Sex, Family, and the Culture Wars Mark J. Cherry, 2016-07-31 Extraordinary social and moral shifts have taken place in Western societies Sex is no longer the exclusive province of husband and wife set within monogamous married family life The world is awash in sex advertising books magazines movies sex clubs internet pornography etc Parents traditionally responsible for guiding their children's moral and social development have been effectively sidelined by commercial and governmental interests This volume pursues a detailed study of how changes in social life dating from the sexual revolution of the 1960s have affected the family Cherry shows that attempts to redefine the family away from the marital union of husband and wife come with real costs social emotional psychological and financial He argues that while political campaigns have fueled attempts to undermine the traditional family to pretend it possesses no basic biological social or moral reality such ideologically driven undertakings are injurious to society Acting as if there are no consequential differences between traditional marriage and other sexual lifestyles ignores significant data demonstrating the importance of the traditional biological family to the well being of men and women and the successful raising of children The family possesses a biological and moral being that is foundational an essential building block of society Cherry argues that the family is the most

incontrovertible field of conflict in the culture wars others might conclude that it is the decisive battleground Love Thy Body Nancy R. Pearcey, 2018-01-02 Why the call to Love Thy Body To counter a pervasive hostility toward the body and biology that drives today's headline stories Transgenderism Activists detach gender from biology Kids down to kindergarten are being taught their body is irrelevant to their authentic self Is this affirming or does it demean the body Homosexuality Advocates disconnect sexuality from biological identity as male or female Is this liberating or does it denigrate biology Abortion Supporters say the fetus is not a person though it is biologically human Does this mean equality for women or does it threaten the intrinsic value of all humans Euthanasia Those who lack certain cognitive abilities are said to be human but not persons Is this compassionate or does it ultimately put everyone at risk In Love Thy Body bestselling author Nancy Pearcey goes beyond politically correct slogans with a riveting exposé of the dehumanizing worldview that shapes current watershed moral issues arguing that a holistic Christian view sustains the dignity of the body and biology Throughout the book Pearcey entrances readers with compassionate stories of people wrestling with hard questions in their own lives their pain their struggles their triumphs *Sex, Culture and Modernity in China* Frank Dikotter, 1995-05-01 With the

*Same-Sex Desire in Indian Culture* Oliver Ross, 2016-04-08 This book explores representations of same sex desire in Indian literature and film from the 1970s to the present Through a detailed analysis of poetry and prose by authors like Vikram Seth Kamala Das and Neel Mukherjee and films from Bollywood and beyond including Onir's *My Brother Nikhil* and Deepa Mehta's *Fire* Oliver Ross argues that an initially Euro American homosexuality with its connotations of an essential psychosexual orientation is reinvented as it overlaps with different elements of Indian culture Dismantling the popular belief that vocal gay and lesbian politics exist in contradistinction to a sexually conservative India this book locates numerous alternative practices and identities of same sex desire in Indian history and modernity Indeed many of these survived British colonialism with its importation of ideas of sexual pathology and perversity in changed or codified forms and
