hands in his pockets When brought before the criminal justice system all three men argue that they should be found not guilty the first two use the defense of provocation while the third argues he used his gun in self defense Drawing upon these and similar cases Cynthia Lee shows how two well established traditional criminal law defenses the doctrines of provocation and self defense enable majority culture defendants to justify their acts of violence While the reasonableness requirement inherent in both defenses is designed to allow community input and provide greater flexibility in legal decision making the requirement also allows majority culture defendants to rely on dominant social norms such as masculinity heterosexuality and race i e racial stereotypes to bolster their claims of reasonableness At the same time Lee examines other cases that demonstrate that the reasonableness requirement tends to exclude the perspectives of minorities such as heterosexual women gays and lesbians and persons of color Murder and the Reasonable Man not only shows how largely invisible social norms and beliefs influence the outcomes of certain criminal cases but goes further suggesting three tentative legal reforms to address problems of bias and undue leniency Ultimately Lee cautions that the true solution lies in a change in social attitudes
