A photograph of a cornfield at sunset. The corn plants are green and tall, filling the foreground and middle ground. A dirt path leads from the bottom center towards the horizon. The sky is filled with soft, golden light from the setting sun, with some clouds visible. The overall mood is peaceful and contemplative.

Hatcher,2020-03-30 Challenge yourself to shake off spiritual apathy by digging into unfamiliar and often overlooked Scripture passages Each of these 66 culturally relevant story driven devotions one from each book of the Bible spotlights an unusual verse or passage and only takes five minutes to read Then dig a little deeper with an uncommon thought to ponder an unusual faith action step to take and an unfamiliar passage suggestion that invites you to further explore the Bible s hidden gems      *Let Your Faith Grow* Rev'd David Bick,2011-08-26 This important rooted and readable book is about the living character of human faith Crucially personal faith is not portrayed as some sort of once off acquisition of a ready packaged creed or secular belief system Rather seeds of faith actually tend to grow change indeed evolve through particular stages during the human life course These relatively unknown stages are the main platform for David Bick s text Facing all of us with fundamentals of our human character this book provides food for the soul in all seasons of life from teens to old age

*Defending Your Faith* Arturo R. Ortiz,2023-11-29 This book presents substantial scientific archaeological and historical evidence in support of the Christian worldview The author argues Christianity is the only religion that affirms God as revealed by nature identifies the terrible predicament of mankind lost in sin provides a unique solution to the predicament and is confirmed true by miracles Classical arguments for the existence of God are presented in detail Evidence from modern astronomy reveals a cosmos that had an absolute beginning was stretched and is decaying Evidence from modern science reveals the earth is a privileged planet uniquely suited for intelligent life not by chance but by design The inadequacies of evolutionary theory are explained The author argues intelligent design and creation are superior explanations for the origin of life and the appearance of complex living organisms Ancient Assyrian chronicles and monuments provide extrabiblical evidence of Old Testament people places and events The Old Testament Law which appears harsh by our contemporary standards is amazingly merciful when examined in its ancient Near East context Archaeological evidence confirms that Israel s pagan neighbors engaged in hideous religious practices including extensive child sacrifice The evidence shows God had morally sufficient reasons to destroy the pagan Canaanite nations Historical evidence supports belief in the resurrection of Jesus Christ and in the subsequent rise of the early church The author presents evidence from both Christian and non Christian sources from the New Testament era Examination of ancient manuscripts confirms the Bible was preserved transmitted and translated accurately throughout history The author contrasts Judaism Christianity and Islam as examples of monotheistic ethical religions He argues that while all three affirm certain truths only Christianity solves mankind s predicament of being lost in sin Christian truth stands on the greatest miracle of all the resurrection of Christ and His bodily
