Heir to Power Michele Poague, 2010-12-28 The colony of Survin has been hidden for centuries protecting an ancient religious artifact called the Healing Crystal from men who would steal or destroy it Kairma heir to the Crystal is destined to mate with the handsome Naturi and become the leader of the reclusive colony but she is too young to realize the peril soon to arrive At sixteen Kairma is too young to realize many things Kairma would rather go spelunking with her brother and his best friend than study ancient medicine and religious laws but the discovery of a tomb containing ancient artifacts leads Kairma to question her religion and the true nature of the Crystal To further complicate Kairmas ascent a childhood illness has left her resembling a nearby race of men both hated and feared by the people of Survin Because of this Kairmas younger sister Kinter who is in love with Naturi believes she is the rightful heir Disease and infertility have decimated Survin but bigotry and religious laws forbid the introduction of new members so things heat up when a traveling archeologist stumbles upon the reclusive colony and introduces a powerful new weapon Forced into a larger world the Survinees discover they hold an object of unimaginable power a power other men covet a power that might save or forever damn the human race

Kill Anything That Moves Nick Turse, 2013-01-15 Based on classified documents and first person interviews a startling history of the American war on Vietnamese civilians The American Empire Project Winner of the Ridenhour Prize for Reportorial Distinction Americans have long been taught that events such as the notorious My Lai massacre were isolated incidents in the Vietnam War carried out by just a few bad apples But as award winning journalist and historian Nick Turse demonstrates in this groundbreaking investigation violence against Vietnamese noncombatants was not at all exceptional during the conflict Rather it was pervasive and systematic the predictable consequence of official orders to kill anything that moves Drawing on more than a decade of research into secret Pentagon archives and extensive interviews with American veterans and Vietnamese survivors Turse reveals for the first time the workings of a military machine that resulted in millions of innocent civilians killed and wounded what one soldier called a My Lai a month

Devastating and definitive *Kill Anything That Moves* finally brings us face to face with the truth of a war that haunts America to this day

Gay Midlife and Maturity John Alan Lee, 1991 Aging is stressful for anyone in youth oriented Western societies Elderly people encounter difficulties and discrimination sometimes because of reduced income transportation and housing problems and failing health but often due to the persistent negative stereotypes that color others attitudes and behavior toward old people Gay men and lesbians experience these stresses as well as the numerous additional problems associated with their sexual orientation *Gay Midlife and Maturity* is a dynamic and positive volume that challenges the long held stereotype of the sad and lonely old homosexual A growing body of international literature much of which is featured in this book rejects this myth and illustrates that older gay men and lesbians cope well with the aging process and are comparable to younger homosexuals in social and psychological adjustment A much needed and major contribution Gay

Midlife and Maturity contains an enormous amount of information for readers interested in gerontology and homosexuality. Experts for the first time examine the relationship between the adjustment of gay people to later life and the age and sequence of the resolution of these typically early developmental processes, raising many questions about traditional theories of gay development. The existing contradictions and debates about gay men and accelerated aging are addressed. Other valuable chapters focus on a theory of successful aging, a comparison of the traditional gay community pre Stonewall versus the organized gay community, the vital role of communication in gay relationships, the sexual attitudes and behaviors of older gay men, and much more. Additional interesting and worthwhile chapters of this thought-provoking new book include an in-depth interview with Don Bachardy about his 33-year relationship, Christopher Isherwood, a renowned English writer who was 30 years his senior, and a review of the growing literature on gay aging.

War No More: Three Centuries of American Antiwar & Peace Writing (LOA #278) Lawrence Rosenwald, 2016-06-14. A powerful collection of essential American antiwar writings from the Revolution to the war on terror, featuring over 150 eloquent, provocative voices for peace. Library of America presents an unprecedented tribute to a great American literary tradition. War has been a reality of the American experience from the founding of the nation, and in every generation there have been dedicated and passionate visionaries who have responded to this reality with vital calls for peace. Spanning from the American Revolution to the war on terror, *War No More* gathers the essential texts of this uniquely American antiwar tradition in one volume for the first time. Classic expressions of conscience like Thoreau's seminal *Civil Disobedience* lay the groundwork for such influential modern theorists of nonviolence as David Dellinger, Thomas Merton, and Barbara Deming. The long arc of the American antiwar movement is vividly traced in the urgent appeals of activists made in soaring oratory and galvanizing song, and in dramatic dispatches from the front lines of antiwar protests. The voices of veterans from the Civil War to the Iraq War are prominently represented, as is the firsthand testimony of conscientious objectors. Contemporary writers including Barbara Kingsolver, Jonathan Schell, Nicholson Baker, and Jane Hirshfield demonstrate the ongoing richness of this literature in the years since September 11, 2001. Featuring more than 150 eloquent and provocative writers in all, *War No More* is a bible for activists, a go-to resource for scholars and students, and an inspiring and fascinating story for every reader interested in the crosscurrents of war and peace in American history. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
