Leonard**

Long Vistas Women And Families On Colorado Homesteads:

Long Vistas Katherine Harris, 1993 *Long Vistas* describes an era before and after the turn of the century when women and families homesteaded the grasslands of northeastern Colorado With Congress's passage of the Homestead Act in 1862 women as well as men were entitled to claim 160 acres of the nation's hinterlands What the act's supporters had not anticipated however was the effect homesteading would have on women For the first time in a nation whose founders linked land with wealth and political power large numbers of women had access to landownership and to a taste of the empowerment that it could bring *Long Vistas* presents the stories of women who claimed land and of other women who helped earn patents on land claimed by their husbands and fathers Regardless of whose name appeared on a land claim homesteading required the cooperation of family and neighbors Women men and children worked prayed and played together Mingling freely homesteaders lowered barriers of age and gender undermining time honored hierarchies governing family and community life The presence of landowning women reinforced this easy sociability by demonstrating a fuller range of options for what women and girls could do and be Drawing on reminiscences and never before published oral histories personal papers and land records historian Katherine Harris takes a fresh sometimes controversial look at the impact of homesteading on gender roles and the distribution of economic power between women and men **BOOK JACKET Title** Summary field provided by Blackwell North America Inc All Rights Reserved [The Hidden Half of the Family](#) Christina K. Schaefer, 1999 Offers information on finding female ancestors in each state highlighting those laws both federal and state that indicate when a woman could own real estate in her own name devise a will and enter into contracts In addition entries contain information on marriage and divorce law immigration citizenship passports suffrage and slave manumission Material is included on African American Native American and Asian American women as well as patterns of European immigration Period covered is from the 1600s to the outbreak of WWII Annotation copyrighted by Book News Inc Portland OR

[Colorado Women](#) Gail M. Beaton, 2012-11-15 *Colorado Women* is the first full length chronicle of the lives roles and contributions of women in Colorado from prehistory through the modern day A national leader in women's rights Colorado was one of the first states to approve suffrage and the first to elect a woman to its legislature Nevertheless only a small fraction of the literature on Colorado history is devoted to women and of those most focus on well known individuals The experiences of Colorado women differed greatly across economic ethnic and racial backgrounds Marital status religious affiliation and sexual orientation colored their worlds and others perceptions and expectations of them Each chapter addresses the everyday lives of women in a certain period placing them in historical context and is followed by vignettes on women's organizations and notable individuals of the time Native American Hispanic African American Asian and Anglo women's stories hail from across the state from the Eastern Plains to the Front Range to the Western Slope and in their telling a more complete history of Colorado emerges *Colorado Women* makes a significant contribution to the discussion of

women's presence in Colorado that will be of interest to historians, students, and the general reader interested in Colorado women's and western history Portraits of Women in the American West Dee Garceau-Hagen, 2013-04-15 Men are usually the heroes of Western stories but women also played a crucial role in developing the American frontier and their stories have rarely been told. This anthology of biographical essays on women promises new insight into gender in the 19C American West. The women featured include Asian Americans, African Americans, and Native American women as well as their white counterparts. The original essays offer observations about gender and sexual violence, the subordinate status of women of color, their perseverance, and influence in changing that status; a look at the gendered religious legacy that shaped Western Catholicism; and women in the urban and rural industrial and agricultural West **Principles of Water Resources** Thomas V. Cech, 2018-04-03 Proper management of water resources can take many forms and requires the knowledge and expertise to work at the intersection of mathematics, geology, biology, geography, meteorology, political science, and even psychology. This book provides an essential foundation in water management and development concepts and practices, dissecting complex topics into short, understandable explanations that spark true interest in the field. Approaching the study of water resources systematically, the discussion begins with historical perspective before moving on to physical processes, engineering, water chemistry, government regulation, environmental issues, global conflict, and more. Now in its fourth edition, this text provides the most current introduction to a field that is becoming ever more critical as climate change begins to threaten water supplies around the world. As geography, climate, population growth, and technology collide, effective resource management must include a comprehensive understanding of how these forces intermingle and come to life in the water so critical to us all **Homesteading the Plains** Richard Edwards, Jacob K. Friefeld, Rebecca S. Wingo, 2017 Homesteading the Plains offers a bold new look at the history of homesteading, overturning what for decades has been the orthodox scholarly view. The authors begin by noting the striking disparity between the public's perception of homesteading as a cherished part of our national narrative and most scholars' harshly negative and dismissive treatment. Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation's four principal tenets: homesteading was a minor factor in farm formation; with most Western farmers purchasing their land, most homesteaders failed to prove up their claims; the homesteading process was rife with corruption and fraud; and homesteading caused Indian land dispossession. Using data instead of anecdotes and focusing mainly on the nineteenth century, Homesteading the Plains demonstrates that the first three tenets are wrong and the fourth only partially true. In short, the public's perception of homesteading is perhaps more accurate than the one scholars have constructed. Homesteading the Plains provides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy A Companion to American Women's History Nancy A. Hewitt, 2008-04-15 This collection of twenty-four original essays by leading scholars in American women's history highlights the most recent important scholarship on the key debates and future directions of this

popular and contemporary field Covers the breadth of American Women s history including the colonial family marriage health sexuality education immigration work consumer culture and feminism Surveys and evaluates the best scholarship on every important era and topic Includes expanded bibliography of titles to guide further research **Settling the**

Canadian-American West, 1890-1915 John William Bennett,1995-01-01 This anthropological history tells the story of homesteading and community organization in the Canadian American West through personal reminiscences and locally written histories John W Bennett and Seena B Kohl interpret those stories through the lenses of history and social science and they present a view of settlement experience as one phase of the evolving postfrontier society and culture of western North America Settling the Canadian American West 1890 1915 contains a synthesis of Canadian and U S settlement experiences giving to the extent possible equal space to both sides of the international boundary The experiences of people in these adjacent territories were virtually identical with emigrant populations from the same countries and socioeconomic strata Among other aspects of the homesteading experience the authors explore the interactive adaptation that developed in the West Networks of mutual aid reverently remembered by the voices found in these pages eased the inevitable hardships

Encyclopedia of Women in the American West Gordon Moris Bakken,Brenda Farrington,2003-06-26 American women have followed their manifest destiny since the 1800 s moving West to homestead found businesses author novels and write poetry practice medicine and law preach and perform missionary work become educators artists judges civil rights activists and many other important roles spurred on by their strength spirit and determination **Colorado's Healthcare Heritage** Thomas J. Sherlock,2013-04-15 In the early days on the Colorado frontier women took care of family and neighbors because accepting that were all in this together was the only realistic survival strategyon the high plains along the Front Range in the mountain towns and on the Western Slope As dangerous occupations became fundamental to Colorados economy if they were injured or got sick there was no one to care for the young men who worked as miners steel workers cowboys and railroad construction workers in remote parts of Colorado So physicians surgeons nurses Catholic Sisters Reform and Orthodox Jews Protestants and other humanitarians established hospitals andwhen Colorado became a mecca for people with tuberculosissanatoriums Those pioneers and the communities they served created our community based humanitarian healthcare tradition These stories about our Wild West heritage honor the legacy of our 19th century healthcare pioneers and will inspire and entertain 21st century readers Because we can be inspired only if we understand the factsand because facts are more likely to be understood when presented in contextthis chronology includes national and international developments that establish an indispensable frame of reference for understanding how our pioneers created the local community based healthcare system that weve inherited **Wyoming Annals** ,1994 *Colorado: A History of the Centennial State, Fourth Edition* Thomas J. Noel,Carl Abbott,Stephen J. Leonard,2011-05-18 Since 1976 newcomers and natives alike have learned about the rich history of the magnificent place they call home from Colorado A History of the

Centennial State In this revised edition co authors Carl Abbott Stephen J Leonard and Thomas J Noel incorporate more than a decade of new events findings and insights about Colorado in an accessible volume that general readers and students will enjoy The fourth edition tells of conflicts new alliances and changing ways of life as Hispanic European and African American settlers flooded into a region that was already home to Native Americans Providing balanced coverage of the entire state s history from Grand Junction to Lamar and from Trinidad to Craig the authors also reveal how Denver and its surrounding communities developed and gained influence While continuing to elucidate the significant impact of mining agriculture manufacturing and tourism on Colorado this edition broadens its coverage The authors expand their discussion of the twentieth century with several new chapters on the economy politics and cultural conflicts of recent years In addition they address changes in attitudes toward the natural environment as well as the contributions of women Hispanics African Americans and Asian Americans to the state Dozens of new illustrations updated statistics and an extensive bibliography of the most recent research on Colorado history enhance this edition

Jewish Women Pioneering the Frontier Trail

Jeanne E Abrams,2006-09-29 Jeanne E Abrams has written a sweeping challenging and provocative history of Jewish women in the American West a pathbreaking work The image of the West looms large in the American imagination Yet the history of American Jewry and particularly of American Jewish women has been heavily weighted toward the East Jewish Women Pioneering the Frontier Trailrectifies this omission as the first full book to trace the history and contributions of Jewish women in the American West In many ways the Jewish experience in the West was distinct Given the still forming social landscape beginning with the 1848 Gold Rush Jews were able to integrate more fully into local communities than they had in the East Jewish women in the West took advantage of the unsettled nature of the region to open new doors for themselves in the public sphere in ways often not yet possible elsewhere in the country Women were crucial to the survival of early communities making distinct contributions not only in shaping Jewish communal life but outside the Jewish community as well Western Jewish women s level of involvement at the vanguard of social welfare and progressive reform commerce politics and higher education and the professions is striking given their relatively small numbers This engaging work full of stories from the memoirs and records of Jewish pioneer women illuminates the pivotal role they played in settling America s Western frontier Fast and engrossing As a piece of scholarly writing it should be required reading in any course on the American West that seeks to broaden the definition of what it means to be a Westerner Colorado Book Review Center

Creating Colorado William Wyckoff,1999-01-01 Sprawling Piedmont cities ghost towns on the plains earth toned placitas set against the Sangre de Cristo Mountains mining camps transformed into ski resorts these are some of the diverse regions in Colorado explored in this fascinating book Historical geographer William Wyckoff traces the evolution of the state during its formative years from 1860 to 1940 chronicling its changing cultural landscapes social communities and connections to a larger America and showing that Colorado has exemplified the unfolding of a complex western environment Wyckoff

discusses how nature capitalism a growing federal political presence and national cultural influences came together to produce a new human geography in Colorado He explains the ways in which the state s distinctive settlement geographies each took on a special character that persists to the present He leads the reader through the transformation of the state from wilderness to a distinct region capable of accommodating the diverse needs of ranchers miners merchants farmers and city dwellers And he describes how a state created out of cartographic necessity has been given uniqueness and meaning by the people who live there *A Colorado History* Carl Ubbelohde, Maxine Benson, Duane A. Smith, 2006 For forty years *A Colorado History* has provided a comprehensive and accessible panoramic history of the Centennial State From the arrival of the Paleo Indians to contemporary times this enlarged edition leads readers on an extraordinary exploration of a remarkable place **The First We Can Remember** Lee Schweninger, 2011-11-01 Looking over the great prairie in the early 1880s Nellie Buchanan said I knew I would never be contented until I had a home of our own in the wonderful West Some were not so sanguine Mary Cox described the prairie as the most barren forsaken country that we had ever seen Like the others whose stories appear in this book these women were describing their own thoughts and experiences traveling to and settling in what became Colorado Sixty seven of their original first person narratives recounted to Civil Works Administration workers in 1933 and 1934 are gathered for the first time in this book *The First We Can Remember* presents richly detailed vivid and widely varied accounts by women pioneers during the late nineteenth century Narratives of white American born European and Native American women contending with very different circumstances and geographical challenges tell what it was like to settle during the rise of the smelting and mining industries or the gold rush era to farm or ranch for the first time to struggle with unfamiliar neighbors food and water shortages crop failure or simply the intransigent land and unpredictable weather Together these narratives historically and geographically framed by Lee Schweninger s detailed introduction create a vibrant picture of women s experiences in the pioneering of the American West *The Important Things of Life* Dee Garceau, 2022-01-07 Sweetwater County lies in southwestern Wyoming and has stood as a significant symbolic geography for the new Western Woman s history As the county in which Elinore Pruitt Stewart *Letters of a Woman Homesteader* Nebraska 1990 said she proved up her homestead in 1913 it is a fitting locale for the study of western gender relations *The Important Things of Life* examines women s work and family lives in Sweetwater County in the late nineteenth and early twentieth centuries The 1880 s discovery of coal caused a population boom attracting immigrants from numerous ethnic groups At the same time liberalized homestead law drew sheep and cattle ranchers Dee Garceau demonstrates how survival on the ranching and mining frontier heightened the value of group cooperation in ways that bred conservative attitudes toward gender Augmented by reminiscences and oral histories Garceau traces the adaptations that broadened women s work roles and increased their domestic authority Hers is a compelling portrait of the American West as a laboratory of gender role change in which migration relocation and new settlement underscored the development of new social identities **The Big**

Empty R. Douglas Hurt, 2011-09 The Great Plains known for grasslands that stretch to the horizon is a difficult region to define Some classify it as the region beginning in the east at the ninety eighth or one hundredth meridian Others identify the eastern boundary with annual precipitation lines soil composition or length of the grass In *The Big Empty* leading historian R Douglas Hurt defines this region using the towns and cities Denver Lincoln and Fort Worth that made a difference in the history of the environment politics and agriculture of the Great Plains Using the voices of women homesteaders agrarian socialists Jewish farmers Mexican meatpackers New Dealers and Native Americans this book creates a sweeping survey of contested race relations radical politics and agricultural prosperity and decline during the twentieth century This narrative shows that even though Great Plains history is fraught with personal and group tensions violence and distress the twentieth century also brought about compelling social economic and political change The only book of its kind this account will be of interest to historians studying the region and to anyone inspired by the story of the men and women who found an

opportunity for a better life in the Great Plains **Building a Nation After the Smoke Cleared Away:** S. E. Masters, 2012-05-15 Samuel Edward Masters 1890 1958 lived his early years on several homesteads in the area south of Brush CO and northeast of Deer Trail CO Cowhand auto mechanic roughneck welder This memoir written the last six months before he died recounts his childhood on the high plains of eastern Colorado **Rachel Calof's Story** Rachel

Calof, 1995-09-22 Calof's story has the electricity one occasionally finds in primary sources It is powerful shocking and primitive with the kind of appeal primary sources often attain without effort it is a strong addition to the literature of women's experience on the frontier Lillian Schlissel In 1894 eighteen year old Rachel Bella Kahn travelled from Russia to the United States for an arranged marriage to Abraham Calof an immigrant homesteader in North Dakota Rachel Calof's Story combines her memoir of a hard pioneering life on the prairie with scholarly essays that provide historical and cultural background and show her narrative to be both unique and a representative western tale Her narrative is riveting and candid laced with humor and irony The memoir written by Rachel Bella Calof in 1936 recounts aspects of her childhood and teenage years in a Jewish community shtetl in Russia but focuses largely on her life between 1894 and 1904 when she and her husband carved out a life as homesteaders She recalls her horror at the hardships of pioneer life especially the crowding of many family members into the 12 x 14 dirt floored shanties that were their first dwellings Of all the privations I knew as a homesteader says Calof the lack of privacy was the hardest to bear Money food and fuel were scarce and during bitter winters three Calof households Abraham and Rachel with their growing children along with his parents and a brother's family would pool resources and live together with livestock in one shanty Under harsh and primitive conditions Rachel Bella Calof bore and raised nine children The family withstood many dangers including hailstorms that hammered wheat to the ground and flooded their home droughts that reduced crops to dust blinding snowstorms of plains winters Through it all however Calof drew on a humor and resolve that is everywhere apparent in her narrative Always striving to improve her living conditions

she made lamps from dried mud scraps of rag and butter plastered the cracked wood walls of her home with clay supplemented meagre supplies with prairie forage wild mushrooms and garlic for a special supper dry grass for a hot fire to bake bread Never sentimental Calof's memoir is a vital historical and personal record J Sanford Rikoon elaborates on the history of Jewish settlement in the rural heartland and the great tide of immigration from the Russian Pale of Settlement and Eastern Europe from 1880 1910 Elizabeth Jameson examines how Calof writes from the interior spaces of private life and from that vantage point reconfigures more familiar versions of the American West Jameson also discusses how the Calofs adapted Jewish practices to the new contingencies of North Dakota maintaining customs that represented the core of their Jewish identity reconstructing their Jewishness in new circumstances

Reviewing **Long Vistas Women And Families On Colorado Homesteads**: Unlocking the Spellbinding Force of Linguistics
