Thomas Jefferson; Farmer, Educator and Democrat Henry Agard Wallace, 1938 **Thomas Jefferson** Wilson Jeremiah Moses, 2019-03-28 In *Thomas Jefferson A Modern Prometheus* Wilson Jeremiah Moses provides a critical assessment of Thomas Jefferson and the Jeffersonian influence Scholars of American history have long debated the legacy of Thomas Jefferson However Moses deviates from other interpretations by positioning himself within an older Federalist historiographic tradition offering vigorous and insightful commentary on Jefferson the man and the myth Moses specifically focuses on Jefferson s complexities and contradictions Measuring Jefferson s political accomplishments intellectual contributions moral character and other distinguishing traits against contemporaries like George Washington and Benjamin Franklin but also figures like Machiavelli and Frederick the Great Moses contends that Jefferson fell short of the greatness of others Yet amid his criticism of Jefferson Moses paints him as a cunning strategist an impressive intellectual and a

S. McDonald,2019-08-27 Who was the real Thomas Jefferson If this question has an answer it will probably not be revealed reading the many accounts of his life For two centuries biographers have provided divergent perspectives on him as a man and conflicting appraisals of his accomplishments Jefferson was controversial in his own time and his propensity to polarize continued in the years after his death as biographers battled to control the commanding heights of history To judge from their depictions there existed many different Thomas Jeffersons The essays in this book explore how individual biographers have shaped history as well as how the interests and preoccupations of the times in which they wrote helped to shape their

portrayals of Jefferson In different eras biographers presented the third president variously as a proponent of individual rights or of majority rule as a unifier or a fierce partisan and as a champion of either American nationalism or cosmopolitanism Conscripted to serve Whigs and Democrats abolitionists and slaveholders unionists and secessionists Populists and Progressives and seemingly every side of almost every subsequent struggle the only constant was that Jefferson s image remained a mirror of Americans self conscious conceptions of their nation s virtues values and vices Thomas Jefferson s Lives brings together leading scholars of Jefferson and his era all of whom embrace the challenge to assess some of the most important and enduring accounts of Jefferson s life Contributors Jon Meacham presidential historian Barbara Oberg Princeton University J Jefferson Looney Thomas Jefferson Foundation at Monticello Christine Coalwell McDonald Westchester Community College Robert M S McDonald United States Military Academy Andrew Burstein Louisiana State University Jan Ellen Lewis Rutgers University Richard Samuelson California State University San Bernardino Nancy Isenberg Louisiana State University Joanne B Freeman Yale University Brian Steele University of Alabama at Birmingham Herbert Sloan Barnard College R B Bernstein City College of New York Francis D Cogliano University of Edinburgh Annette Gordon Reed Harvard University Gordon S Wood Brown University      *Facing the Twentieth Century* James Marcus King, 1899

**Thomas Jefferson** Max Lerner, 1996-01-01 Max Lerner studied and assessed many presidents during more than six decades as an author journalist and professor yet Thomas Jefferson received his most sustained attention To Lerner Jefferson came closest in the American context to Plato s philosopher king a thinker and leader Because of his keen sense of Jefferson s virtues and his unique place in United States history Lerner began work on a book about Jefferson in 1957 but other writing assignments and academic responsibilities postponed completion until his final days In this never before published volume Lerner uses the facts of Jefferson s life and work as the springboard to insightful analysis and informed assessment In considering Jefferson Lerner combines biographical information historical background and analytical commentary The result is a primer about Jefferson that not only describes his accomplishments but discusses his problems and failures      **Thomas Jefferson**

Andrew Holowchak, 2017-02-20 In Jefferson s Political Philosophy and the Metaphysics of Utopia M Andrew Holowchak traces the development of Jeffersonian republicanism as a political philosophy though it is today seldom seen as a political philosophy by examining the documents he wrote e g Declaration First Inaugural Address and significant letters and key literature he read That political philosophy fundamentally progressive and people first was driven by a vision of an empire of liberty a global confederation of republican nations in moral and political partnership and peaceful coexistence and was to take root in North America Jefferson s vision influenced his domestic and foreign policies as president and the numerous letters he wrote after his presidency but never took root there or anywhere Was that due to a defect of vision a view of humans capacities and

goodness at odds with reality or were historical forces at play which were antagonistic to the rooting and suckering of Jeffersonian republicanism      **Congressional Record** United States.
