chapter on the critical history of the drama. The volume also includes a thorough chronology and biographies and bibliographies of dramatists.
