I Don't look back in Anger Caroline Hughes Myers, 2006-06-19 *Don't Look Back in Anger* Synopsis Preserved in its original diary form *Don't Look Back in Anger* is one woman's true account of her experience as a human shield in Saddam Hussein's desperate attempts to avoid a military response to his invasion of Kuwait in 1990 After a number of agonisingly tense days waiting in the hotel where Chris worked first Chris and then Caroline were seized by the Iraqi forces and brought at gunpoint to Iraq where they would spend the next few months being shuffled between military and chemical installations Conditions were appalling and all the hostages who were from many different Western

countries suffered not just physically but also mentally as they were exposed to filth disease uncertainty and the daily fear of imminent execution Years later when hostilities returned to the Arab Gulf where Caroline has made her home the fear and painful memories of that dreadful time returned to haunt her and prompted her to revisit her diaries and present them in a book format Don't Look Back in Anger **Look Back in Anger** John Osborne, 1959 **The Modern Monologue : Men** Michael Earley, Philippa Keil, 1993 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company

The Making of Theatrical Reputations Yael Zarhy-Levo, 2008-04-21 Today's successful plays and playwrights achieve their prominence not simply because of their intrinsic merit but because of the work of mediators who influence the whole trajectory of a playwright's or a theatre company's career. Critics and academic writers are primarily considered the makers of reputations but funding organizations and various media agents as well as artistic directors, producers and directors also pursue separate agendas in shaping the reputations of theatrical works. In *The Making of Theatrical Reputations* Yael Zarhy-Levo demonstrates the processes through which these mediatory practices by key authority figures situate theatrical companies and playwrights within cultural and historical memory. To reveal how these authorizing powers that promote theatrical events, companies and playwrights, Zarhy-Levo presents four detailed case studies that reflect various angles of the modern London theatre. In the case of the English Stage Company's production of John Osborne's *Look Back in Anger* she centers on a specific event. She then focuses on the trajectory of a single company, the Theatre Workshop, particularly through its first decade at the Theatre Royal Stratford East, London. Next, she explores the career of the dramatist John Arden, especially its first ten years, in part drawing upon an interview with Arden and his wife, actress and playwright Margaretta D'Arcy, before turning to her fourth study, the playwright Harold Pinter's shifting reputation throughout the different phases of his career. Zarhy-Levo's accounts of these theatrical events, companies and playwrights through the prism of mediation bring fresh insights to these landmark productions and their creators.

Drama + Theory Peter Buse, 2001 Peter Buse illuminates the relationship between modern British drama and contemporary critical and cultural theory. He demonstrates how theory allows fresh insights into familiar drama, pairing well-known plays with classic theory texts. The theoretical text is more than applied to the dramatic text; instead, Buse shows how they reflect on each other. *Drama Theory* provides not only new interpretations of popular plays but of the theoretical texts as well.

Films and British National Identity Jeffrey Richards, 1997-09-15 This book seeks to examine the ways in which the cinema has defined, mythified and disseminated British national identity during the course of the twentieth century. It takes the form of a series of linked essays which examine chronologically, thematically and by specific case studies of films, stars and genres, the complexities and ambiguities in the process of evolution and definition of the national identity. It argues for the creation of a distinctive British national identity both in cinema and the wider culture. But it also assesses the creation of alternative identities, both ethnic and regional, and examines the interaction of cinema and other cultural forms: music, literature and television.

John Osborne John Heilpern, 2008-01-08 John Osborne, the original Angry Young Man, shocked and transformed British theater in the 1950s with his play *Look Back in Anger*. This startling biography, the first to draw on the secret notebooks in which he recorded his anguish and depression, reveals the notorious rebel in all his heartrending complexity. Through a working-class childhood and five marriages, Osborne led a tumultuous life. An impossible father, he

threw his teenage daughter out of the house and never spoke to her again His last written words were I have sinned Theater critic John Heilpern s detailed portrait including interviews with Osborne s daughter scores of friends and enemies and his alleged male lover shows us a contradictory genius an ogre with charm a radical who hated change and above all a defiant individualist
