The Bookman, 1924 In-Between Empire Raymond Patton, 2024-10-17 Exploring how Polish writers positioned themselves as neither colonized nor colonizers In Between Empire analyses their literary works on empire during the 19th and 20th centuries to explore how they negotiated their in between position in the global imperial hierarchy Leveraging this vantage point they claimed the unique ability to represent the South to the West constructing a Polish national identity in conversation with both imperial and anti imperial currents and influencing international discourse on colonialism and its legacy Written at the nexus of historical and literary studies of imperial and colonial discourse Patton centres Poland and Eastern Europe in debates that have frequently excluded these perspectives Showing how these Polish writers attempted to portray anticolonial solidarity with non European victims of colonialism yet also employed European colonial tropes each writer demonstrated a distinctive ability to identify the tensions and flaws of imperialism whilst simultaneously reconciling those tensions to themselves as exceptional Europeans innocent of colonialism by alternating between metropolitan and peripheral perspectives In doing so they informed transnational discourses and policies on colonialism decolonization the Cold War and beyond **The London Mercury** Sir John Collings Squire, 1923 **Crime Scene Asia** Liz Porter, 2018-06-01 Crime Scene Asia is a casebook written by award winning Australian Author Liz Porter of fascinating true stories throughout Asia Its opening case begins when the body of a woman is found in a Singapore nature park Nobody has reported her missing Nobody knows who she is The only clue to her identity is a set of tiny numbers etched into a series of implants in her teeth Police door knock the dentists of Singapore until they find the one who treated her Then following a trail of numbers called from her phone they unmask her killer In another case set 300 kms away in Kuala Lumpur a married man is arrested for the murder of his mistress Police are adamant that he is her killer But the man s lawyer can point to forensic evidence that tells a different story altogether Meanwhile one of the book s Hong Kong cases tells the story of a humble truck driver facing jail for

his apparent involvement in a bombing plot allegedly masterminded by two of the former British colony's most notorious gangsters. Then the evidence of a forensic scientist sets him free. *Poland*, 1924. Across America and Asia Raphael Pumpelly, 1870. Volume contains 1 photolithograph from a photograph of a statue the Daibutz in Japan. Photolithographs of art are here done with two added color tints. Hanson Collection catalog p 38. *The Literary Digest International Book Review* Clifford Smyth, 1923. *Chinese Encounters in Southeast Asia* Pál Nyíri, Danielle Tan, 2016-12-01. This is the first book to focus explicitly on how China's rise as a major economic and political actor has affected societies in Southeast Asia. It examines how Chinese investors, workers, tourists, bureaucrats, longtime residents and adventurers interact throughout Southeast Asia. The contributors use case studies to show the scale of Chinese influence in the region and the ways in which various countries mitigate their unequal relationship with China by negotiating asymmetry, circumventing hegemony and embracing resisting or manipulating the terms dictated by Chinese capital. *Gnostic Dualism in Asia Minor during the first centuries A.D.* I.P.F.M. Fontaine, 2023-10-09. This series is no longer published by Brill. **Asia and the Americas**, 1918. The Life of the Spirit in the Modern English Poets Vida Dutton Scudder, 1895. Informal Politics in East Asia Lowell Dittmer, Haruhiro Fukui, Peter N. S. Lee, 2000-06-19. The authors of *Informal Politics in East Asia* first published in 2000 argue that political interaction within the informal dimension behind the scenes politics is at least as common and influential though not always as transparent or coherent as formal politics and that this understudied category of social interaction merits more serious and methodical attention from social scientists. This book is a pioneering effort to delineate the various forms of informal politics within different East Asian political cultures and to develop some common theoretical principles for understanding how they work. Featured here are contributions by political scientists specializing in the regions of China, Taiwan, Japan, the Korean peninsula and Vietnam. The authors apply to this dynamic region the classic core questions of politics: who gets what, when, how and at whose expense. **The Languages and Linguistics of South Asia** Hans Henrich Hock, Elena Bashir, 2016-05-24. With nearly a quarter of the world's population, members of at least five major language families plus several putative language isolates, South Asia is a fascinating arena for linguistic investigations, whether comparative historical linguistics, studies of language contact and multilingualism or general linguistic theory. This volume provides a state-of-the-art survey of linguistic research on the languages of South Asia with contributions by well-known experts. Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research. In addition to covering the languages, their histories and their genetic classification as well as phonetics, phonology, morphology, syntax and sociolinguistics, the volume provides special coverage of contact and convergence, indigenous South Asian grammatical traditions, applications of modern technology to South Asian languages and South Asian writing systems. An appendix offers a classified listing of major sources and resources, both digital/online and printed. *Asia*, 1937. Relations Between Religions and Cultures in Southeast Asia Donny Gahral Adian, Gadis Arivia, 2009.
