Living Our Cultures, Sharing Our Heritage Aron A. Crowell, Rosita Worl, Paul C. Ongtooguk, Dawn D. Biddison, 2010-05-18 *Living Our Cultures Sharing Our Heritage* The First Peoples of Alaska features more than 200 objects representing the masterful artistry and design traditions of twenty Alaska Native peoples Based on a collaborative exhibition created by Alaska Native communities the Smithsonian's National Museum of Natural History the Smithsonian's National Museum of the American Indian and the Anchorage Museum at Rasmuson Center this richly illustrated volume celebrates both the long awaited return of ancestral treasures to their native homeland and the diverse cultures in which they were created Despite the North's transformation through globalizing change the objects shown in these pages are interpretable within ongoing cultural frames articulated in languages still spoken They were made for a way of life on the land that is carried on today throughout Alaska Dialogue with the region's First Peoples evokes past meanings but focuses equally on contemporary values practices and identities Objects and narratives show how each Alaska Native nation is unique and how all are connected After introductions to the history of the land and its people universal themes of Sea Land Rivers Family and Community and Ceremony and Celebration are explored referencing exquisite masks parkas beaded garments basketry weapons and carvings that embody the diverse environments and practices of their makers Accompanied by traditional stories and personal accounts by Alaska Native elders artists and scholars each piece featured in *Living Our Cultures Sharing Our Heritage* evokes both historical and contemporary meaning and breathes the life of its people

The Evolution of Complex Hunter-Gatherers Ben Fitzhugh, 2012-12-06 In 1987 I had the good fortune to join in the excavation of a phenomenal archaeological site on the western coast of Kodiak Island in Alaska The New Karluk site a Karluk One was perched on the edge of the small village of Karluk at the mouth of the river of the same name once one of the most productive salmon rivers in the North Pacific I had just completed my sophomore year of college and under the direction of Richard Jordan I enthusiastically joined several other students in the Kodiak Archaeology Projects New Karluk excavation I had participated in my father's archaeological research in Eastern Canada since early childhood but the Karluk dig was unlike any archaeology I had experienced before For three months we peeled back layers of grass wood and earth floors separated by remnants of ancient sod roofs Due to the unusual preservation and richness of the site at every turn we uncovered perishable items such as bent wood bowls masks dolls puffin beak rattles grass baskets fragments of fiber netting

locks of hair and food waste Preservation was so excellent in fact that we often exposed grass blades still green after hundreds of years which once exposed to air would turn brown before our eyes *Giinaquq: Like a Face* Amy F.

Steffian, Sven D. Haakanson, Jr., 2009-06-15 Masks are an ancient tradition of the Alutiiq people on the southern coast of Alaska Alutiiq artists carved the masks from wood or bark into images of ancestors animal spirits and other mythological forces these extraordinary creations have been an essential tool for communicating with the spirit world and have played an important role in dances and hunting festivities for centuries *Giinaquq Like a Face* presents thirty three full color images of these fantastic and eye catching masks which have been preserved for more than a century as part of the Pinart Collection in a small French museum These masks collected in 1871 by a young French scholar of indigenous cultures are presented for the first time in their complete cultural context celebrating the rich history of the Alutiiq people and their artistic traditions In addition to the stunning photographs *Giinaquq Like a Face* includes an informative text in three languages English Alutiiq and French in order to provide a cross cultural understanding of the masks traditional meaning and use This captivating and revealing book will be an essential resource for anyone interested in indigenous art and culture *Archaeology and*

Capitalism Yannis Hamilakis, Philip Duke, 2016-06-03 The editors and contributors to this volume focus on the inherent political nature of archaeology and its impact on the practice of the discipline Pointing to the discipline's history of advancing imperialist colonialist and racist objectives they insist that archaeology must rethink its muted professional stance and become more overtly active agents of change The discipline is not about an abstract archaeological record but about living individuals and communities whose lives and heritage suffer from the abuse of power relationships with states and their agents Only by recognizing this power disparity and adopting a political ethic for the discipline can archaeology justify its activities Chapters range from a critique of traditional ethical codes to examinations of the capitalist motivations and structures within the discipline to calls for an engaged emancipatory archaeology that improves the lives of the people with whom archaeologists work A direct challenge to the discipline this volume will provoke discussion disagreement and inspiration for many in the field Indigenous Cosmopolitans Maximilian Christian Forte, 2010 Timely and original this

volume looks at indigenous peoples from the perspective of cosmopolitan theory and at cosmopolitanism from the perspective of the indigenous world In doing so it not only sheds new light on both but also has something important to say about the complexities of identification in this shrinking overheated world Analysing ethnography from around the world the authors demonstrate the universality of the local indigeneity and the particularity of the universal cosmopolitanism Anthropology doesn't get much better than this Thomas Hylland Eriksen Professor of Anthropology University of Oslo Author of

Kodiak Kreol Gwenn A. Miller, 2016-01-21 From the 1780s to the 1820s Kodiak Island the first capital of Imperial Russia's only overseas colony was inhabited by indigenous Alutiiq people and colonized by Russians Together they established an ethnically mixed kreol community Against the backdrop of the fur trade the missionary work of the Russian Orthodox Church and competition among Pacific colonial powers Gwenn A Miller brings to light the social political and economic patterns of life in the settlement making clear that Russia's modest colonial effort off the Alaskan coast fully depended on the assistance of Alutiiq people In this context Miller argues the relationships that developed between Alutiiq women and Russian men were critical keys to the initial success of Russia's North Pacific venture Although Russia's Alaskan enterprise began some two centuries after other European powers Spain England Holland and France started to colonize North America many aspects of the contacts between Russians and Alutiiq people mirror earlier colonial episodes adaptation to alien environments the discovery and exploitation of natural resources complicated relations between indigenous peoples and colonizing Europeans attempts by an imperial state to moderate those relations and a web of Christianizing practices Russia's Pacific colony however was founded on the cusp of modernity at the intersection of earlier New World forms of colonization and the bureaucratic age of high empire Miller's attention to the coexisting intimacy and violence of human connections on Kodiak offers new insights into the nature of colonialism in a little known American outpost of European imperial power

Married to the Empire Susanna Rabow-Edling, 2015-10-15 The Russian Empire had a problem While they had established successful colonies in their territory of Alaska life in the settlements was anything but civilized The settlers of the Russian America Company were drunk disorderly and corrupt Worst of all they were terrible role models for the Natives whom the empire saw as in desperate need of moral enlightenment The empire's solution Send in women In 1829 the Company decreed that any governor appointed after that date had to have a wife in the hopes that these more pious women would serve as glowing examples of domesticity and bring charm to a brutish territory Elisabeth von Wrangell Margaretha Ethol n and Anna Furuhjelm were three of eight governors wives who took up this domestic mantle Married to the Empire tells their stories using their own words and though extraordinary research by Susanna Rabow Edling All three were young and newly wed when they left Russia for the furthest outpost of the empire and all three went through personal and cultural struggles as they worked to adjust to life in the colony Their trials offer a little heard female history of

Russian Alaska while illuminating the issues that arose while trying to reconcile expectations of womanhood with the realities of frontier life

Alaska Claus M. Naske, Herman E. Slotnick, 2014-10-22 The largest by far of the fifty states Alaska is also the state of greatest mystery and diversity And as Claus M Naske and Herman E Slotnick show in this comprehensive survey the history of Alaska s peoples and the development of its economy have matched the diversity of its land and seascapes Alaska A History begins by examining the region s geography and the Native peoples who inhabited it for thousands of years before the first Europeans arrived The Russians claimed northern North America by right of discovery in 1741 During their occupation of Russian America the region was little more than an outpost for fur hunters and traders When the czar sold the territory to the United States in 1867 nobody knew what to do with Seward s Folly Mainland America paid little attention to the new acquisition until a rush of gold seekers flooded into the Yukon Territory In 1906 Congress granted Alaska Territory a voteless delegate and in 1912 gave it a territorial legislature Not until 1959 however was Alaska s long sought goal of statehood realized During World War II Alaska s place along the great circle route from the United States to Asia firmly established its military importance which was underscored during the Cold War The developing military garrison brought federal money and many new residents Then the discovery of huge oil and natural gas deposits gave a measure of economic security to the state Alaska A History provides a full chronological survey of the region s and state s history including the precedent setting Alaska Native Claims Settlement Act of 1971 which compensated Native Americans for their losses the effect of the oil industry and the trans Alaska pipeline on the economy the Exxon Valdez oil spill and Alaska politics through the early 2000s

Adopting the Track of Phrase: An Emotional Symphony within **Looking Both Ways Heritage And Identity Of The Alutiiq People By**

In a world used by monitors and the ceaseless chatter of fast communication, the melodic splendor and mental symphony developed by the prepared term frequently disappear into the background, eclipsed by the relentless sound and interruptions that permeate our lives. Nevertheless, located within the pages of **Looking Both Ways Heritage And Identity Of The Alutiiq People By** a marvelous literary prize overflowing with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, this charming masterpiece conducts viewers on a psychological journey, skillfully unraveling the hidden tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of this moving assessment, we will examine the book's central harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
