[On Access in Applied](#)

Theatre and Drama Education Colette Conroy, Adelina Ong, Dirk J. Rodricks, 2020-06-09 This book explores and interrogates access and diversity in applied theatre and drama education Access is persistently framed as a strategy to share power and to extend equality but in the context of current and recent power struggles it is also seen as a discourse that reinforces marginalisation and exclusion The political bind of access is also a conceptual problem It is impossible to refuse to engage in strategies to extend access to institutions representations buildings education discourse etc We cannot oppose access or strategies for access without reinforcing marginalisation and exclusion We can't not want access for ourselves or for others However we are then in danger of remaining immersed in a distribution of power that reinforces and naturalises inequality as difference For applied theatre and drama education the act of creating teaching and learning is intrinsically connected to choice along with the agency and capacity to choose What is less clear and what still interests us is how the distribution of power and representation creates the schema for an analysis of access and diversity This book was originally published as a special issue of *Research in Drama Education: The Journal of Applied Theatre and Performance*

Secrets of an Old Typewriter: Stories from a Smart and Sassy Small Town Girl Susie Duncan Sexton, 2011-08-29 Susie Duncan Sexton has lived her entire life in a small town indeed in the same house where she grew up As an adult she taught at the same grammar school that she attended as a child and many of the relationships she cultivated while growing up including her marriage have endured over the years Always one to document the present and offer her sometimes unorthodox ideas and opinions Susie Duncan Sexton has tickled the keys of her trusty old typewriter for nearly five decades and now that venerable machine is ready to reveal its secrets

Domesticated Wild Things, and Other Stories Xhenet Aliu, 2020-02-17 Just down the highway from Connecticut's Gold Coast is the state's rusty underbelly the wretched used up sort of place where you might find Xhenet Aliu's *Domesticated Wild Things* the reluctant mothers delinquent dads and not quite feral children yet dreamers all These are the children of immigrants who found boarded up brass mills instead of the gilded streets of America they're the teenaged girls raised in the fluorescent glow of Greek diners the middle aged men with pump trucks and teratomas These are people who have fled or who should have And if they are indeed familiar it is because Aliu writes what is real whether we ourselves her readers have seen it up close or not And her stories make sense in a way that matters A young mother buys into a real estate investment seminar offered on an infomercial only to be put back into her place by a bully in foreclosure A closeted wrestler befriends a latchkey seven year old neighbor who harbors secrets of her own A YMCA counselor tries to reclaim shoes stolen by a troubled young camper What they share is a biting humor an eye for the absurd and fumbling attempts at human connection all rendered irresistible and as moving as they are amusing by a writer whose work is at once edgy and endearing and prize winning for reasons any reader can appreciate

Jacques Lacan Slavoj Žižek, 2003 Jacques Lacan 1901-1980 is undoubtedly the central figure of psychoanalysis in the second half of the 20th century The texts selected here present the entire scope of the Lacan debate

An Army of Stories Roger Mason, 2015-06-23 Private First Class R was an excellent soldier so it was unlike him to be late When he came in a few minutes later I could see by the grim look on his face that something was terribly wrong He immediately began to cry and tell me that his wife had miscarried the child they had so badly wanted I had never seen anyone cry as much as he did that morning and one box of tissues simply was not enough After a while the front of his uniform was soaked from his many tears and I felt horrible seeing him suffer It was one of those times when I would have moved Heaven and Earth if I could have but I could not It humbled me because I wanted to order someone to do something to fix the problem but this time it would not be that simple I had always taken pride in looking out for the welfare of the soldiers in my charge but this time was different I knew I was not a miracle worker but I felt I had let him down because as much as I wanted to I did not have the power to bring back his baby It was the worst day of my Army career because a good soldier who looked up to me for wisdom and guidance was in peril and there was nothing I could do I felt like a weakened Superman hopelessly dragging his feet through a field of Kryptonite because there I was with all my rank and power that the Army had entrusted in me but I was useless to him

Professing Performance Shannon Jackson, 2004-04-08 Today's academic discourse is filled with the word perform Nestled amongst a variety of prefixes and suffixes re post ance ivity the term functions as a vehicle for a host of contemporary inquiries For students artists and scholars of performance and theatre this development is intriguing and complex By examining the history of theatre studies and related institutions and by comparing the very different disciplinary interpretations and developments that led to this engagement Professing Performance offers ways of placing performance theory and performance studies in context

The Comic Book Bandit: Stories from a Life of Lies Jay Michael Feldman, M.D., 2016-05-25 The Comic Book Bandit is a bright healthy mischievous child named Jay Mentored by his brilliant older brother Ross the bandit pulls off his first comic book heist at the age of four As events unfold he gradually finds himself to be alone out in a world where the only significant authority over his behavior turns out to be him and his fledgling and relatively ignorant conscience Being an unattended child may be scary but it is also immensely exciting There is a rush that comes with boundless liberty Not entirely free but with stolen moments of freedom to explore life on his own out and about in the pulsating city of Chicago where the choices

were breathtaking our hero is captured by the undeniable realization I can do whatever I want so long as I don't get caught. The stories take place after the Second World War. Yes, the bandit faces the obstacles of grown-ups but cleverly discovers the slippery power of the believable lie. He creates a secret life of his own and shares an acceptable version with those he must account to: his mother, his father, his brother, his teachers, and his friends. Getting away with stuff starts to become second nature at least until and when he creates a lie so big with burden so weighty its effects are at times overwhelming. The culmination of his struggles with the Great Bar Mitzvah Caper will have the reader riveted to each and every page. How could he? How does he? Will he or won't he? Those are the questions. Come along for the ride. I promise you a child whose ingenious lies make him unlike any child you may have encountered. And beyond all that, he is a great little kid. 1 [DK Eyewitness Travel Guide New York City](#) DK, 2015-10-06 DK Eyewitness Travel Guide New York City is your in-depth guide to the very best of the Big Apple. Hope, 2025-06-12 To date, mourning has not featured prominently in studies of ancient Roman society, and this book redresses this by presenting a comprehensive analysis of who mourners were and what mourners did, as well as investigating the social, cultural, and ritual significance of mourning. It brings together varied evidence ranging from literature and art to epigraphy, which helps to illustrate the rituals of mourning. Valerie M. Hope

addresses fundamental questions about how mourning was expressed displayed performed and experienced via the body and in turn what mourning can reveal about Roman society In previous literature on the topic roles played by mourners in funeral rituals and commemorative acts may be acknowledged but there has been little engagement with the varied emotional and physical behaviours of mourners When mourning has been considered the emphasis has predominantly fallen on gender and specific literary genres There have hitherto been few attempts to unite the diverse evidence for Roman mourning to consider different literary genres simultaneously or to evaluate how mourning was presented through material culture The evaluation of social expectations legal regulations and idealised roles across a diverse evidence base and time frame make this volume the first full and systematic study of mourning in the Roman world
